Next Year in Jerusalem Douglas Villiers, 1976 *Jerusalem* Tamar Mayer, Suleiman A. Mourad, 2008-05-09 With contributions from many noted scholars in a wide range of fields this is a multidisciplinary study of one of the world's great cities that is of enormous historical religious and political significance *Next Year in Jerusalem : Jews in the Twentieth Century* D. Villiers, 1976 *Ceremonial Synagogue Textiles* Bracha Yaniv, 2019-03-14 A richly illustrated and documented survey of the evolution of synagogue textiles spanning fifteen centuries offering a detailed analysis of the design and production of mantles wrappers Torah scroll binders and the Torah ark curtain and valance including the text of inscriptions marking the circumstances of donation The Rough Guide to Jerusalem Rough Guides, 2009-10-01 The Rough Guide to Jerusalem is the ultimate travel guide with clear maps and detailed coverage of all the best attractions the holy city has to offer Find practical advice on what to see and do in Jerusalem whilst relying on up to date descriptions of the best Jerusalem hotels restaurants bars cafés and shops from bare bones budget to lap of luxury deluxe The Rough Guide to Jerusalem gets under the skin of the city with expert background on everything from Jerusalem's history to the political controversies surrounding it The guide features a chapter on each of the Old City's four traditional quarters with explanations of all Jerusalem's holy sites historical buildings and contentious hotspots Travellers wanting to venture out into Israel or the West Bank will find a section on excursions including places with biblical resonance such as Bethlehem Hebron Jericho the Dead Sea as well as Israel's brash and exciting commercial capital Tel Aviv Make the most of Your time with The Rough Guide to Jerusalem *American Presidents and Jerusalem* Ghada Hashem Talhami, 2017-04-26 Any casual observer of the Israeli Palestinian conflict would immediately recognize that the holy city of Jerusalem is the core issue impeding a permanent peace settlement between the two antagonists The religious symbolism of this city and its centrality to major religious faiths has never faded and has become increasingly vital to various strands of twentieth century religious nationalisms The political fate of Jerusalem was inevitably mired in international political struggles of the Cold War particularly after the United States inherited Britain's mantle as the ultimate arbiter of regional conflicts and strategic disputes The asymmetrical balance of military power between Israel and Jordan made superpower intervention both inevitable and unpredictable This study examines the policies of twentieth century US presidents regarding the status of Jerusalem It traces the evolution of the United States embroilment in the politics of Mandatory Palestine successive wars and regimes that vied for control over

Jerusalem and tracks the conflicting historical narratives presented by various states in the region. It also takes a detailed look at the role of the American Jewish lobby which constantly pressured the United States to overlook Israel's refusal to go back to the lines of June 5 1967 or to stop creating facts on the ground in East Jerusalem. The role of the oil lobby in seeking the reversal of Israeli annexationist steps in Jerusalem is also analyzed. The failure of several American presidents to broker an Arab-Israeli peace agreement is seen here as the result of the latitude enjoyed by presidential advisers in determining the main contours of American foreign policy in this region and guarding access to the chief executive in times of crisis. Finally the book is an illustration of the perils of downplaying the human rights abuses of junior client states in order to placate national lobby groups in the United States leading to the entrenchment of the Israeli state not only over Jerusalem but throughout the West Bank.

International Journal of Religious Education, 1927 **Jerusalem Perspectives. A nineteenth and twentieth century outline of the Holy City** P. Schneider, London Rainbow Group, 1976 Stacie E.

Goddard, 2009-11-04 This book challenges the conventional wisdom that territorial conflicts in Jerusalem and Northern Ireland were inevitable. Stacie Goddard's research shows that it was radical political rhetoric and not ancient hatreds that rendered these territories indivisible preventing negotiation and compromise and leading to violence and war.
