Apostles of Reason Molly Worthen, 2014 In Apostles of Reason Molly Worthen offers a sweeping history of modern American evangelicalism Traditionally evangelicalism has been seen as a cohesive indeed almost monolithic religious movement Sometimes religion drops out of the picture and evangelicalism is treated strictly as a political force Worthen argues that these views are false Evangelicalism is rather a community of believers preoccupied by three elemental concerns how to reconcile faith and reason how to know Jesus and how to bring faith to a secularized public square In combination under the pressures of modernity and in the absence of a guiding authority capable of resolving uncertainties and disagreements these debates have shaped evangelicals into a distinctive spiritual community

neighbors and colleagues *A Flexible Faith* Bonnie Kristian, 2018-05-15 BONNIE KRISTIAN shows that a vibrant diversity within Christian orthodoxy which is simply to say a range of different ways to faithfully follow Jesus is a strength of our faith not a weakness It is all too easy to fail to grasp the diversity of the Christian faith especially for those who have grown up in one branch of the church and never explored another We fail to realize how many ways there are to follow Jesus convinced that our own tradition is the one Christian alternative to nonbelief A FLEXIBLE FAITH is written for the convinced and confused believer alike It is a readable exploration of the lively theological diversity that stretches back through church history and across the spectrum of Christianity today It is an easy introduction to how Christians have historically answered key questions about what it means to follow Jesus Chapters will include 17 big theological questions and answers profiles of relevant figures in church history discussion questions single page Q and a guide to major Christian denominations today As Bonnie shares her wrestlings with core issues such as who Jesus is what place the Church has in our lives how to disagree yet remain within a community and how to love the Bible for what it actually is she teaches us how to walk courageously through our own tough questions Following Jesus is big and it is something that individual believers movements and denominations have expressed in uncountably different ways over the centuries In the process of helping us sort things out Bonnie shows us how to be comfortable with diversity in the Body And as we learn to hold questions in one hand and answers in the other we will discover new depths of faith that will remain secure even through the storms of life *The Other Journal: Marxism* The Other Journal, 2013-10-01 The literary critic and Marxist philosopher Fredric Jameson has said It is easier to imagine the end of the world than to imagine the end of capitalism The military social and political effects of capitalism are felt everywhere across the planet and even as we acknowledge the negative effects the imbalances of power the imperialist exploitations the social alienation we are captivated by its message of self sufficiency and success In this issue The Other Journal examines the potentially surprising intersections of Marxism with Christianity the ways in which this nexus of thinking and faith may help us contend with and recognize the powers of the market The issue features essays and reviews by Daniel Colucciello Barber Luke Bretherton Kevein Hargaden Paul Dafydd Jones D L Mayfield W Travis McMaken Christina McRorie Thomas J Millay Silas Morgan and David Schmidt an interview by Timothy McGee with Joerg Rieger fiction by Alex McCauley creative nonfiction by Jonathan Hiskes poetry by Brett Foster Elizabeth Myhr and Hannah Faith Notess and art by Steve Bakker and Benjamin Violet **The 6 Marks of Progressive Christian Worship Music** Bryan J. Sirchio, 2012-08-30 Something about the lyrics of many of the hit contemporary Christian worship songs is at best problematic for many clergy persons in mainline denominations Sometimes the songs are downright offensive theologically to the pastor Often the problem is rooted in a theological nuance or doctrine that the pastor does not embrace Sometimes these contemporary worship songs use too many Christian buzz words or clichés or phrases that the pastor deliberately avoids in every other aspect of the liturgy Often the problem is that the new songs show no sensitivity at all to things like inclusive language or the theological challenges of

doctrines like penal substitutionary atonement Sometimes the pastors feel that most of these new songs lack substance that they're too sugary too individualistic and too other worldly Sometimes there's an emotional tone to this contemporary worship music that might work well in another kind of church but which just doesn't feel authentic in a traditional or mainline congregation Now I would imagine that at least some of you began to glaze over a bit as you attempted to read those last few paragraphs Or maybe you didn't fully understand some of the terms I just used If so don't worry that's why I wrote this book If you have no idea what things like penal substitutionary atonement or inclusive language are about this book will help you understand what these terms mean and why it's important to your pastors for you to know your way around these issues and concepts a bit as you seek new songs to bring into the worship life of your congregation And I promise I'll do my best to use down to earth language that you'll be able to easily understand without a seminary education

The Uncomfortable Pew Bruce Douville, 2021-05-20 In *The Uncomfortable Pew* Bruce Douville explores the relationship between Christianity and the New Left in English Canada from 1959 to 1975 Focusing primarily on Toronto he examines the impact that left wing student radicalism had on Canada's largest Christian denominations and the role that Christianity played in shaping Canada's New Left Based on extensive archival research and oral interviews this study reconstructs the social and intellectual worlds of young radicals who saw themselves as part of both the church and the revolution Douville looks at major communities of faith and action including the Student Christian Movement Kairos and the Latin American Working

Group and explains what made these and other groups effective incubators for left wing student activism He also sheds light on Canada's Roman Catholic Anglican and United churches and the ways that progressive older Christians engaged with radical youth and the issues that concerned them including the Vietnam War anti imperialism around the globe women's liberation and gay liberation Challenging the idea that the New Left was atheistic and secular The Uncomfortable Pew reveals that many young activists began their careers in student Christian organizations and these religious and social movements deeply influenced each other While the era was one of crisis and decline for leading Canadian churches Douville shows how Christianity retained an important measure of influence during a period of radical social change

Christology and Whiteness George Yancy, 2012 This book explores Christology through the lens of whiteness addressing whiteness as a site of privilege and power within the specific context of Christology It asks whether or not Jesus' life and work offers theological religious and ethical resources that can address the question of contemporary forms of white privilege The text seeks to encourage ways of thinking about whiteness theologically through the mission of Jesus In this sense white Christians are encouraged to reflect on how their whiteness is a site of tension in relation to their theological and religious framework A distinguished team of contributors explore key topics including the Christology of domination different images of Jesus and the question of identification with Jesus and the Black Jesus in the inner city
