Jesus Christ Liberator A Critical Christology For Our Time:

Jesus Christ liberator: a critical Christology for our time Leonardo Boff,1978 Jesus Christ Liberator Leonardo Boff,1978 **Jesus Christ Liberator** Leonardo Boff,1984 Jesus Christ liberator (Jesus Cristo libertador, engl.) A critical christology for our time Leonardo Boff,1978 *Developing Animal Theology* Clair Linzey,2021-10-27 This book offers an up to date examination of the nature and development of animal theology It considers what animal theology is and how it challenges and is challenged by liberation and ecological theology At the heart of the work is a critical engagement with the Brazilian ecotheologian Leonardo Boff Clair Linzey addresses ideas that originate from the papal encyclical *Laudato Si* and considers how Pope Francis is developing an animal friendly tradition within Catholicism Exploring new vistas in animal theology this volume makes a valuable contribution to debates on how religion should be concerned with animals and the environment This book is essential reading for anyone who wants to know the current state of debate with animal theology and its effects on the wider Christian community *Beyond Monotheism* Laurel Schneider,2007-11-13 *Beyond Monotheism* is an absorbing and lyrical exploration of the possibility of a new living theology of multiplicity that is grounded in fluidity change and incarnation **The Perilous Sayings** Amos Winarto Oei,2017-04-30 Dr Amos Winarto Oei brings fresh clarity and understanding of the antitheses of Jesus from the Sermon on the Mount Providing a thorough evaluation of key historical and contemporary interpretations of Matthew 5 21 48 from notable theologians Oei illustrates the unity surrounding the teachings of Jesus even among disparate denominational traditions Dr Oei also addresses whether the ethics Jesus set out in the antitheses are for Christians only or whether they are demands for all individuals and also the state This book is the product of extensive theological research and sound exegesis and presents a clear argument of the universal nature and individual scope of the ethics and morality of the most famous sermon ever preached **Luther and Liberation** Walter Altmann,2016-02-01 With the approach of the 500th anniversary of Martin Luther's inauguration of the Protestant Reformation and the burgeoning dialogue between Catholics and Lutherans opened under Pope Francis this new edition of Walter Altmann's *Luther and Liberation* is timely and relevant *Luther and Liberation* recovers the liberating and revolutionary impact of Luther's theology read afresh from the perspective of the Latin American context Altmann provides a much needed reassessment of Luther's significance today through a direct engagement of Luther's historical situation with an eye keenly situated on the deeply contextual situation of the contemporary reader giving a localized reading from the author's own experience in Latin America The work examines with fresh vigor Luther's central theological commitments such as his doctrine of God Christology justification hermeneutics and ecclesiology and his forays into economics politics education violence and war This new edition greatly expands the original text with fresh scholarship and updated sources footnotes and bibliography and contains several additional new chapters on Luther's doctrine of God theology of the sacraments his controversial perspective on the Jews and a new comparative account with the Latin American liberation

theology tradition **Re-visioning the Church** Neil Ormerod, 2014 According to longstanding tradition theology can be thought of as faith seeking understanding Ecclesiology then seeks to understand the theological reality we call church Re Visioning the Church the outcome of nearly two decades of research and writing towards constructing a systematic historical ecclesiology applies a social scientific and historical outlook to the story of the emergence development and ongoing mission and ministry of the church Establishing a critical framework for understanding the structures of the church the work is a wide scale exploration of the religious cultural and social dimensions of what it means to be the church and what structures and ministries form the fundamental parts of ecclesial life in its relationship to the kingdom The heart of the project is a detailed account of the history development and change across the centuries of the church that takes the story from the apostolic band of witnesses to the dramatic global event of the Second Vatican Council **A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease **Put Away Your Sword** Michael L. Budde, 2024-03-11 What does it mean to follow the Prince of Peace in a world plagued by war violence and killing Can the foundational convictions of Christianity and the experiences of Christians around the world contribute to a more adequate practice of the faith in contemporary times on matters of war violence and peacemaking This volume addresses these important questions with contributions from Christian scholars and practitioners from across the Majority World including El Salvador Brazil Kenya and the Philippines and from the United States and Europe They include proponents of Christian pacifism and just war theory advocates for varieties of just peacemaking frameworks and people pursuing slow modest steps toward reconciling enemies without the use of overarching theoretical frameworks What holds them together is a sense that the world and the church would benefit from a robust and gospel based commitment to nonviolence as an alternative to lethal business as usual in addressing conflicts great and small The topics they consider include constructive aspects of a

Christian theology of nonviolence case studies of gospel nonviolence and pastoral work from violent conflicts around the world women as victims of violence and makers of peace and theopolitical questions of just war armed intervention and Christian nonviolence Emerging Voices in Global Christian Theology William Dyrness,2003-12-30 There are some new voices emerging in Christian theological conversation these days They do not speak with American or Western European accents but reflect their settings in Africa Asia and Latin America Since they come from many places the theological questions they ask are not ones we are used to in the West They are as likely to speak of ancestor worship or political oppression as they are of church growth or evangelism One thing is clear we cannot listen to their cries of hope or despair without being deeply moved This book gives an opportunity to listen in to important conversations going on in different parts of the world These Christian theologians do not respond to a common set of questions but are setting their own agendas of theological discussion With some general introductory comments these pieces are meant to stimulate an appetite for further exploration There seems little doubt that the major voices in theology in the next generation will share these non western accents **World Cinema, Theology, and the Human** Antonio Sison,2012-05-04 Forging an open minded but reasoned dialogue between nine acclaimed titles of world cinema and a range of theological perspectives that touch on the theme of human experience World Cinema Theology and the Human offers fresh portals of insight for the interdisciplinary area of Theology and Film In Sison s approach it is the cinematic representation of vivid humanity not necessarily propositional statements about God and religion that lays down a bridge to a conversation with theology Thus the book s project is to look for the divine presence written not on tablets of stone but on tablets of human hearts depicted on screen by way of audiovisual language Seeking to redress the interdiscipline s narrow predilection for Hollywood blockbusters the book casts its net wider to include a culturally diverse selection of case studies from festival gems such as Singapore s Be With Me and South Africa s Yesterday to widely acclaimed sleeper hits such as Britain s Slumdog Millionaire and New Zealand s Whale Rider The book will appeal to scholars of theology and religious cultural studies interested in the Theology Religion Film interface and because of its commitment to an examination of film qua film a crossover readership from film studies

Catholic Moral Theology and Social Ethics Christina Astorga,2013-12-01 Proposing a new method for moral theology Christina Astorga seeks to recast our understanding of the discipline by drawing from the faith vision of the entire theological enterprise including scripture dogmatic theology social ethics and spirituality Post-Truth Raúl Linares-Peralta,Juan Antonio Nicolás,2024-07-29 In an era where misinformation proliferates across various channels this collection of essays emerges as a vital resource for understanding and addressing this complex phenomenon Stemming from the International Congress of Post truth held in Granada this anthology features contributions from scholars and practitioners spanning communication politics technology philosophy history law and education Through interdisciplinary dialogue the collection navigates the intricacies of post truth exploring its sociocultural technological and epistemological

dimensions With chapters organized into distinct sections readers delve into the intersections and differences between a wide range of disciplines Assembled with expertise and rigor this anthology provides insights into the challenges of our post truth age and underscores the importance of collaborative efforts in promoting truth oriented discourse Aimed at researchers policymakers educators and media professionals this volume serves as a cornerstone for ongoing dialogue and action in confronting the complexities of post truth in today s society **A Modern Introduction to Theology** Philip

Kennedy,2009-09-22 Philip Kennedy here offers the first book that any student with or without religious convictions can profitably use to get quickly to grips with the essentials of the Christian religion its history and its key thinkers its successes and its failures Most existing undergraduate textbooks of theology begin from essentially traditional positions on the Bible doctrine authority interpretation and God What makes Philip Kennedy s book both singularly important and uniquely different is that it has a completely new starting point The author contends that traditional Christian theology must extensively overhaul many of its theses because of a multitude of modern social historical and intellectual revolutions Offering a grand historical sweep of the genesis of the modern age and writing with panache and a magisterial grasp of the relevant debates conflicts and controversies A Modern Introduction to Theology moves a tired and increasingly incoherent discipline in genuinely fresh and exciting directions and will be welcomed by students and readers of the subject *The Wrath of God Satisfied?* Tom Stuckey,2012-08-22 What do Robben Island Colonel Gadaffi the earthquake in Haiti the riots in London credit crunch child abuse and the death of Christ have in common They are all linked by the common thread of violence Tom Stuckey reexamines the traditional theories of atonement which he argues are contextual and utilitarian as he searches for meaning and hope in these contemporary events In *The Wrath of God Satisfied* Tom Stuckey argues that because we live in a violent world we should not dismiss the idea of the wrath of God or the disturbing metaphors of blood debt satisfaction and sacrifice While not subscribing to the theory of penal substitution he does not dismiss it Within a dynamic interpretation of the Trinity the author draws on the insights of Athanasius Anselm Abelard Luther Calvin Julian Girard Augustine Barth and contemporary theologians to show how divine wrath being satisfied poses the question of God in its most acute form Stuckey sees God s wrath as a necessary shadow cast by the powerful light of hope and argues that wrath cannot be dismissed if justice is to be restored *A Grammar of Justice* J. Matthew Ashley, Kevin F. Burke, S.J., Rodolfo

Cardenal, S.J. ,2014-09-11 **The Bible in Theology and Preaching** Donald K. McKim,1999-05-05 *Catholic Dogmatic Theology* Jean-Herve Nicolas,2023-01-17 This volume discusses the nature of theological science and the mystery of the Triune God introduces the reader to classical Thomistic positions concerning the theological articulation of the Trinitarian mystery including the topic of the divine missions providing an important connection between the dogmatic portion of theology and its spiritual moral concerns
