Patience—A Theological Exploration Paul Dafydd Jones, 2022-11-17 What does it mean to exercise patience What does it mean to endure to wait and to persevere and on other occasions to reject patience in favor of resistance haste and disruptive action And what might it mean to describe God as patient Might patience play a leading role in a Christian account of God's creative work God's relationship to ancient Israel God's governance of history and God's saving activity The first instalment of *Patience A Theological Exploration* engages these questions in searching imaginative and sometimes surprising ways Following reflections on the biblical witness and the nature of constructive theological inquiry its interpretative chapters engage landmark works by a number of ancient medieval modern and contemporary authors disclosing both the promise and peril of talk about patience Patience stands at the center of this innovative account of God's creative work God's relationship with ancient Israel creaturely sin scripture and God's broader providential and salvific purposes

The Oxford Handbook of the Jesuits Ines G. Županov, 2019 Through its missionary pedagogical and scientific accomplishments the Society of Jesus known as the Jesuits became one of the first institutions with a truly global reach in practice and intention The *Oxford Handbook of the Jesuits* offers a critical assessment of the Order helping to chart new directions for research at a time when there is renewed interest in Jesuit studies In particular the Handbook examines their resilient dynamism and innovative spirit grounded in Catholic theology and Christian spirituality but also profoundly rooted in society and cultural institutions It also explores Jesuit contributions to education the arts politics and theology among others The volume is organized in seven major sections totaling forty articles on the Order's foundation and administration the theological underpinnings of its activities the Jesuit involvement with secular culture missiology the Order's contributions to the arts and sciences the suppression the Order endured in the 18th century and finally the restoration The volume also looks at the way the Jesuit Order is changing including becoming more non European and ethnically diverse with its members increasingly interested in engaging society in addition to traditional pastoral duties

An Augustinian Christology Joseph Walker-Lenow, 2023-11 In *An Augustinian Christology Completing Christ* Joseph Walker Lenow advances a striking christological thesis Jesus Christ true God and true human only becomes who he is through his relations to the world around him To understand both his person and work it is necessary to see him as receptive to and determined by the people he meets the environments he inhabits even those people who come to worship him Christ and the redemption he brings cannot be understood apart from these factors for it is through the existence and agency of the created world that he redeems To pursue these claims Walker Lenow draws on an

underappreciated resource in the history of Christian thought St Augustine of Hippo s theology of the whole Christ Presenting Augustine s christology across the full range of his writings Joseph Walker Lenow recovers a christocentric Augustine with the potential to transform our understandings of the Church and its mission in our world *Understanding Catholicism* Monika Hellwig,2002 In an edition completely updated for the new millennium this is a concise summary overview of the great doctrines of the Catholic faith **Put Away Your Sword** Michael L. Budde,2024-03-11 What does it mean to follow the Prince of Peace in a world plagued by war violence and killing Can the foundational convictions of Christianity and the experiences of Christians around the world contribute to a more adequate practice of the faith in contemporary times on matters of war violence and peacemaking This volume addresses these important questions with contributions from Christian scholars and practitioners from across the Majority World including El Salvador Brazil Kenya and the Philippines and from the United States and Europe They include proponents of Christian pacifism and just war theory advocates for varieties of just peacemaking frameworks and people pursuing slow modest steps toward reconciling enemies without the use of overarching theoretical frameworks What holds them together is a sense that the world and the church would benefit from a robust and gospel based commitment to nonviolence as an alternative to lethal business as usual in addressing conflicts great and small The topics they consider include constructive aspects of a Christian theology of nonviolence case studies of gospel nonviolence and pastoral work from violent conflicts around the world women as victims of violence and makers of peace and theopolitical questions of just war armed intervention and Christian nonviolence *Jon Sobrino and Pope Francis* Michel Simo Temgo SCJ,2019-05-29 To examine the use of the preferential option for the poor in theology today this book turns to two contemporary Jesuits Jon Sobrino and Pope Francis Based on their understanding of the phrase this book initiates a debate about the search for an alternative theological expression It suggests that the preferential option for the poor should be replaced by compassion for the vulnerable **Jürgen Moltmann's Ethics of Hope** Timothy Harvie,2016-05-06 This book develops a thorough account of the sphere of human moral action in sustained dialogue with Jürgen Moltmann By examining God s role as promise giver particularly in the Christian understanding of resurrection this work describes the occupancy of both history and space in moral terms This leads to an understanding of Jesus description of the kingdom of God to feature prominently in describing both the possibility and content of human moral action By offering an account of each of the main doctrines found in Moltmann s corpus the role of the future the Trinity the Holy Spirit and anthropology this book locates how each contributes to the understanding of ethics from a Christian perspective and subsequently applies these findings to the contemporary issue of poverty and global economics **A Political Theology of Vulnerability** Sturla J. Stålsett,2023-06-26 Vulnerability is at the core of the political drama of our time Countering conventional approaches this book presents human vulnerability as a source of political community and a potential for political agency in precarity Analyzing Christian celebrations of Christmas and Easter in contexts of struggle it shows how

religious resources inspire precarious politics Combining critical political theory liberation theology and lived religion Sturla J St Isett sees in such celebrations a political sacralization of vulnerability and a dispossession of divinity **Why**

Resurrection? Carlos Blanco,2011-03-11 Few questions exert such a great fascination on human conscience as those related to the meaning of life history and death The belief in the resurrection of the dead constitutes an answer to a real challenge What is the meaning of life and history in the midst of a world in which evil injustice and ultimately death exist Resurrection is an instrument serving a broader more encompassing reality the Kingdom of God Such a utopian Kingdom gathers the final response to the problem of theodicy and to the enigma of history This book seeks to understand the idea of resurrection not only as a theological but also as a philosophical category as expression of the collective aspirations of humanity combining historical theological and philosophical analyses in dialogue with some of the principal streams of contemporary Western thought *Sacred Scripture* Richard N. Soulen,2010-02-01 How did the Bible s sixty six books become sacred Scripture

How have they been understood and interpreted over the last two thousand years What was it that led to our acceptance of the Bible as the true word of God For two millennia Christians have accepted the importance of the Bible as sacred Scripture and for as many years they have struggled to comprehend its meaning Over the centuries the church has expressed the centrality of Scripture in numerous ways and Christians have studied and interpreted the Bible in a wide variety of faithful approaches Understanding that process is critical to our ability and our willingness to accept the Bible as sacred and true To that end Richard Soulen leads us through the history of how Christian understandings of the Bible have changed and developed throughout history **Lament-Driven Preaching** Eliana Ah-Rum Ku,2024-03-04 This book challenges Christian

communities to engage in lament a mode of existence characterized by impassioned expression witnessing and personal or social protest in the face of evil and injustice reflecting a profound yearning for God s saving presence Divine lament responds to and expresses solidarity with human suffering unveiling multiple facets of God s image and demonstrating a profound sense of divine compassion Drawing on the Book of Lamentations Korean concepts related to suffering han and hanpuri the Paschal Triduum narratives and recent homiletic discourses on suffering the author investigates how complex issues related to grief and hope can be addressed in preaching without diminishing the harsh reality of affliction Designed to assist preachers this book encourages a more intentional approach to addressing suffering specifically by advocating for lament as a transitional space between affliction and hope Furthermore readers are invited to contemplate the significance of the church which within a world in decline embodies the body of Christ manifesting both the demise and resurrection of God

Hope and Solidarity Stephen J. Pope ,2015-02-25 **Across Borders** Joerg Rieger,2013-06-20 While work in theology and religious studies by scholars in Latin America and by Latino a scholars in the United States has made substantial contributions to the current scholarship in the field there are few projects where scholars from these various contexts are working together *Across Borders Latin Perspectives in the Americas Reshaping Religion Theology and Life* is unique as it

Christ Crucified in a Suffering World Nathan D. Hieb,2013-09-01 What is the connection between Christian doctrine and concrete social action This question marks the often unarticulated divide between systematic theology and liberation theology each often emphasizing one primarily or formally over the other Examining the work of Karl Barth T F Torrance and Jon Sobrino here Nathan Hieb contests this bifurcation specifically around the nodal points of the crucifixion or the doctrine of atonement and the context of suffering This book is an innovative study that bridges the boundaries of method doctrine and praxis creating a strong theological and action oriented relationship between systematic and liberation theology

Ecce Homo Aaron Riches ,2016 Interacting with theologians throughout the ages Riches narrates the development of the church s doctrine of Christ as an increasingly profound realization that the depth of the difference between the human being and God is realized in fact only in the perfect union of divinity and humanity in the one Christ He sets the apostolic proclamation in its historical theological philosophical and mystical context showing that as the starting point of orthodoxy it forecloses every theological attempt to divide or reduce the one Lord Jesus Christ
