Making Sense of Myth Gerard Naddaf, 2024-03-12 To most myths are merely fantastic stories But for Luc Brisson one of the great living Plato scholars myth is a key factor in what it means to be human a condition of life for all Essential and inescapable myth offers a guide for living forming the core of belonging and group identity In 1999 Quebec classicist Louis Andr Dorion published a series of French conversations with Brisson on the idea of myth In *Making Sense of Myth* Gerard Naddaf offers an extended and updated English translation of these conversations as well as a new set of discussions between himself and Brisson Beginning with Brisson's childhood in the village of Saint Esprit Quebec through his education as a gifted child in minor seminaries starting at age eleven and continuing with his years in Paris first as a graduate student and later at the Centre national de la recherche scientifique CNRS Brisson tells the story of his escape from an all encompassing myth the one promulgated by the Roman Catholic Church The philosopher situates Quebec society as inseparable from the history of the Catholic Church in Quebec and argues that this correlation offers a perfect paradigm of myth and mythmaking Naddaf's introduction and afterword contextualize the conversations by discussing Brisson's and Plato's understanding of the origin and meaning of myth elaborating on the role of myth in anthropogeny in the creation of selfhood and in multiculturalism *Making Sense of Myth* promises both a philosophy of myth and a philosophy of life one inspired by Brisson's lifelong engagement with the great Western philosopher Plato *The Order of Things* Alister E.

Impostors Christopher L. Miller, 2018-12-10 Miller takes us on an exciting tour of postcolonial and world literature guiding us through the literary maze of the real and the pretenders to the real Ngugi wa Thiong'o author of *Wizard of the Crow* Writing a new page in the surprisingly long history of literary deceit *Impostors* examines a series of literary hoaxes deceptions that involved flagrant acts of cultural appropriation This book looks at authors who posed as people they were not in order to claim a different ethnic class or other identity These writers were in other words literary usurpers and appropriators who trafficked in what Christopher L Miller terms the intercultural hoax In the United States such hoaxes are

familiar Forrest Carter's *The Education of Little Tree* and JT LeRoy's *Sarah* are two infamous examples Miller's contribution is to study hoaxes beyond our borders employing a comparative framework and bringing French and African identity hoaxes into dialogue with some of their better known American counterparts In France multiculturalism is generally eschewed in favor of universalism and there should thus be no identities in the American sense to steal However as Miller demonstrates this too is a ruse French universalism can only go so far and do so much There is plenty of otherness to appropriate This French and Francophone tradition of imposture has never received the study it deserves Taking a novel approach to this understudied tradition *Impostors* examines hoaxes in both countries finding similar practices of deception and questions of harm In this fascinating study of intercultural literary hoaxes Christopher L Miller provides a useful brief history of American literary impostures as a backdrop for his investigation of France's literary history of ethnic usurpation Henry Louis Gates Jr New York Times bestselling author *Encyclopedia of Video Games* Mark J. Ray Schalk Brian E. Cooper, 2009-10-21 This is the first book length biography of Hall of Fame catcher Ray Schalk once described as the yardstick against which all other catchers were measured For years the top defender at his position Schalk was also a fiery leader on the field and he guided two teams to the World Series One of those teams however was the 1919 Black Sox whose conspiracy to throw the Series left Schalk with a deep and abiding sense of betrayal After he retired as a player the Illinois native spent decades as a manager or coach on the collegiate minor league and major league levels Schalk entered the National Baseball Hall of Fame in 1955 **Resources in Education**, 1995-12 Billboard, 1949-11-12 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Mother Jones, 1998 **Losing to Win** Jeremy Gelman, 2020-07-20 Most everyone voters political scientists even lawmakers think Congress is dysfunctional Instead of solving problems Democrats and Republicans spend their time playing politics These days Capitol Hill seems more a place to

bicker not to pass laws The reality is more complicated Yes sometimes Congress is broken But sometimes it is productive What explains this variation Why do Democrats and Republicans choose to legislate or score political points And why do some issues become so politicized they devolve into partisan warfare while others remain safe for compromise Losing to Win answers these questions through a novel theory of agenda setting Unlike other research that studies bills that become law Jeremy Gelman begins from the opposite perspective He studies why majority parties knowingly take up dead on arrival DOA bills the ideas everyone knows are going to lose In doing so he argues that congressional parties decisions to play politics instead of compromising and the topics on which they choose to bicker are strategic and predictable Gelman finds that legislative dysfunction arises from a mutually beneficial relationship between a majority party in Congress which is trying to win unified government and its allied interest groups which are trying to enact their policies He also challenges the conventional wisdom that DOA legislation is political theater By tracking bills over time Gelman shows that some former dead on arrival ideas eventually become law In this way ideas viewed as too extreme or partisan today can produce long lasting future policy changes Through his analysis Gelman provides an original explanation for why both parties pursue the partisan bickering that voters find so frustrating He moves beyond conventional arguments that our discordant politics are merely the result of political polarization Instead he closely examines the specific circumstances that give rise to legislative dysfunction The result is a fresh straightforward perspective on the question we have all asked at some point Why can't Democrats and Republicans stop fighting and just get something done
