Jesus And The Nonviolent Revolution The Christian Peace Shelf:

Jesus and the Nonviolent Revolution Andre Trocme,1998-12 In this classic work now thoroughly edited and with updated notes Trocme explores the politics of Jesus especially the social implications of his proclamation of the Kingdom of God and the biblical Jubilee and shows the ongoing relevance of his ethic of revolutionary nonviolence **Jesus and the Nonviolent Revolution** André Trocmé,2004 Andr Trocm of Le Chambon is famous for his role in saving thousands of Jews from the Nazis during World War II But his bold deeds did not spring from a void They were rooted in his understanding of Jesus way of nonviolence an understanding that gave him the remarkable insights contained in this long out of print classic In this book you ll encounter a Jesus you may have never met before a Jesus who not only calls for spiritual transformation but for practical changes that answer the most perplexing political economic and social problems of our time Christian Origins and the Ancient Economy David A Fiensy,2014-11-27 What does economics have to do with Christian origins Why study such a connection First of all the New Testament makes many direct references to economic issues But second of all the economy affects every other aspect of life family religion community work health and politics How prosperous was first century Galilee To understand what it was like to live in a society one must understand its economy The study of the economy includes not only the goods and services of the society but also human labor and its control The study must also take into account how fair the economy was to each family Those involved in the quest for the historical Jesus have discovered that the ancient economy is a major point of dispute among various interpreters Was the early Jesus movement a socioeconomic protest Or was it primarily a religious reform These two approaches understand Jesus in remarkably different ways This volume seeks to guide readers through some of the most controversial issues raised in the last twenty years on this important topic *Christ and Caesar* Seyoon Kim,2008-10-07 This title looks at what kind of responses Paul made to the Roman Empire The author subjects the methods of current interpreters to critical scrutiny and discusses what makes an anti imperial interpretation of Pauline writings difficult **Why I Am a Conscientious Objector** John M. Drescher,1982 **Christian Peacemaking & International Conflict** Duane K. Friesen,1986 Duane K Friesen suggests ways Christians can interpret and respond to international conflict He draws on both theological and social scientific literature to suggest that living in a more peaceful world is no utopian dream but a realistic alternative **A Pilgrim People** Gerald W Schlabach,2019-10-28 Recent decades have seen a steady trend in Roman Catholic teaching toward a commitment to active nonviolence that could qualify the church as a peace church As a moral theologian specializing in social ethics Schlabach explores how this trend in Catholic social teaching will need to take shape if Catholics are to follow through Globalization he argues is an invitation to recognize what was always supposed to be true in Catholic ecclesiology Christ gives Christians an identity that crosses borders To become a truly catholic global peace church in which peacemaking is church wide and parish deep Catholics should recognize that they have always properly been a diaspora people with an identity that transcends tribe and nation state

Nonviolence in the World's Religions Jeffery D. Long, Michael G. Long, 2021-09-23 The twenty first century began with the terrorist attacks of September 11 2001 Much has been written and debated on the relationship between faith and violence with acts of terror at the forefront However the twentieth century also gave rise to many successful nonviolent protest movements Nonviolence in the World's Religions introduces the reader to the complex relationship between religion and nonviolence Each of the essays delves into the contemporary and historical expressions of the world's major religious traditions in relation to nonviolence Contributors explore the literary and theological foundations of a tradition's justification of nonviolence the ways that nonviolence has come to expression in its beliefs symbols rituals and other practices and the evidence of nonviolence in its historic and present responses to conflict and warfare The meanings of both religion and nonviolence are explored through engagement with nonviolence in Hindu Buddhist Chinese Sikh Jewish Christian Islamic Jain and Pacific Island religious traditions This is the ideal introduction to the relationship between religion and violence for undergraduate students as well as for those in related fields such as religious studies peace and conflict studies area studies sociology political science and history

Christian Living, 1974 **Biblical Ethics and Social Change** Stephen Mott, 2011-03-23 For the past thirty years Biblical Ethics and Social Change has provided a keenly insightful biblical argument for intentional institutional change on behalf of social justice Stephen Charles Mott shows how central concepts in biblical and theological ethics grace evil love justice and the Reign of God figure into social change arguing that Christian social change must be rooted not only in justice but in the grace received through the death and resurrection of Christ Mott also uses ethics scripture and theology to evaluate methods for carrying out that intentional social change through examination of the complex roles of evangelism countercommunity civil disobedience armed revolution and political reform He argues that change can only be brought about by taking upon oneself the cause of the oppressed and by using all available and legitimate means of meeting basic needs by providing for all what is essential for inclusion in society This revised second edition contains Mott's further reflections on the topic and updates its applications to contemporary social life

Book jacket **Yahweh Is A Warrior** Millard Lind, 1980-11-08 Millard C Lind's classic study of warfare in ancient Israel Israel saw God alone as delivering his people without the need of human warriors *Religious Books and Serials in Print*, 1982 *Quaker Life*, 1998 **Library of Congress Catalogs** Library of Congress, 1976 **Nevertheless** John Howard Yoder, 1971 **Monographic Series** Library of Congress, **John Howard Yoder** Earl Zimmerman, Zachary J. Walton, Gerald J. Mast, Ted Grimsrud, 2014-11-11 This book argues that for John Howard Yoder both theology in particular Christology and ethics are expressions of the meaning of the narrative of Jesus All such statements are relative to a particular context which means that theology and ethics are always subject to reaching back to the narrative in order to restate the meaning in new and ever changing contexts This methodology is visible in Yoder's Preface to Theology which has been little used in most treatments of Yoder's thought Yoder has been characterized as standing on Nicene orthodoxy criticized for

rejecting Nicene orthodoxy called heterodox and designated a postmodern thinker to be interpreted in terms of other such thinkers None of these characterizations adequately locates the basis of his methodology in the narrative of Jesus Thus John Howard Yoder *Radical Theologian* aims to go beyond or to supersede existing treatments with its demonstration that Yoder is a radical theologian in the historical meaning of radical that is as one who returns to the root For Christian faith this root is Jesus Christ Parts II and III of the book explore the sources of Yoder's approach and its application in several contemporary contexts Books in Print Supplement ,1994 **The Publishers' Trade List Annual** ,1985 **Peace News for Nonviolent Revolution** ,1985
