## **Jesus Is Not A Republican The Religious Rights War On America:**

**Jesus Made in America** Stephen J. Nichols, 2010 Jesus is as American as baseball and apple pie But how this came to be is a complex story one that Stephen Nichols tells with care and ease Beginning with the Puritans he leads readers through the various cultural epochs of American history showing at each stage how American notions of Jesus were shaped by the cultural sensibilities of the

**The 10 Big Lies About America** Michael Medved, 2009-10-13 It ain't so much the things we don't know that get us into trouble nineteenth century humorist Josh Billings remarked It's the things we know that just ain't so In this bold New York Times bestseller acclaimed author and talk radio host Michael Medved zeroes in on ten of the biggest fallacies that millions of Americans believe about our country in spite of incontrovertible evidence to the contrary The Big Lies exposed and dissected include America was founded on genocide against Native Americans The United States is uniquely guilty for the crime of slavery and built its wealth on stolen African labor Aggressive governmental programs offer the only remedy for economic downturns and poverty The Founders intended a secular not Christian nation Each of the ten lies is a grotesque propagandistic misrepresentation of the historical record Medved's witty well documented rebuttal supplies the ammunition necessary to fire back the next time somebody tries to recycle destructive distortions about our nation

*No Christian Man Is an Island* Dex Bahr, 2010-06 The sun is setting in America and darkness is falling Our nation needs knights Truth is under assault in America causing her to weaken from within In NO CHRISTIAN MAN IS AN ISLAND Dex Bahr argues that at no time in our history is it more crucial for Christian men to have the courage to be knights in defense of God country and family Bahr illuminates readers to the hostile spiritual and ideological forces that have hijacked faith education politics and media and why they must be defeated Praise for NO CHRISTIAN MAN IS AN ISLAND I highly recommend this book for the author's passion and heartfelt desire for the Christian man to not be passive but to be actively involved in his Christian life We are living in a world of decay and though we will not be able to stop it from its downward spiral we have the chance to slow down its course and we begin with a good comprehension and knowledge of our situation NO CHRISTIAN MAN IS AN ISLAND thoughtfully addresses these issues and clearly challenges us to a passionate pursuit of God The opportunity to be a hero of God is out there just go and do it The world has yet to see what God could do to a fully surrendered man By Henry Varley friend of D L Moody Jofri Frigillana M Div Th M Talbot Theological Seminary Good Shepherd Baptist Church Anaheim CA Dex Bahr is a freelance writer A former broadcast news reporter Mr Bahr has worked in major markets including KJEO TV in Fresno California and OCN in Santa Ana California Mr Bahr has been a Christian since 1980 and has served the Lord as a lay speaker and small group leader He is married with two children

**In Defense of the Religious Right** Patrick Hynes, 2006-07-04 Political consultant and commentator Patrick Hynes dispels common stereotypes and misapprehensions about the most powerful political constituency in the country while undertaking the most exhaustive effort yet to define what the Religious Right is what its members believe and why they are right

**Jesus Is Not**

**a Republican** Clint Willis, 2005-10-06 The historical Jesus by most accounts was in favor of social justice peace and compassion Right wing radicals including the social conservatives allied with the Republican Party exploit the name of Jesus to support policies that lead to injustice war and cruelty Jesus Is Not a Republican includes several dozen essays and articles including several original essays by some of today's most thoughtful spiritual and political thinkers Rob Boston of Americans United for the Separation of Church and State uncovers the hypocrisy of the Christian Right Reporter Jeffrey Sharlet goes undercover as a true believer in the Family a shadowy politically well connected group of fundamentalists with dubious motives Jim Wallis founder of Sojourners explains the Bible's call to work for social justice Together they make the case that the religious right has strayed far from a truly Christian path and reviews the achievements of progressive Christians who actually try to follow the teachings of Jesus The upshot is that a true follower of Jesus is far more likely to vote for a liberal Democrat than for a conservative Republican     Social Justice Goes To Church: The New Left in Modern American Evangelicalism Jon Harris, 2020-10-06 The infusion of social justice into the gospel may well be the most dangerous problem facing the church today Yet it is going unnoticed in far too many circles Social Justice Goes to Church can serve as a wake up call Samuel C Smith Ph D Chair and Graduate Program Director Department of History Liberty University In order to understand why so many evangelicals recently support left leaning political causes it is important to know a little history In the 1970s many campus radicals raised in Christian homes brought neo Marxist ideas from college back to church with them At first figures like Jim Wallis Ron Sider and Richard Mouw made great gains for their progressive evangelical cause But after the defeat of Jimmy Carter the religious right stole the headlines Today a new crop of mainstream evangelicals has taken up the cause of the New Left whether they know it or not As pro life evangelicals rush to support movements like BlackLivesMatter and MeToo it is important to realize they are walking in footprints already laid down Their mission may be more successful but it is not new To understand where the evangelical social justice movement is heading it is vital to understand the origins of the movement Social Justice Goes to Church The New Left in Modern American Evangelicalism answers from a historical perspective the vital question Why are American evangelicals moving Left The great injunction to the Church was to preach the Gospel to the world while not being of the world Social justice neatly reverses this trend preaching the ways of the world into the church That is not its only critical reversal The Gospel is about freedom from guilt and sin and bondage Social justice seeks above all to apportion guilt and sin and bondage enslaving entire demographics and requiring that they kneel before man in attrition How important that a book of this nature should enter the fray right now I applaud Mr Harris for his excellent work in providing the practical means of identifying and repelling this fraudulent force this ideological interloper this dangerous false teaching Douglas Kruger Author of Political Correctness Does More Harm Than Good How to Identify Debunk and Dismantle Dangerous Ideas     *Onward, Christian Soldiers Deal W.* Hudson, 2008-03-11 Like a mighty army moves the church of God Brothers we are treading where the saints have trod We are

not divided all one body we One in hope and doctrine one in charity From the nineteenth century hymn Onward Christian Soldiers What keeps America a country of religious practice and traditional values How has the U S avoided succumbing to total secularism The answer to these provocative questions is found in the religious communities of America today In the past thirty years the religiously active voter has migrated to the Republican Party and the story behind this shift evidenced in the emergence of Evangelical dominance over mainstream Protestantism and the defeat of liberal Catholicism is at the heart of this fascinating cultural history In Onward Christian Soldiers the Washington insider who was at the vanguard of the sea change in religious and political history that propelled George W Bush into the White House offers an intimate perspective on those remarkable years and their influence over the ones to come Deal W Hudson analyzes how steadily overcoming age old misjudgments and misunderstandings that separated them conservative Catholics and Evangelical Christians drew together because of what they viewed as profound assaults on shared core beliefs They became allies to battle the forces of secularization relativism and atheism And together they forged a grassroots movement across America that astonished political activists and surprised commentators as well as members of traditional religious organizations How exactly was this coalition achieved and who were its movers and shakers What enabled them to deepen enrich and activate the resurgence of traditional values in society to make America radically different from the secularized Europe that was so widely believed to be on the verge of becoming the model for the United States Deal W Hudson details this phenomenon by examining the leading figures and institutions on both sides of the debate exposing the dramatic encounters between those espousing fundamental Judeo Christian beliefs and those heralding the death of God and the new age of secular humanism Dealing with today's hot button issues Onward Christian Soldiers provides an unprecedented look at the confrontation of the religious right with secularists in America a confrontation that is not only timely but also timeless in its impact Liberty Means Freedom for All Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and

challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved The Hammer of God Stephen Andrew Missick,2010-07 According to the Gospel of John Jesus Christ celebrated the Festival of Hanukkah John 10 22 Hanukkah celebrates the heroic exploits of Judas Maccabeus and his battle for religious freedom These events occurred during the four hundred silent years between the Old and New Testaments The Seleucid Greeks that ruled over the Jewish people made observing Judaism a capital offense and ordered all copies of the Bible to be collected and burned In the year 167 Before Christ Judas Maccabaeus led the Jewish people into battle to preserve the Holy Bible and to establish religious liberty Judas was called Maccabeus which means the Hammer in Aramaic Centuries later in the year 732 A D Charles Martel known as Charles the Hammer fought to defend the religious liberties of the Christians and Jews in Europe when an army of Islamic terrorists threatened to eradicate Christianity in France In The Hammer of God learn about the history of the battle for religious freedom a battle that continues today Reverend Stephen Andrew Missick is the author The Words of Jesus in the Original Aramaic Discovering the Semitic Roots of Christianity and Christ the Man He is an ordained minister of the gospel He graduated from Sam Houston State University and Southwestern Baptist Theological Seminary Rev Missick has traveled extensively throughout the Middle East and has lived among the Coptic Christians in Egypt and Aramaic Christians in Syria He served as a soldier in Operation Iraqi Freedom in 2003 and 2004 and as a chaplain in the Army National Guard in Baghdad in 2009 and 2010 While serving as a soldier in Iraq he learned Aramaic from native Aramaic speaking Assyrian Christians Rev Missick is the writer and illustrator of the comic book series The Hammer of God which dramatizes the story of Judah Maccabeus and Charles Martel *Pat Robertson* David John Marley,2007 A portrait of the 700 Club host and co founder of the Christian Coalition considers his role as a reviled figure in the secular world and a formidable role model among Christian fundamentalists in a profile that lauds his achievements while questioning some of his decisions **God on Trial** Peter Irons,2007-05-17 An insightful and dramatic account of religious conflicts that keep America divided from the acclaimed author of A People's History of the Supreme Court As the United States has become increasingly conservative both politically and socially in recent years the fight between the religious right and those advocating for the separation of church and state has only intensified As he did in A People's History of the Supreme Court award winning author and legal expert Peter Irons combines an approachable journalistic narrative style with intimate first person accounts from both sides of the conflict Set against the backdrop of American history politics and law God on Trial relates the stories of six recent cases in communities that have become battlefields in America's growing religious wars

Toulouse,2006-01-01 In this important study Mark Toulouse maps the ambiguous landscape between American Christianity and American public life Built on an extensive study of religious periodical literature since the mid 1950s and on an analysis of landmark events in American history Toulouse develops an insightful typology for understanding how Americans have related their Christian faith to public life For Toulouse the relationship between American Christianity and American public life exists in four styles of interaction iconic faith priestly faith the public Christian and the public church with each model appearing in various forms across the terrain of American history Carefully examined and accessibly written this study is sure to generate discussion and bring clarity to the many ambiguities and diversities that continue to mark American Christianity      **Sword of the Spirit, Shield of Faith** Andrew Preston,2012-02-28 A first major work of history on a crucial but under examined topic *Sword of the Spirit Shield of Faith* explores the role of religion in American foreign policy From the first colonists to the presidents of the 21st Century Andrew Preston s unparalleled study show us how religion has always shaped America s relationships with other nations and what to expect in the future During the presidency of George W Bush many Americans and others around the world viewed the entrance of religion into foreign policy discourse especially with

regard to the wars in Iraq and Afghanistan as a new development But despite the official division between church and state the presence of religion in American foreign policy has been a constant since before the Founding Fathers Yet aside from leaders known to be personally religious such as Bush Jimmy Carter and Woodrow Wilson few realize how central faith has always been to American governance and diplomacy and indeed to the idea of America itself In *Sword of the Spirit Shield of Faith* Andrew Preston starts at the beginning and with revelatory findings shows us how and why **The Real War on**

**Terror** Derek Kobilus,Jonathan Priebe,2007-06-15 Do you ever find yourself confused about the war and violence that pervade our post 9 11 world On the one hand the Bible and Christ speak of loving enemies and self sacrifice On the other hand the world around us teaches and most Christians seem to simply accept that violence is necessary in a world wrecked with sin Are Christians a people of peace Does that peace have to be won through war Should we fight for our convictions Or die for them Jonathan and Derek invite you to come along with them as they explore the biblical teachings on war and violence and attempt to construct a solidly biblical and uniquely Christian view of war and violence A Faith of Our Own

Jonathan Merritt,2012-05-08 Every day major headlines tell the story of how Christianity is attempting to influence American culture and politics But statistics show that young Americans are disenchanted with a faith that has become culturally antagonistic and too closely aligned with partisan politics In this personal yet practical work Jonathan Merritt uncovers the changing face of American Christianity by uniquely examining the coming of age of a new generation of Christians Jonathan Merritt illuminates the spiritual ethos of this new generation of believers who engage the world with Christ centered faith but an un polarized political perspective Through personal stories and biblically rooted commentary this scion of a leading evangelical family takes a close thoughtful look at the changing religious and political environment addressing such divisive issues as abortion gay marriage environmental use and care race war poverty and the imbalance of world wealth Through Scripture the examples of Jesus and personal defining faith experiences he distills the essential truths at the core of a Christian faith that is now just coming of age **The Cold War at Home and Abroad** Andrew L. Johns,Mitchell B.

Lerner,2018-08-10 From President Truman s use of a domestic propaganda agency to Ronald Reagan s handling of the Soviet Union during his 1984 reelection campaign the American political system has consistently exerted a profound effect on the country s foreign policies Americans may cling to the belief that politics stops at the water s edge but the reality is that parochial political interests often play a critical role in shaping the nation s interactions with the outside world In *The Cold War at Home and Abroad Domestic Politics and US Foreign Policy since 1945* editors Andrew L Johns and Mitchell B Lerner bring together eleven essays that reflect the growing methodological diversity that has transformed the field of diplomatic history over the past twenty years The contributors examine a spectrum of diverse domestic factors ranging from traditional issues like elections and Congressional influence to less frequently studied factors like the role of religion and regionalism and trace their influence on the history of US foreign relations since 1945 In doing so they highlight influences and ideas that

expand our understanding of the history of American foreign relations and provide guidance and direction for both contemporary observers and those who shape the United States role in the world This expansive volume contains many lessons for politicians policy makers and engaged citizens as they struggle to implement a cohesive international strategy in the face of hyper partisanship at home and uncertainty abroad
