sep 1 2021 the compressed sensing theory which has received great attention in the field of radar technology can effectively reduce the data rate of high resolution radar imaging systems and solve the problem of collecting storing and transmitting large amounts of data in radar systems through the study of radar signal processing theory it can be found that the echo
recent advances in compressed sensing and its application - Apr 08 2022

compressed sensing compressive sensing compressive sampling or sparse sampling is a signal processing technique for efficiently acquiring and reconstructing a signal by finding solutions to underdetermined linear systems

compressive sensing applied to radar systems an overview signal - Jun 22 2023

oct 22 2015 recently there has been a great interest to consider compressive sensing cs for radar system design cs is a

novel technique which offers the framework for sparse signal detection and estimation for optimized data handling in radars cs enables the achievement of better range doppler resolution in comparison with the traditional techniques

frontiers grand challenges in radar signal processing - Feb 06 2022

mar 5 2021 signal processing for radar systems is a vast and fascinating discipline that covers numerous techniques and touches on several of application areas the history of radar began more than one hundred years ago in 1904 when christian hülsmeyer demonstrated the first experimental radar in cologne germany gri19 the banks of the river rhine at cologne s
