Miracles and the Kingdom of God Myrick C. Shinall Jr., 2018-03-28 In the last decade or so scholarship on the miracles of Jesus has shifted from reconstructions of the historical Jesus to the questions of why and to what end early Jesus followers told stories about miracles Myrick Shinall contends that Mark and Q contain two distinct ways of remembering Jesus's miracles in relation to his proclamation of the kingdom of God He compares three cases of Mark Q overlaps which feature miracles the Beelzebul controversy the commissioning of the disciples and the testing or temptation narratives and finds that in Mark the miracles and the kingdom of God both point to Jesus identity as a divine figure whereas in Q Jesus and the miracles point instead to the coming kingdom of God Shinall further argues that these different views represent different strategies for creating group identities for Jesus followers strategies that came into conflict as the movement's identity coalesced At length he shows that the mix of high and low Christology in the Synoptic tradition requires reframing of the current debate over how early a high Christology developed in the nascent Jesus movement

Kingdom Triangle J. P. Moreland, 2009-07-13 J. P. Moreland Christian philosopher theologian and apologist issues a call to recapture the drama and power of kingdom living to cultivate a revolution of Evangelical life spirituality thought and Spirit-led power Drawing insights from the early church he unpacks three essential ingredients of this revolution Recovery of the Christian mind Renovation of Christian spirituality Restoration of the power of the Holy Spirit Western society is in crisis the result of our culture's embrace of naturalism and postmodernism and a biblical worldview has been pushed to the margins Christians have been strongly influenced by these trends with the result that their personal lives often reflect the surrounding culture more than the way of Christ and the church's transforming influence on society has waned as a result *Kingdom Triangle* is divided into two major sections The first examines and provides a critique of secular worldviews and shows how they have ushered in the current societal crisis The second lays out a strategy for the Christian community to regain the potency of kingdom life and influence in the world Moreland believes that evangelical Christianity can mature and lead the surrounding society out of the meaningless morass it finds itself in with humility and vision With clear insight he puts the thoughtful Christian in a position to understand our current cultural struggle and to return to a responsible presentation of the way of Christ as not just a way of right living but also a way of knowledge and meaningful life

the Third Quest c 1980 2010 the study charts a path toward a quested christology positioned between categorical rejection and uncritical acceptance of historical results on Jesus Volume 1 Method analyzes the methods and values of historical research on Jesus and identifies the retrojective activity of value production when historians in conversation with historical sources invent images of Jesus Volume 2 Christological Recommendations gathers potential contributions of Jesus research for revisionist theology according to the cataphatic apophatic and eminent pattern of classical theology By attending to the limits and opportunities afforded by historical research both negative and positive the argument retrieves for theology the complex way that historians shape same and different association and dissociation in the production of their Jesuses Then it analyzes how values shape Jesuses in a pervasive Narcissus project to invent a self and a community through imaging Jesus Proposing that the disciplined invention of Jesuses is highly useful for theology the book ends with recommendations for a quested christology
