The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien's three volume trilogy The Making of American Liberal Theology Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author's post Hegelian liberal liberationist perspective Conversations with Mr Kiki: One Woman's Spiritual Journey with Her Best Friend Linda Atnip, 2011-02-04 In this compelling memoir author Linda Atnip is contacted by the spirit of her companion animal Mr Kiki as he is laid to rest He informs Linda that she will write a book about their spiritual adventures as humanity now stands at a crossroads and must choose a more sustainable lifestyle Among the many secrets Mr Kiki reveals is what happened to him when he died where he is now and the type of work he does on the other side Mr Kiki's messages from the beyond will comfort anyone who has ever lost a beloved pet These conversations are actually lessons the author received from her deceased Pekingese dog and master teacher Mr Kiki After 15 years on the earth plane Mr Kiki left his physical body but made it clear that he and the author had work to do In Conversations Linda Atnip asks the questions and Mr Kiki provides answers With Mr Kiki as guide and mentor they embark on a spiritual journey Dreams healing and the afterlife are just some of the areas the author is curious about Mr Kiki describes one of the previous lives they shared We had known each other before in Africa where we loved the sound of the drum We have been together before and will be again Catherine Ferguson Psychic for Pets and People Featured interview in the June issue of Oracle 20 20 magazine Available in print and online at oracle20 20 com *John Hick's Religious Pluralism in Global Perspective* Sharada Sugirtharajah, 2023-01-01 This volume contains fresh scholarly contributions to mark the birth centenary of John Hick the internationally well known philosopher of religion whose works continue to have significant global relevance in today's religiously diverse and conflict ridden world His writings have reset the parameters of religious pluralism Up till now Hick's religious pluralism has been mainly seen in relation to the Western context where Christianity is the predominant religion This volume includes both Western and non Western engagement with his thinking in contexts such as Japan China Korea Nigeria and India where Christianity is a minority religion with little political power Its distinctiveness lies in widening the debate on religious pluralism by bringing Hick's pluralistic hypothesis into a constructive cross cultural and interreligious

conversation with scholars of Hinduism Jainism Daoism Judaism Christianity Islam and African traditional religions In doing so this collection examines how Hick s philosophy of religious pluralism has been received appropriated and appraised by these scholars It has been appreciated and critiqued in equal measure and continues to impact on current thinking on religious pluralism This volume makes a significant contribution to the debate initiated by Hick

Theology Without Walls Jerry L. Martin, 2019-10-01 Thinking about ultimate reality is becoming increasingly transreligious This transreligious turn follows inevitably from the discovery of divine truths in multiple traditions Global communications bring the full range of religious ideas and practices to anyone with access to the internet Moreover the growth of the nones and those who describe themselves as spiritual but not religious creates a pressing need for theological thinking not bound by prescribed doctrines and fixed rituals This book responds to this vital need The chapters in this volume each examine the claim that if the aim of theology is to know and articulate all we can about the divine reality and if revelations enlightenments and insights into that reality are not limited to a single tradition then what is called for is a theology without confessional restrictions In other words a Theology Without Walls To ground the project in examples the volume provides emerging models of transreligious inquiry It also includes sympathetic critics who raise valid concerns that such a theology must face This is a book that will be of urgent interest to theologians religious studies scholars and philosophers of religion It will be especially suitable for those interested in comparative theology inter religious and interfaith understanding new trends in constructive theology normative religious studies and global philosophy of religion

The Hidden "God" Peter Baekelmans, 2022-05-27 Theology means discourse about god Christian theology is a reflection on the Christian faith in which God takes a central place Therefore the Christian theology of other religions seeks to understand if and how God as Christians call their experience of Him may be present in the thought devotion and ritual of those other religions Christian theology of Buddhism is then a Christian reflection on the Buddhist faith in god or gods Now Buddhist teaching contains many seeming contradictions as does Christian teaching Accepting these and looking for clues to understand how they came about and how they might be reconciled is not only an intellectual challenge but also a religious duty The Hidden God feels like a detective story taking the reader along on an exacting investigation of the manifold themes concepts and persons of the different Buddhist faith traditions in order to discern whether they can be related to the Christian understanding of who God is The result which is both complex and simple will enable readers to take steps toward uniting both religions in the mystery that God or the Dharma is

The Garden of Reality Roland Faber, 2018-06-20 The Garden of Reality contemplates the relativity of religious truth religious pluralism transreligious discourse postmodern cosmology and multireligious mysticism Its transreligious approach aims at a future multireligious peaceful society in an ecological and cosmic context It proposes that the future of humanity is bound to conviviality with itself and the Earth that the deepest religious motivations of existing together are relative to one another and that transreligious relativity is essential to the conviction of religions that their

motivations experiences and conceptualities are meaningful real and true By engaging diverse voices from poststructuralism to Sufism Dzogchen and philosophical Daoism from conceptual frameworks of Christianity and Hinduism to mystical and postmodern cosmology current cosmopolitanism and interreligious and interspiritual discourses but especially understudied contributions of process thought and the Bah religion this book suggests that multireligious conviviality must listen to the universal relevance of a multiplicity of minority voices Its polyphilic pluralism affirms the mutual immanence and co creative nature of religions and spiritualities with the universal in sistance of divine or ultimate reality in the cosmos Embracing a relativistic and evolutionary paradigm in an infinite cosmos of creative becoming religions must cope with events of novelty that disturb and connect transcend and contrast the continuum of their truth claims but must avoid conflict as religious diversity is enveloped by an ever folding landscape of ultimate reality **Stirring Waters** Bart L. Brenner, Wayne E. Purinton, 2019-08-29 In *Stirring Waters* Brenner and Purinton tackle a host of questions surrounding the traditional understandings of Christian beliefs and present a variety of perspectives on the key topics of Bible God Yeshua spirit and more They go beyond the why to asking so what Through questions and discussion starters *Stirring Waters* offers a fresh way of making sense of faith and church It wrestles with the ambiguities uncertainties and risks of this age and discusses the possibilities the authors have discovered for making sense of life and death It delves into a conversation about faith and understanding of those mysteries Christians often associate with God and the religious life I can t tell you what kind of book this is theology spiritual autobiography memoir practical guide It is all of these and none of these Probably it is a category that has not been invented until this moment I can tell you that this book did for me today what Marcus Borg and Dom Crosson did for me at the end of the last century From the Preface by Dr David R Sawyer **What Christ? Conversations with a Friend Dalende,2011-12-06 Many books have been written on the Universal truths but the truths presented here are given in a simple form and language to which people can relate and understand and not in the obscure language of the mystics of the past Universal truths are not magical as they are just truths and truths have always existed and always will The Universe is based on eternal laws and these will never change and cannot be changed You are not what you accumulate and think you own in this life Those possessions are just the baggage you carry in this life that allows you to travel comfortably from station to station and nothing more This baggage will not improve your conditions when you reach your final destination The experiences from the lessons learned are the only baggage you can carry with you nothing more Dalende takes you on a journey of self discovery through lifes experiences while discussing topics such as Creation and
