Jefferson County Elementary Pacing Guide:

The Digital Citizenship Handbook for School Leaders Mike Ribble, Marty Park, 2019-06-26 Learn how to develop a meaningful approach to embedding digital citizenship into an established program helping your students succeed in a digital world In today's schools and districts just saying no to bad technology practices is not enough This leadership posture can take the form of extreme blocking and filtering of websites providing little access to devices and declining to integrate digital tools and resources into learning out of fear of what else a student might do Such a mindset can also lead to adults choosing not to engage or being unable to engage in conversations when students share stories about what a peer did online or through the latest app Digital citizenship curriculum needs to be taught at two levels at once horizontal the world immediately around students and vertical connecting to the rest of the world This book provides education leaders a strategic road map that demonstrates how to incorporate these concepts into the curriculum so that digital citizenship isn't just one more thing but is threaded into the DNA of how educators teach and work The book Provides a five year plan for developing a digital citizenship program in your school Covers such topics as digital ethics and leveled approaches to digital citizenship Walks through the digital citizenship responsibilities and opportunities inherent in various roles including library media specialists classroom educators and special ed teachers Offers strategies for spreading digital citizenship internationally and explores the future of digital citizenship The book offers school and district leaders a path toward a shared and collective understanding so that digital citizenship is embedded in the way students and educators interact with technology and each other It is a guide for school communities to discover which practices in the end will lead to better people Audience K 12 educators education leaders *Resources in Education*, 1994 *Flexible Pacing for Able Learners* Neil Daniel, June Cox, 1988 The monograph describes the application of flexible pacing as a means of meeting the educational needs of gifted students in schools throughout the country Flexible pacing is defined as placing students at an appropriate instructional level and allowing them to move forward in the curriculum as they master content and skills Flexible pacing is achieved by such methods as continuous progress compacted course advanced level courses grade skipping early entrance concurrent or dual enrollment and credit by examination An introductory chapter looks at the historical and theoretical context of flexible pacing and gives a brief explanation of the canvassing and survey methods used to obtain data The next two chapters describe flexible pacing programs in 8 elementary and 11 secondary schools Chapter 5 looks at district wide programs for all students or all gifted students and finds six such school systems The next chapter examines cooperative programs between schools colleges or other educational institutions The seventh chapter discusses selected features of flexible pacing including school policy strategies of implementation staff selection development and record keeping A staff development program to prepare teachers for flexible pacing in mathematics is described in the eighth chapter contributed by Kathleen Martin The concluding chapter identifies principles of implementation including capitalizing on what is available initiating a program gradually and

winning support The survey form and a sample program description are appended DB **Sustaining Extraordinary Student Achievement** Linda E. Reksten, 2008-10-15 The author examines five Title I schools that overcame significant challenges to sustain student achievement and presents principles for building a culture of high standards and expectations
