**Hebrews 1-8, Volume 47A** William L. Lane, 2017-10-10 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation

This series emphasizes a thorough analysis of textual linguistic structural and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship.

**Overview of Commentary Organization** Introduction covers issues pertaining to the whole book including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes Pericope Bibliography, a helpful resource containing the most important works that pertain to each particular pericope. Translation: the author's own translation of the biblical text reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses yet in reasonably good English. Notes: the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure: Setting a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment verse by verse: interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation: brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: 1. within the context of the book itself; 2. its meaning in the OT or NT; 3. its place in the entire canon; 4. theological relevance to broader OT or NT issues. General Bibliography: occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.

**Commentary on Midrash Rabba in the Sixteenth Century** Benjamin Williams, 2016-09-08. Printed editions of midrashim, rabbinic expositions of the Bible, flooded the market for Hebrew books in the sixteenth century. First published by Iberian immigrants to the Ottoman Empire, they were later reprinted in large numbers at the famous Hebrew presses of Venice. This study seeks to shed light on who read these new books and how they did so by turning to the many commentaries on midrash written during the sixteenth century. These innovative works reveal how their authors studied rabbinic Bible interpretation and how they anticipated their readers would do so. Benjamin Williams focuses particularly on the work of Abraham ben Asher of Safed, the *Or ha-Sekhel* (Venice, 1567), an elucidation of midrash Genesis Rabba which contains both the author's own interpretations and also the commentary he mistakenly attributed to the most celebrated medieval commentator, Rashi. Williams examines what is known of Abraham ben Asher's life, his place among the Jewish scholars of Safed, and the publication of his book in Venice. By analysing selected passages of his commentary, this study assesses how he shed light on rabbinic interpretation of Genesis and guided readers to correct interpretations of the words of the sages. A consideration of why Abraham ben Asher published a commentary attributed to Rashi shows that he sought to lend authority to his programme of studying midrash by including interpretations

ascribed to the most famous commentator alongside his own By analysing the production and reception of the Or ha Sekhel therefore this work illuminates the popularity of midrash in the early modern period and the origins of a practice which is now well established the study of rabbinic Bible interpretation with the guidance of commentaries **Jews in the Realm of the Sultans** Yaron Ben-Naeh, 2008 Jewish society in the Ottoman Empire has not been the subject of systematic research The seventeenth century is the main object of this study since it was a formative era For Ottoman Jews the Ottoman century constituted an era of gradual acculturation to changing reality parallel to the changing character of the Ottoman state Continuous changes and developments shaped anew the character of this Jewry the core of what would later become known as Sephardi Jewry Yaron Ben Naeh draws from primary and secondary Hebrew Ottoman and European sources the image of Jewish society in the Ottoman Empire In the chapters he leads the reader from the overall urban framework to individual aspects Beginning with the physical environment he moves on to discuss their relationships with the majority society followed by a description and analysis of the congregation its organization and structure and from there to the character of Ottoman Jewish society and its nuclear cell the family Special emphasis is placed throughout the work on the interaction with Muslim society and the resulting acculturation that affected all aspects and all levels of Jewish life in the Empire In this the author challenges the widespread view that sees this community as being stagnant and self segregated as well as the accepted concept of a traditional Jewish society under Islam **Jewish Preaching, 1200-1800** Marc Saperstein, 1989-01-01 This anthology of largely unknown medieval and early modern Jewish sermons provides an introduction to a neglected area of Jewish creativity one that gives insights into the central intellectual issues spiritual movements and communal centers during six critical centuries of Jewish experience The sermons presented here in their entirety have been translated annotated and introduced by Marc Saperstein who also provides a discussion of the historical background of the sermons their context and their relationship to Hebrew literature A scholarly masterpiece and an intellectual tour de force that must be read by anybody with a serious interest in Jewish studies or the art of preaching Howard Adelman Shofar This splendid and interesting collection a description true of all the Yale Judaica is richly documented Thomas L Shaffer Christian Legal Society Quarterly A work of profound scholarship it is also a pleasure to read Choice Jewish Preaching offers the reader an exceptional overview of many different and fascinating aspects of Jewish history culture and theology Yaakov Ort Wellsprings Marc Saperstein s careful and detailed translations and annotations and his cogent introductory essay are examples of scholarship at its highest level and should serve to secure the place of this body of literature in the field of Jewish studies Present Tense Joel H Caviour Literary Award 1990 A groundbreaking work of exquisite scholarship that truly points the way for others to follow David E Fass American Rabbi Winner of the 1990 National Jewish Book Award in the category of Jewish Thought given by the Jewish Book Council **The Christian Observer** Josiah Pratt, Zachary Macaulay, 1821 **The Christian Observer**, 1821 **Christian Observer and Advocate...**, 1821
