Jesus Christ Leadership Learning Historys:

Jesus Christ: Leadership Lessons Michael Winicott, 2015-12-07 Jesus Christ has been undoubtedly one of the greatest leaders in the history of mankind. He has been so powerful that he keeps leading billions of human beings 2 000 years after his death. Discover the lessons from Jesus Christ that can transform your business and your life. Born in the humblest of circumstances, Jesus of Nazareth would go on to change the world. For today's leaders, for whom the study of leadership is often a natural part of the calling, Jesus is an understandably compelling figure. The fact is that Jesus' teachings do not always jibe or mesh comfortably with conventional wisdom, particularly as expressed in the popular leadership books of the day, and that this is part of what makes them so valuable. Jesus was a leader of the highest order, and his perspectives on leadership and the realizing of human potential are as fresh and vital today as they must have been all those centuries ago. So are you ready to learn from the life of Jesus Christ? Are you interested in learning about leadership and about life? And most importantly, are you ready to learn about your own life? All this and more in this fascinating book. Here is a preview of what you will learn: Improve yourself first; Let Honors and Respect Find Their Way to You; Lead by Serving; Recognize Valuable Mistakes; Appreciate Lower Performances and Contributions; Prepare the Ground for Success; Leave Nothing Behind Until It is Truly Lost; Appeal to More Than Greed; Spread the Word; Live the Golden Rule. Purchase your copy today. *Christian Education: Its History and Philosophy* Kenneth O. Gangel, Warren S. Benson, 2002-03-05

A history of Christian education must not be confused with a record of the achievements of the Sunday School. The discipline has advanced well beyond that stage, and today's sophisticated students fully understand that no proper concept of the history and philosophy of Christian education can be gained without seeing all the ramifications, implications, and influences that have affected it from pre-Christian times to the present. So Drs Gangel and Benson have written this book, a historical flow of philosophical thought from a Christian point of view. Its focus is cultural, biographical, discussing each philosophy in its particular socio-historical setting, and giving special attention to significant individuals. The format is chronological, beginning with education in biblical times, working upward through history to arrive at the present and beyond, raising questions and issues for the future.
