Girl Meets God Lauren F. Winner, 2002-09-16 Like most of us Lauren Winner wants something to believe in The child of a reform Jewish father and a lapsed Southern Baptist mother she chose to become an Orthodox Jew But as she faithfully observes the Sabbath rituals and studies Jewish laws she finds herself increasingly drawn to Christianity Taking a courageous step she leaves behind what she loves and converts Now the even harder part How does one reinvent a religious self How does one embrace the new without abandoning the old How does a convert become spiritually whole In GIRL MEETS GOD this appealingly honest young woman takes us through a year in her search for a religious identity Despite her conversion she finds that her world is still shaped by her Jewish experiences Even as she rejoices in the holy days of the Christian calendar she mourns the Jewish rituals she still holds dear Attempting to reconcile the two sides of her religious self Winner applies the lessons of Judaism to the teachings of the New Testament hosts a Christian seder and struggles to fit her Orthodox friends into her new religious life Ultimately she learns that faith takes practice and belief is an ongoing challenge Like Anne Lamott s Winner s journey to Christendom is bumpy but it is the rocky path itself that makes her a perfect guide to exploring spirituality in today s complicated world Her engaging approach to religion in the twenty first century is illuminating thought provoking and most certainly controversial

Oaxaca in Motion Iván Sandoval-Cervantes, 2022-10-11 Migration is typically seen as a transnational phenomenon but it happens within borders too Oaxaca in Motion documents a revealing irony in the latter sort internal migration often is global in character motivated by foreign affairs and international economic integration and it is no less transformative than its cross border analogue Iv n Sandoval Cervantes spent nearly two years observing and interviewing migrants from the rural Oaxacan town of Santa Ana Zegache Many women from the area travel to Mexico City to work as domestics and men are encouraged to join the Mexican military to fight the US instigated war on drugs or else leave their fields to labor in industries serving global supply chains Placing these moves in their historical and cultural context Sandoval Cervantes discovers that migrants experiences dramatically alter their conceptions of gender upsetting their traditional notions of masculinity and femininity And some migrants bring their revised views with them when they return home influencing their families and community of origin Comparing Oaxacans moving within Mexico to those living along the US West Coast Sandoval Cervantes clearly demonstrates the multiplicity of answers to the question Who is a migrant

Margot Finn,2017-04-24 For the past four decades increasing numbers of Americans have started paying greater attention to the food they eat buying organic vegetables drinking fine wines and seeking out exotic cuisines Yet they are often equally passionate about the items they refuse to eat processed foods generic brands high carb meals While they may care deeply about issues like nutrition and sustainable agriculture these discriminating diners also seek to differentiate themselves from the unrefined eater the common person who lives on junk food Discriminating Taste argues that the rise of gourmet ethnic diet and organic foods must be understood in tandem with the ever widening income inequality gap Offering an illuminating historical perspective on our current food trends S Margot Finn draws numerous parallels with the Gilded Age of the late nineteenth century an era infamous for its class divisions when gourmet dinners international cuisines slimming diets and pure foods first became fads Examining a diverse set of cultural touchstones ranging from Ratatouille to The Biggest Loser Finn identifies the key ways that good food has become conflated with high status She also considers how these taste hierarchies serve as a distraction leading middle class professionals to focus on small acts of glamorous and virtuous consumption while ignoring their class s larger economic stagnation A provocative look at the ideology of contemporary food culture Discriminating Taste teaches us to question the maxim that you are what you eat **Bowker's Guide to Characters in Fiction 2007** ,2008-02 **Princeton Alumni Weekly** ,1984 [Air University Library Index to Military Periodicals](#) ,1997
