William Ellery Channing

Jesus Christ And The Life Of The Mind:

Jesus Christ and the Life of the Mind Mark A. Noll, 2013-10-16 In *The Scandal of the Evangelical Mind* 1994 Mark Noll offered a forthrightly critical assessment of the state of evangelical thinking and scholarship Now nearly twenty years later in a sequel more attuned to possibilities than to problems Noll updates his earlier assessment and charts a positive way forward for evangelical scholarship Noll's *Jesus Christ and the Life of the Mind* shows how the orthodox Christology confessed in the ancient Christian creeds far from hindering or discouraging serious scholarship can supply the motives guidance and framework for learning Christian faith Noll argues can richly enhance intellectual engagement in the various academic disciplines and he demonstrates how by applying his insights to the fields of history his own area of expertise science and biblical studies in particular In a substantial postscript Noll candidly addresses the question How fares the evangelical mind today as he highlights hopeful signs of intellectual life in a host of evangelical institutions individuals and movements From publisher description [The Complete Works of W.E. Seeking the Mind of Christ Robert Elliott Speer, 1926 [The Infinite Energy of Mind](#) Charles Fillmore, 2023-11-11 In *The Infinite Energy of Mind* Charles Fillmore explores the profound relationship between consciousness and creativity delving into the metaphysical principles that govern thought and manifestation The book is written in an accessible yet profound literary style blending philosophical discourse with spiritual insights all steeped in the New Thought movement's tenets Fillmore articulates the transformative power of the mind using a confluence of anecdotal evidence and spiritual doctrines to illustrate how individuals can harness their innate mental energies to achieve their fullest potential Through a mix of practical guidance and theoretical exploration he invites readers into a realm where thought is not merely a cognitive process but a dynamic force shaping one's reality Charles Fillmore co-founder of the Unity Church was a pivotal figure in the New Thought movement deeply influenced by his own life experiences and spiritual journey His belief in the power of affirmative thought and the potential for personal transformation stemmed from his early struggles with health and finances prompting him to search for deeper spiritual truths Fillmore's unique perspective integrates Christian mysticism Eastern philosophies and metaphysical thought making his works resonate across various spiritual landscapes This book is highly recommended for those seeking to understand the mechanics of consciousness and its impact on life Readers interested in self-improvement psychology or spirituality will find Fillmore's insights invaluable as they navigate their journeys towards personal empowerment and self-realization [The Religious Sentiments of the Human Mind](#) Daniel Greenleaf

Gwynn,2012-02 As both chemist and priest your scribe believes that the current gap between science and religion can be bridged largely by revelation Revelation is a select part of religion often beyond the ken or competence of qualified science Types of revelation comprise the manifest supernatural and prophecy fulfilled prophecy supporting what is yet to be fulfilled The book offers answers and asks a variety of questions This book is written in four sections each with chapter like and numbered subsections Section 1 the most scriptural and salvational Section 2 the most prophetic or revelatory Section 3 the most scientific and integrative knowledge Section 4 the most semantic and hypothetic Section 1 Scripture Old and New Testament appears to be a rich source of revelation and other reliable spiritual reality Its integrity distinguishes divine and human reporting also religion versus irreligion Jesus early advent fulfilled dozens of Old Testament prophecies divine evidence for the reliability of its revelation Scripture reveals that Jesus of Nazareth walked among us both man and God Section 2 Section 2 comprise a commentary upon the Revelation to John The prophecy concentrated therein is mysterious in part yet relatively ordered and culminating It helps to organize other prophecy revealed in Scripture And it serves to guide our on going participation with the ascended Christ as Lord

Prophecy reveals that God has operated mightily in and on history that he has revealed essential parts of his plan and care for mankind Section 3 Without religion science particularly inanimate science tends to support determinism also a relatively rigid causation or rationalism Science develops knowledge more than understanding Section 3 attempts to assemble salient science together with a minor proportion of related hypotheses Your scribe believes that God's concern and involvement and control of life is more intimate and profound than most science and philosophy has indicated Section 4 The relatively hypothetic Section 4 comprises much supposition some semantically treated Suppositions are offered concerning material or systematic structures for said living sub matter in body mind and soul Life after first death is a gift from the soul's Creator Spirits just and unjust await resurrection in the spirit not in the flesh not in reincarnation The soul is foundational to theology and tends to respond to spiritual reality to living sub matter particularly to God and other souls *St. Andrew's Cross*, 1905 Mind, 1893 **Nautilus Magazine of New Thought** Elizabeth Jones Towne, 1915 *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986*, 1997 *Reincarnation in Christianity* Geddes MacGregor, 1990-03-09 In this exciting landmark work MacGregor delves into the annals of Christian history to demonstrate that Christian doctrine and reincarnation are not mutually exclusive belief systems
