Henriksen, 2020-04-23 Christian faith depends upon the resurrection of Jesus but the claim about Jesus resurrection is nevertheless disputed This book written by a New Testament scholar and a systematic theologian in conjunction develops the conditions for the claim It carefully analyzes the relevant texts and their possible interpretations and engages with New Testament scholarship in order to show nuances and different trajectories in the material The picture emerging is that the New Testament authors themselves tried to come to terms with how to understand the claim that Jesus had been resurrected from the dead But the book does not stop there by also asking for the experiential content that gave rise to the belief in the resurrection Sandnes and Henriksen argue that there is no such thing as an experience of the resurrection reported in the New Testament only experiences of an empty tomb and appearance of Jesus interpreted as Jesus resurrected Hence resurrection emerges as an interpretative category for post Easter experiences and is only understandable in light of the full content of Jesus ministry and its context **The Resurrection of Jesus** Dale C. Allison, Jr., 2021-03-11 The earliest traditions around the narrative of Jesus resurrection are considered in this landmark work by Dale C Allison Jr drawing

together the fruits of his decades of research into this issue at the very core of Christian identity Allison returns to the ancient sources and earliest traditions charting them alongside the development of faith in the resurrection in the early church and throughout Christian history Beginning with historical critical methodology that examines the empty tomb narratives and early confessions Allison moves on to consider the resurrection in parallel with other traditions and stories including Tibetan accounts of saintly figures being assumed into the light in the chapter Rainbow Body Finally Allison considers what might be said by way of results or conclusions on the topic of resurrection offering perspectives from both apologetic and sceptical viewpoints In his final section of modest results he considers scholarly approaches to the resurrection in light of human experience adding fresh nuance to a debate that has often been characterised in overly simplistic terms of it happened or it didn't

Following Jesus Phillip C. Thraill, 2022-10-17 Two questions are braided together in Luke's Gospel Who is Jesus and what does it mean to be his student and apprentice The church has spent much of its intellectual energies on the first question but not so much on the second We are precise in our Christology and vague in our Discipleology my new word Of the four biographies that open the New Testament Luke is perhaps the best equipped to answer the question of what it means to follow Jesus along with others and what we can expect in the process Luke's Gospel is dense with story after story about Jesus's stumbling goofy persistent disciples And his second volume Acts continues the tale There is a deep continuity as Luke teaches between Jesus's original disciples and the ones who later declared their allegiance to him after his resurrection We walk in the footsteps of pioneers in this new way of living with a Jesus who is always near but just beyond sight The aim of this book is to plunder the fruits of New Testament scholarship especially the tools of rhetorical and narrative criticism to highlight what an incredible adventure came with the call to follow me The Case of the Empty Tomb Stephen Gaspar, 2004 Reluctant Roman Tribune encounters strange Hebrew mysticism and dangerous political intrigue in first Century Jerusalem while trying to solve the greatest mystery of all time

Revelation as Testimony Mats Wahlberg,2014-11-08 According to the pre modern Christian tradition knowledge of God is mainly testimonial we know certain important truths about God and divine things because God himself has told them to us In academic theology of late this view is often summarily dismissed But to do so is a mistake claims Mats Wahlberg who argues that the testimonial understanding of revelation is indispensable to Christian theology Criticizing the currently common idea that revelation should be construed exclusively in terms of God s self manifestation in history or through inner experience Wahlberg discusses the concept of divine testimony in the context of the debate about how any knowledge of God is possible He draws on resources from contemporary analytic philosophy especially John McDowell and Nicholas Wolterstorff to argue for the intellectual viability of revelation as divine testimony **A Case for the Divinity of Jesus** Dean L.

Overman,2009-10-16 Whether Jesus was really the Son of God or not is a central question for Christians and one that has provoked heated debate since the time of Jesus birth Dean L Overman examines the earliest Christian records to build a compelling case for the divinity of Jesus Overman analyzes often overlooked evidence from liturgies and letters written in the years immediately following Jesus death decades earlier than the Gnostic gospels or the New Testament gospels Addressing questions raised by books such as Bart Ehrman s Misquoting Jesus and Elaine Pagels The Gnostic Gospels Overman presents powerful evidence from the earliest Christian communities that will be new for many modern Christians and builds a carefully reasoned case for Jesus truly being the Son of God **Bethlehem to Patmos: The New Testament Story**

(Revised 2013) Paul Barnett,2013-03-08 The historian Paul Barnett examines the New Testament story and beyond in this revision of his bestselling work Bethlehem to Patmos Through this fascinating journey he shows that the New Testament is historically reliable on the life of Jesus and the early experiences of the nascent first century church I am thrilled that Paul Barnett s time honoured orientation to the New Testament will continue to find an audience with this new edition In an age in which religion is frequently evaluated by the sound bytes of its most eccentric representatives it is essential to find a

reliable guide to the actual documents that underlie the Christian faith Barnett's familiarity with the documents and his historical judgement and engaging storytelling make him just such a guide The work moves swiftly from the events that opened the New Testament era to those that brought it to a close Along the way Barnett shows how these events relate to scholarly understanding of the era what was at stake in interpreting and committing these events to writing and why these events continue to have significance The book is immensely useful as a solid orientation for students of the New Testament and I commend it gladly Matthew R Malcolm Head of New Testament Trinity Theological College Western Australia
