Mastriano, 2014-03-25 Alvin C York 1887 1964 devout Christian conscientious objector and reluctant hero of World War I is one of America's most famous and celebrated soldiers Known to generations through Gary Cooper's Academy Award winning portrayal in the 1941 film Sergeant York York is credited with the capture of 132 German soldiers on October 8 1918 in the Meuse Argonne region of France a deed for which he was awarded the Congressional Medal of Honor At war's end the media glorified York's bravery but some members of the German military and a soldier from his own unit cast aspersions on his wartime heroics Historians continue to debate whether York has received more recognition than he deserves A fierce disagreement about the location of the battle in the Argonne forest has further complicated the soldier's legacy In Alvin York Douglas V Mastriano sorts fact from myth in the first full length biography of York in decades He meticulously examines York's youth in the hills of east Tennessee his service in the Great War and his return to a quiet civilian life dedicated to charity By reviewing artifacts recovered from the battlefield using military terrain analysis forensic study and research in both German and American archives Mastriano reconstructs the events of October 8 and corroborates the recorded accounts On the eve of the WWI centennial Alvin York promises to be a major contribution to twentieth century military history Thunder in the Argonne Douglas V. Mastriano, 2018-06-15 In July 1918 sensing that the German Army had lost crucial momentum Supreme Allied Commander Ferdinand Foch saw an opportunity to end the First World War In drafting his plans for a final grand offensive he assigned the most difficult sector the dense Argonne forest and the vast Meuse River valley to the American Expeditionary Forces under General John J Pershing There the Doughboys faced thickly defended German lines with terrain deemed impossible to fight through From September 26 through the November 11 armistice US forces suffered more than 20 000 casualties a week but the Allies ultimately prevailed in a decisive victory that helped to end the Great War In Thunder in the Argonne Douglas V Mastriano offers the most comprehensive account of this legendary campaign to date Not only does he provide American French and British perspectives on the offensive but he also offers for the first time in English the German view Mastriano presents a balanced analysis of successes and failures at all levels of command examining the leadership of the principals while also illuminating acts of heroism by individual soldiers The Meuse Argonne Offensive is widely regarded as one of America's finest hours and the amazing feats of Sergeant Alvin York Major Charles Whittlesey of the Lost Battalion and Lieutenant Sam Woodfill all accomplished in the midst of this maelstrom echo across the ages Published to coincide with the centennial of the campaign this engaging book offers a fresh look at the battle that forged the modern US Army **Future Weapons** Kevin Dockery, 2007-12-04 On the battlefield a soldier's best friends are his gun and his gear because his life depends on them But what will it take to fight and survive on the battlefields of tomorrow What will those combat arenas consist of and where will they be And what will our nation's

fighting men and women carry with them into battle Future Weapons is a compendium of the weapons of war that may accompany our soldiers in the near and far future as well as an insightful look at the soldier sailor and airman of today and tomorrow All manner of military hardware is covered as well as information about cutting edge technology that will become standard in weapons to come the possibility of robotic soldiers vehicles protective armor and the prospects of fighting a war in both space and cyberspace *The S & W Revolvers* Jerry Kuhnhausen,2014 **The S & W Revolver** Jerry Kuhnhausen,1990 **The Ruger Single Action Revolvers** Jerry Kuhnhausen,2003 CRM ,1996 Bibliographic Guide to Technology New York Public Library.
