[Jeff Wall](#) David Campany, 2011-05-27. Examining a work that marked the emergence of photography as an art made for the gallery wall instead of the printed page. Jeff Wall's *Picture for Women* 1979 marks the transition of photography as an art form from the printed page to the gallery wall. Before this, photographs from the orthodox photographic work of Walker Evans to the Conceptual photography of Dan Graham seemed intended for the page even when hung in a gallery. In *Picture for Women*, a woman looks outward as if at the viewer; a camera occupies the center of the photograph; the photographer stands on the right. Modeled on Manet's famous painting *Un bar aux Folies Bergère* in which a barmaid seems to look directly out of the painting, observed by a man on the right, *Picture for Women* establishes its own art historical genealogy, claiming its rightful position within the canon. Wall's photograph is an ambitious attempt to relate the artistic and spectatorial demands of the late 1970s to a modernist pictorial art that had been too hastily rejected by Conceptualism. In this illustrated study, David Campany offers an account of Wall's move from a Conceptual approach to a reengagement with the idea of a singular as opposed to serial picture. He shows that Wall's decision to present his work as a large-scale back-lit transparency, together with his commitment to a singular image, amounted to a radical departure. He contrasts Wall's idea of the photograph as a tableau or picture inherited from the history of painting with the works of the Pictures Generation, including Richard Prince, Cindy Sherman, and Jack Goldstein, and argues that *Picture for Women* is inseparable from the modern fate of the picture in general. *Art Since 1989 (World of Art)* Kelly Grovier, 2015-12-07. An extensive, accessible guide to the most groundbreaking and influential art from 1989 to the present. The years since the collapse of the Berlin Wall in November 1989 have seen the rise of a new freedom to define art: Who makes it? Where can it be found? What is its commercial value and consequently the reevaluation of art's place in society? Kelly Grovier surveys the dynamic developments in art practice worldwide since 1989, focusing on artists whose fresh visual vocabulary and innovation reflect these past turbulent decades. The book's ten chapters examine the key themes in contemporary art: portraiture in the age of face transplants and facial recognition software; political activism; science and religion, to name a few, by artists including Jeff Koons, Louise Bourgeois, Damien Hirst, George Condo, Marlene Dumas, Sean Scully, Cindy Sherman, Banksy, Ai Weiwei, Antony Gormley, Christo, and Jean Claude Jenny Holzer. Chuck Close and Cornelia Parker. A chapter-length timeline at the end of the book traces the evolution of art from 1989 to today by closely examining one key artwork from each year. Illustrated with the work of over 200 key artists. *Art Since 1989* is a lucid and engaging look at what may prove to be one of the more tempestuous eras in human history, if
