African American Literacies Elaine Richardson, 2003-09-02 African American Literacies is a personal public and political exploration of the problems faced by student writers from the African American Vernacular English AAVE culture Drawing on personal experience Elaine Richardson provides a compelling account of the language and literacy practices of African American students The book analyses the problems encountered by the teachers of AAVE speakers and offers African American centred theories and pedagogical methods of addressing these problems Richardson builds on recent research to argue that teachers need not only to recognise the value and importance of African American culture but also to use African American English when teaching AAVE speakers standard English African American Literacies offers a holistic and culturally relevant approach to literacy education and is essential reading for anyone with an interest in the literacy practices of African American students

Po H# on Dope to PhD Elaine Richardson, 2013-03-30 There was a time when Elaine Richardson was one of the Negroes everybody pointed to as the Negroes you didn't want to become The title of this book is no metaphor or allusion but a literal shorthand for a remarkable unpredictable journey She inherits a plain way of talking about horrific pain from a mother who seemed impossible to shock The way too fast way she grew up was and is too common but her will to remap her destiny is uncommon indeed To call her story inspiring would be itself too plain a thing hers is a heroic life dream Hampton writer and filmmaker

Digital Literacies Julia Gillen, 2014-04-16 With our increasing use of digital and online media the way we interact with these forms of communication is having an enormous impact on our literacy and learning In Digital Literacies Julia Gillen argues that to a substantial extent Linguistics has failed to rise to the opportunities presented by studying language in digital contexts Assuming no existing knowledge and drawing from a wide range of research projects she presents a range of approaches to the study of writing and reading language online Challenging some of the existing concepts Digital Literacies traces key ideas through both the history of literacy studies and contemporary approaches to language online including linguistic ethnography and corpus linguistics Examples taken from real life studies include the use of digital technologies in everyday life online teenage communities and professional use of Twitter in journalism Within each chapter the relevant research methods used are explored and then tied to the theory underpinning them This book is an innovative and essential read for all those studying and researching applied linguistics particularly in the areas of literacy and multimodality at an upper undergraduate and postgraduate level The title will also be of interest to those working with new media in the fields of Media and Communication Studies Cultural Psychology and Education

Hip Hop at Europe's Edge Milosz Miszczyński, Adriana Helbig, 2017-03-27 Essays examining the impact of hip hop music on pop culture and youth identity in post Soviet Central and Eastern Europe Responding to the development of a

lively hip hop culture in Central and Eastern European countries this interdisciplinary study demonstrates how a universal model of hip hop serves as a contextually situated platform of cultural exchange and becomes locally inflected After the Soviet Union fell hip hop became popular in urban environments in the region but it has often been stigmatized as inauthentic due to an apparent lack of connection to African American historical roots and black identity Originally strongly influenced by aesthetics from the United States hip hop in Central and Eastern Europe has gradually developed unique local trajectories a number of which are showcased in this volume On the one hand hip hop functions as a marker of Western cosmopolitanism and democratic ideology but as the contributors show it is also a malleable genre that has been infused with so much local identity that it has lost most of its previous associations with the West in the experiences of local musicians audiences and producers Contextualizing hip hop through the prism of local experiences and regional musical expressions these valuable case studies reveal the broad spectrum of its impact on popular culture and youth identity in the post Soviet world The volume represents a valuable and timely contribution to the study of popular culture in central and eastern Europe Hip Hop at Europe's Edge will not only appeal to readers interested in contemporary popular culture in central and eastern Europe but also inspire future research on post socialism's unique local adaptations of global cultural trends The Soviet and Post Soviet Review The authors of this edited volume do not romanticize and heroize the genre by automatically equating it with political opposition a fate often suffered by rock before Instead the book has to be given much credit for presenting a very nuanced picture of hip hop's entanglement or non entanglement for that matter with politics in this wide stretch of the world past and present The Russian Review

Global Englishes and Transcultural Flows Alastair Pennycook, 2006-12-07 The English language is spreading across the world and so too is hip hop culture both are being altered developed reinterpreted reclaimed This timely book explores the relationship between global Englishes the spread and use of diverse forms of English within processes of globalization and transcultural flows the movements changes and reuses of cultural forms in disparate contexts This wide ranging study focuses on the ways English is embedded in other linguistic contexts including those of East Asia Australia West Africa and the Pacific Islands Drawing on transgressive and performative theory Pennycook looks at how global Englishes transcultural flows and pedagogy are interconnected in ways that oblige us to rethink language and culture within the contemporary world *Global Englishes and Transcultural Flows* is a valuable resource to applied linguists sociolinguists and students on cultural studies English language studies TEFL and TESOL courses

Roc the Mic Right H. Samy Alim, 2006-09-27 Complementing a burgeoning area of interest and academic study *Roc the Mic Right* explores the central role of language within the Hip Hop Nation HHN With its status convincingly argued as the best means by which to read Hip Hop culture H. Samy Alim then focuses on discursive practices such as narrative sequencing and ciphers or lyrical circles of rhymers Often a marginalized phenomenon the complexity and creativity of Hip Hop lyrical production is emphasised whilst Alim works towards the creation of a schema by which to understand its aesthetic Using his own

ethnographic research Alim shows how Hip Hop language could be used in an educational context and presents a new approach to the study of the language and culture of the Hip Hop Nation Hiphopography The final section of the book which includes real conversational narratives from Hip Hop artists such as The Wu Tang Clan and Chuck D focuses on direct engagement with the language A highly accessible and lively work on the most studied and read about language variety in the United States this book will appeal not only to language and linguistics researchers and students but holds a genuine appeal to anyone interested in Hip Hop or Black African Language Encyclopedia of Hip Hop Literature Tarshia L. Stanley,2008-12-30 Hip Hop literature also known as urban fiction or street lit is a type of writing evocative of the harsh realities of life in the inner city Beginning with seminal works by such writers as Donald Goines and Iceberg Slim and culminating in contemporary fiction autobiography and poetry Hip Hop literature is exerting the same kind of influence as Hip Hop music fashion and culture Through more than 180 alphabetically arranged entries this encyclopedia surveys the world of Hip Hop literature and places it in its social and cultural contexts Entries cite works for further reading and a bibliography concludes the volume Coverage includes authors genres and works as well as on the musical artists fashion designers directors and other figures who make up the context of Hip Hop literature Entries cite works for further reading and the encyclopedia concludes with a selected general bibliography Students in literature classes will value this guide to an increasingly popular body of literature while students in social studies classes will welcome its illumination of American cultural diversity *Literacy and the Politics of Representation* Mary Hamilton,2012 Literacy is a key indicator for comparing individuals and nations in contemporary society It is central to public debates about the nature of the public sphere economic markets citizenship and self governance Literacy and the Politics of Representation aims to uncover the constructed nature of public understandings of literacy by examining detailed examples of how literacy is represented in a range of public contexts It looks at the ways in which knowledge about literacy is created and distributed the location and relative power of the knowledge makers and examines the different semiotic resources used in such representations images and metaphors numerical and statistical models and textual narratives and how they are related to one another The book focuses on the UK from 1970 to the present but includes a range of international comparisons and examples In addition exemplar chapters offer a model of analysis that can be used to deconstruct the representations of social policy issues This book is vital reading for postgraduate students in the areas of education studies literacy discourse analysis and multimodality *Audience Engagement and the Role of Arts Talk in the Digital Era* L. Conner,2013-12-11 This book offers readers an understanding of the theoretical framework for the concept of Arts Talk provides historical background and a review of current thinking about the interpretive process and most importantly provides ideas and insights into building audience centered and audience powered conversations about the arts *Women Rapping Revolution* Kellie D. Hay,Rebekah Farrugia,2020-06-09 Detroit MIchigan has long been recognized as a center of musical innovation and social change Rebekah

Farrugia and Kellie D Hay draw on seven years of fieldwork to illuminate the important role that women have played in mobilizing a grassroots response to political and social pressures at the heart of Detroit's ongoing renewal and development project. Focusing on the Foundation a women centered hip hop collective Women Rapping Revolution argues that the hip hop underground is a crucial site where Black women shape subjectivity and claim self care as a principle of community organizing. Through interviews and sustained critical engagement with artists and activists this study also articulates the substantial role of cultural production in social racial and economic justice efforts.

The Present State of Scholarship in the History of Rhetoric Lynée Lewis Gaillet, Winifred Bryan Horner, 2010-03-15 Through two previous editions *The Present State of Scholarship in Historical and Contemporary Rhetoric* has not only introduced new scholars to interdisciplinary research but also become a standard research tool in a number of fields and pointed the way toward future study. Adopting research methodologies of revision and recovery this latest edition includes all new material while still following the format of the original and is constructed around bibliographical surveys of both primary and secondary works addressing the Classical Medieval Renaissance and eighteenth through twentieth century periods within the history of rhetoric. *The Present State of Scholarship in the History of Rhetoric* doesn't simply update but rather recasts study in the history of rhetoric. The authors experienced and well known scholars in their respective fields redefine existing strands of rhetorical study within the periods expand the scope of rhetorical engagement and include additional figures and their works. The globalization and expansion of rhetoric are demonstrated in each of these parts and seen clearly in the inclusion of more female rhetors discussions of historical and contemporary electronic resources and examinations of rhetorical practices falling outside the academy and the traditional canon. New to this edition is a cumulative review of twentieth century rhetoric along with a thematic index designed to facilitate interdisciplinary or specialized study and scholarly research across the traditional historical periods. As programs incorporating rhetorical studies continue to expand at the university level students and researchers are in need of up to date bibliographical resources. No other work matches the scope and approach of *The Present State of Scholarship in the History of Rhetoric* which carries scholarship on rhetoric into the twenty first century.

The Routledge Companion to the Work of John R. Rickford Renée Blake, Isabelle Buchstaller, 2019-09-17 This comprehensive collection is the first full book length volume to bring together writing focused around and inspired by the work of John Rickford and his role in sociolinguistic research over the last four decades. Featuring contributions from more than 40 leading scholars in the field the volume integrates both historical and current perspectives on key topics in Rickford's body of work at the intersection of language and society highlighting the influence of his work from diverse fields such as sociolinguistics stylistics creole studies and language and education. The volume is organized around four sections each representing one of the fundamental strands in Rickford's scholarship over the course of his career bookended by short vignettes that feature stories from the field to more broadly contextualize his intellectual legacy. Language contact from a sociolinguistic and sociohistorical point of

view The political ramifications of linguistic heterogeneity The stylistic implications of language variation and change The educational implications of linguistic heterogeneity and social injustice Taken together The Routledge Companion to the Work of John R Rickford serves as a platform to showcase Rickford s pioneering contributions to the field and in turn to socially reflective linguistic research more generally making this key reading for students and researchers in sociolinguistics creole studies language and style and language and education

Le Boogie Woogie Terry Williams,2020-02-25 The after hours club is a fixture of the African American ghetto It is a semisecret unlicensed spot where regulars and tourists mingle with hustlers to buy and use drugs long after regular bars are closed and the party has ended for the squares After hours clubs are found in most cities but for people outside of their particular milieu they are formidably difficult to identify and even more difficult to access The sociologist Terry Williams returns to the cocaine culture of Harlem in the 1980s and 90s with an ethnographic account of a club he calls Le Boogie Woogie He explores the life of a cast of characters that includes regulars and bar workers dealers and hustlers following social interaction around the club s active bar with its colorful staff and owner and the sniffers who patronize it In so doing Williams delves into the world of after hours clubs exploring their longstanding function in the African American community as neighborhood institutions and places of autonomy for people whom mainstream society grants few spaces of freedom He contrasts Le Boogie Woogie which he visited in the 1990s with a Lower East Side club dubbed Murphy s Bar twenty years later to show how cool remains essential to those outside the margins of society even as what it means to be cool changes Le Boogie Woogie is an exceptional ethnographic portrait of an underground culture and its place within a changing city

The SAGE Handbook of Writing Development Roger Beard,Debra Myhill,Jeni Riley,Martin Nystrand,2009-07-09 Writing development is currently the focus of substantial international debate because it is the aspect of literacy education that has been least responsive to central government and state reforms Teaching approaches in writing have been slower to change than those in teaching reading and pupil attainment in writing has increased at a much more modest rate than pupil attainment in reading This handbook critically examines research and theoretical issues that impact on writing development from the early years through to adulthood It provides those researching or teaching literacy with one of the most academically authoritative and comprehensive works in the field With expert contributors from across the world the book represents a detailed and valuable overview of a complex area of study

Rhetorical Crossover Cedric Burrows,2020-10-27 In music crossover means that a song has moved beyond its original genre and audience into the general social consciousness Rhetorical Crossover uses the same concept to theorize how the black rhetorical presence has moved in mainstream spaces in an era where African Americans were becoming more visible in white culture Cedric Burrows argues that when black rhetoric moves into the dominant culture white audiences appear welcoming to African Americans as long as they present an acceptable form of blackness for white tastes The predominant culture has always constructed coded narratives on how the black rhetorical presence should appear and

behave when in majority spaces In response African Americans developed their own narratives that revise and reinvent mainstream narratives while also reaffirming their humanity Using an interdisciplinary model built from music education film and social movement studies Rhetorical Crossover details the dueling narratives about African Americans that percolate throughout the United States *Black Girlhood Celebration* Ruth Nicole Brown,2009 This book passionately illustrates why the celebration of Black girlhood is essential Based on the principles and practices of a Black girl centered program it examines how performances of everyday Black girlhood are mediated by popular culture personal truths and lived experiences and how the discussion and critique of these factors can be a great asset in the celebration of Black girls Drawing on scholarship from women s studies African American studies and education the book skillfully joins poetry autobiographical vignettes and keen observations into a wholehearted participatory celebration of Black girls in a context of hip hop feminism and critical pedagogy Through humor honesty and disciplined research it argues that hip hop is not only music but also an effective way of working with Black girls Black Girlhood Celebration recognizes the everyday work many young women of color are doing outside of mainstream categories to create social change by painting an unconventional picture of how complex and necessary the goal of Black girl celebration can be **Literacy, Lives and Learning** David Barton,Roz Ivanic,Yvon Appleby,Rachel Hodge,Karin Tusting,2012-11-12 Demonstrating what it is like to be an adult learner in today s world this book focuses on language literacy and numeracy learning The authors explore the complex relationship between learning and adults lives following a wide range of individual students in various formal learning situations from college environments to a young homeless project and a drug support and aftercare centre The study is rooted in a social practices approach and examines how people s lives shape their learning Themes addressed range from how literacy is learned through participation and how barriers such as violence and ill health impact on people s lives Based on a major research project and detailed reflexive and collaborative methodology the book describes a coherent strategy of communication and impact which will have a direct effect on policy and practice **An Autoethnography of African American Motherhood** Renata Harden Ferdinand,2021-11-29 This is the first full length explicitly identified autoethnographic text on African American motherhood It shows the lived experiences of Black motherhood when mothering is shaped by race gender and class and mothers must navigate not only their own but also their children s positions in society Ferdinand takes an intimate look at her mothering strategies spanning ten years from 2007 to 2017 preparing her daughter to traverse a racist and sexist society It is a multi generational text that blends the author s experience with that of her own mother grandmother and her daughter to engage in a larger discussion of African American Black mother womanhood It is grounded within Black Feminist Theory which centers the experiences of Black women within the domains of intersecting oppressions It is from a very personal position that Ferdinand provides a glimpse into the minutiae of mothering that reveal the everyday intricacies of Black women as mothers It highlights specific strategies Black mothers use to combat

discrimination and oppression from teaching their children about the n word to choosing positive representations of Black identity in movies books dolls daycares elementary schools and even extra curricular activities It shows the impact that stereotypical manifestations of Black femininity have on Black women s experience of motherhood and how this affects Black women and girls understanding of themselves especially their skin color body shape and hair texture As an interdisciplinary text this book will be reading for academics and students in a broad range of fields including Education African American Studies Communication Studies Women Studies Psychology and Health Studies It is also a handbook of lived experience for Black mothers grandmothers and daughters and for all mothers grandmothers and daughters irrespective of color
