A Nonviolent Theology of Love Sharon L. Baker Putt, 2021-02-02 The impetus behind the ease with which the church has periodically justified violent behavior lies in its conceptual image of God as a violent deity This book emerges out of a passion to think differently albeit biblically about the character of God and articulates a theological construction of a nonviolent God an alternative to any image of God that seems to condone human violence It calls the church to rethink theology as something other than what might be termed redemptive violence and encourages Christians to reinterpret Scripture and traditional theological beliefs in ways that are more faithful to the God disclosed in Jesus of Nazareth Students of theology need a fresh glimpse of the love mercy and redemptive power of God through Jesus As it follows the structure of the Apostles Creed through the various theological topics this book reminds Christians to share in God s desires for peace and love and to recommit themselves to the call of God to be ministers of reconciliation and lovers of both neighbors and enemies even while at times responding to violence with nonviolent resistance

Christ and the Created Order Zondervan, 2018-05-08 According to the Christian faith Jesus Christ is the ultimate revelation not only of the nature of God the Creator but also of how God the Creator relates to the created order The New Testament explicitly relates the act of creation to the person of Jesus Christ

who is also a participant within creation and who is said by his acts of participation to have secured creation's ultimate redemption from the problems which presently afflict it. Christian theology proposes that Jesus Christ the incarnate Word and Wisdom of God the agent in whom the Spirit of God is supremely present among us is the rationale and the telos of all things time space as we experience and explore it nature and all its enigmas matter itself. Christology is thus utterly fundamental to a theology of creation as this is unfolded both in Scripture and in early Christian theology. For all this the contemporary conversation about science and faith tends to a remarkable degree to neglect the significance of Jesus Christ focusing instead on a generic God of wonder or God of natural theology. Such general theism is problematic from the perspective of Christian theology on many levels and has at times led to a more or less deistic theology the impression that God has created the world then largely left it to itself. Such a theology is far removed from classical Christian renderings of creation providence redemption and eschatology. According to these the theology of creation is not just about remote beginnings or the distant acts of a divine originator. Rather the incarnate Jesus Christ is himself remarkably the means and the end for which creation itself exists. If we would think aright about our world study it and live within it wisely we must reckon centrally with his significance. What might such a bold claim possibly mean and why is Jesus Christ said by Christian theology to be so important for understanding God's overall relationship to the created order? What does this importance mean for science? Christ and the Created Order addresses these questions by gathering insights from biblical scholars theologians historians philosophers and scientists. This interdisciplinary collection of essays reflects on the significance of Jesus Christ for understanding the created world particularly as that world is observed by the natural sciences. Contributors to Christ and the Created Order include Marilyn McCord Adams Richard Bauckham Deborah Haarsma Paul Moser Murray Rae James K A Smith Norman Wirzba N T Wright and more.

The Secularization of Baptism Mark G. McKim, 2025-01-31. Does God actually do anything in baptism? Is it more than just a symbol? Most early Baptists would have answered yes. Most Baptists today would answer no. How and why did this change happen and does it matter? Providing thorough documentation of the changing understandings of baptism among American Canadian and English Baptists from the 1600s to the present day, *The Secularization of Baptism* demonstrates that four factors led to the symbolic only position becoming dominant. These were suspicion in reaction to Roman Catholicism of the idea of God revealing himself through the physical, the influence of the Enlightenment and embarrassment with claims that God could be acting in the world today, reaction against the Oxford Movement and reaction against the understanding of baptism advocated by the Disciples of Christ Campbellites. The now dominant symbolic only position so focuses attention on what the believer is doing in baptism that God is seen as largely absent from and doing nothing through the rite. In effect, believers' baptism has been secularized. A carefully reasoned biblical and theological argument is made for a return to the Regular Particular Baptist view that God is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist position advocated by a small number of

McIlhon,1989 In these reflections on the readings for Lent and the Triduum Monsignor McIlhon invites us to ponder the consistency between what we believe about human dignity and how we live that dignity If Lent becomes a daily journey whereby we consent to become one with the visible features of Christ s risen life waiting to be raised from the dyings of our life then the paschal mystery becomes a marvelous experience Although he writes with great sensitivity and theological depth Monsignor McIlhon does not become pedantic nor does he go beyond the depth of the average reader For priests religious and serious lay people looking for something more than pious writing about the most important season of the Church year this book will make excellent Lenten reading *A Presence that Disturbs* Anthony J. Gittins CSSp,2018-02-14 This powerful moving and disturbing book looks at the contemporary issues that block the attainment of a revitalized church a church united rather than fragmented a church tuned to justice for all rather than to provincial myopia *A Presence that Disturbs* will engage the general reader and the specialist alike with a fresh perspective on what it means to follow Christ Three themes garnered from Holocaust survivor Viktor Frankl underpin the message of this book To live you must choose you must not let life just happen To love you must encounter you must know that human encounter is the only authentic way to know and love To grow you must suffer you must know that suffering can be a vehicle of growth a chance for redemption a way to turn ourselves to the outside Gittins discusses these themes in the context of the search for meaning The new lease on life endowed by the Holy Spirit the function of imaginative ministry the communitas of true discipleship and the radical actions of Jesus ministry are just a few of the ideas explored in the quest for a new understanding of discipleship Authentic Christianity says Gittins is outreaching and encountering it communicates and ministers Christianity like its sibling Judaism does not produce complacency but complicity or participation with others These pages are an invitation to renewed discipleship and an appeal to radical Christianity in the footsteps and in the Spirit of Jesus who prayed that his followers be one in him **A Presence that Disturbs** Anthony J. Global Dictionary of Theology William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today's global context
