Job The Anchor Bible Vol 15:

Dreams and Dream Reports in the Writings of Josephus Robert Karl Gnuse, 1996 This volume evaluates the understanding of dreams and the form of dream reports in Josephus writings and it compares Josephan texts with ancient Near Eastern biblical and Hellenistic dream reports to discern Josephus sources of literary inspiration and intellectual assumptions

Genesis Paul J. Kissling, 2004 *The People of Ancient Israel* J. Kenneth Kuntz, 2009-07-01 Intended primarily as a textbook for undergraduates this volume has the following major divisions each divided into chapters I An introduction to the People including the essential stance of the biblical material methods of analysis and the geographical setting II The Origins of the People including a brief history of Old Testament criticism the patriarchal traditions the exodus event and the covenant at Sinai III The Growth of the People from the wilderness period to the time of Elijah IV The Demise of the People from the emergence of the literary prophets to the time of the exile V The Renewal of the People from the Second Isaiah through the end of the Old Testament period There is an extensive bibliography arranged topically and by chapters indexes of authors and subjects and photos and maps scattered appropriately throughout the volume Concerning many basic issues a range of scholarly opinions is cited followed by a judicious evaluation and a list of the author's conclusions Only occasionally may the average informed reader want to take serious issue with the author Each chapter dealing with the biblical text is accompanied by a list of passages which the student is to read in conjunction with it a helpful procedure Treatment of a particular segment of biblical material often includes discussion of its theological stance The author has included coverage of many more topics than introductions of comparable size From *The Journal of Biblical Literature* review by Lloyd R Bailey Duke University Professor Kuntz has written a very helpful introductory text The traditions and texts of the Hebrew Bible are set within a historical framework but the text is more than a history of ancient Israel Kuntz presents in a succinct fashion major historiographical and interpretative positions He has included an excellent bibliography which includes commentaries atlases journals as well as bibliographies structured along the lines of the table of contents Kuntz has written a very readable and thorough introduction to the Hebrew Bible From *The Journal of the American Academy of Religion* by Richard D Hecht University of California Santa Barbara Although the subtitle includes the three areas of literature history and thought this volume is primarily concerned with the literature of the Old Testament A vast amount of information is made available in a breezy well articulated and engaging style Kuntz keeps his readers informed on presently controversial issues but he does not allow the intricacies of such current debates to obscure the flow of the work as a whole Each chapter is amply footnoted and an extensive annotated bibliography concludes the volume Some seventy photographs enhance an already clear and concise presentation The vigorous and open stance of the work evident in its lack of defensive or apologetic intent finds confirmation in the author's statement to engage in the Old Testament hermeneutical task is to engage in a dialogue with ancient Israel As that dialogue unfolds the interpreter will be required to place his own view of the world on trial Kuntz has

ably demonstrated that the major task of introducing the Old Testament to the interested layperson can be accomplished successfully without jargon and sophisticated detail This volume deserves a wide readership and will serve as a very fine foundation in introductory courses to the entire Old Testament From The Catholic Biblical Quarterly by David P Reid SS CC Washington Theological Coalition Silver Spring Maryland **Zutot 2004** Shlomo Berger, M. Brocke, I.E. Zwiep, 2007-05-28 Zutot Perspectives on Jewish Culture aims to fill a gap that has become more and more conspicuous among the wealth of scholarly periodicals in the field of Jewish Studies Whereas existing journals provide space to medium and large sized articles they neglect the small but poignant contributions which may be as important as the extended detailed study The yearbook Zutot serves as a platform for small but incisive contributions and provides them with a distinct context The substance of these contributions is derived from larger perspectives and though not always presented in an exhaustive way will have an impact on contemporary discussions Zutot covers Jewish Culture in its broadest sense i e encompassing various academic disciplines literature languages and linguistics philosophy art sociology politics and history and reflects binary oppositions such as religious and secular high and low written and oral male and female culture **The Undivided Heart** Zachary Alan Starr, 2025-07-31 The Undivided Heart presents a history of legal and moral thought in Jewish civilization from the earliest times until 200 CE It discusses Israelite wisdom literature biblical law collections the prophets works of the Hellenic Jewish Diaspora the apocrypha apocalypses the Dead Sea Scrolls and the Mishnah and it compares the moral teaching of the Pharisees tannaim the Essenes and Jesus of Nazareth Among the book s important insights is that ancient Israel experienced a fundamental moral change from people esteeming qualities and conduct having competitive value to people esteeming qualities and conduct having cooperative value These newly esteemed qualities and conduct were moreover not originally justified as being commanded by God but as promoting the nation s well being Another important insight concerns Jeremiah s belief that human beings would not be righteous until given a single heart Although Jeremiah is typically understood as envisioning the end of free will this book argues that Jeremiah was actually envisioning the integration of human desires and emotions and that a single heart is better translated an undivided heart The notion of an undivided and a divided heart was used throughout the Second Temple period to explain respectively moral rectitude and moral failure All God's Creatures Daniel P. Horan, 2020-07-07 The predominant stewardship model of creation is the result of an intentional effort to correct approaches that reinforce human sovereignty and the resulting environmental degradation However as All God s Creatures argues the stewardship model actually does not offer a correction but rather reinscribes many of the very same pitfalls After close analysis of the stewardship model this book identifies scriptural theological and philosophical sources to support the adoption of a community of creation paradigm Drawing on postcolonial theory this book proposes the concept of planetarity as a framework for conceiving the relationship between human and nonhuman creation and the Creator in a new way This theoretical framework is grounded by a retrieval of the medieval Franciscan theological and philosophical tradition The

result is what can be called a postcolonial Franciscan theology of creation imagined in terms of planetarity providing a constructive and nonanthropocentric response to the need for a new conceptualization of the doctrine of creation

Red, Black, and Jew Stephen Katz,2010-01-01 Between 1890 and 1924 more than two million Jewish immigrants landed on America s shores The story of their integration into American society as they traversed the difficult path between assimilation and retention of a unique cultural identity is recorded in many works by American Hebrew writers Red Black and Jew illuminates a unique and often overlooked aspect of these literary achievements charting the ways in which the Native American and African American creative cultures served as a model for works produced within the minority Jewish community Exploring the paradox of Hebrew literature in the United States in which separateness and engagement and acculturation are equally strong impulses Stephen Katz presents voluminous examples of a process that could ultimately be considered Americanization Key components of this process Katz argues were poems and works of prose fiction written in a way that evoked Native American forms or African American folk songs and hymns Such Hebrew writings presented America as a unified society that could assimilate all foreign cultures At no other time in the history of Jews in diaspora have Hebrew writers considered the fate of other minorities to such a degree Katz also explores the impact of the creation of the state of Israel on this process a transformation that led to ambivalence in American Hebrew literature as writers were given a choice between two worlds Reexamining long neglected writers across a wide spectrum Red Black and Jew celebrates an important chapter in the history of Hebrew belles lettres

A Biblical Theology of Gerassapience Joel A. A. Ajayi,2010 Ancient cultures such as that of the Hebrews commonly associated wisdom with advanced years In A Biblical Theology of Gerassapience the author investigates the validity of this correlation through an eclectic approach including linguistic semantic tradition historical and socio anthropological methods to pertinent biblical

and extra biblical texts There are significant variations in the estimation of gerassapience or old age wisdom in each period of ancient Israel s life that is in pre monarchical monarchical and post monarchical Israel Throughout this study appropriate cross cultural parallels are drawn from the cultures of ancient Israel s neighbors and of modern societies such as the West African Yoruba tribe The overall results are bi dimensional On the one hand there are semantic elements of gerassapience such as the elusiveness of wisdom and the mild fluidity of old age Both terms have strong contextual affinity with minimal exceptions Thus the attribution of wisdom to old age is evident but not absolute in the Hebrew Bible Old Testament On the other hand gerassapience is depicted as primarily didactic through direct and indirect instructions and counsels of the elderly fostering the saging fear of Yahweh legacies On the whole socio anthropocentric tendencies of gerassapience that is of making old age a repertoire of wisdom are checked by theological warrants of theosapience Yahwistic wisdom Therefore in the Hebrew Bible the fear of Yahweh is also the beginning of growing old and wise
