hot rod entered the vernacular Of course it didn't need to be a Ford and still doesn't but the easiest and therefore cheapest route to Hot Rod Boulevard is down the Ford road The journey accelerated after World War II as hot rodding boomed with the growth of speed shops car shows drag racing talented and trained GIs returning home and the launch of Hot Rod magazine to spread the gospel far and wide More than 100 years after the original Model T hot rodding remains alive and well in the Australasia Europe and of course its birthplace the US Learn from the best and get started building your affordable hot rod today
