to the Enlightenment's critique and rejection of Christianity. In so doing they have brought into Enlightenment understandings of human reality and the transcendent. Rosario argues that in order to get beyond the impasse between theologies of the Word and culture we need a different starting point. He discovers that starting point in two sources: 1 through the work of liberation and contextual theologians on the role of the Holy Spirit and 2 through a comparative analysis of the teachings on the hiddenness of God from the three Abrahamic religions: Judaism, Christianity, and Islam. Rosario offers a strong argument for why this third theological starting point represents not just a marginal or niche position but a genuine alternative to the two traditional theological streams. His work will shift readers' understanding of the options in theological discourse beyond the false alternatives of theologies of the Word and culture.

Racism and God-Talk Ruben Rosario Rodriguez, 2008-07-19
 2011 Winner of the Book Awards Contest in the Discipline of Theology Presented by Alpha Sigma Nu. The apostle Paul wrote that "All of you are one in Christ Jesus." Given Paul's vision of God's kingdom defined by the breakdown of all distinctions and relationships of domination—no longer Jew or Greek, slave or free, male or female—how do we make sense of ethnic particularity within the church's theological formulations? *Racism and God-Talk* explores the biblical and religious dimensions of North American racism while highlighting examples of resistance within the Christian religious tradition. Social historians have seldom analyzed the problematic of race from a primarily theological perspective. This volume undertakes a critical examination of explicitly theological and confessional perspectives for understanding and transforming North American racism. Rosario Rodriguez offers insights from Latino a theology for broader scholarly and social discussions concerning racism, borders, and immigration. The first to analyze race and racism from a Latino a theological perspective, the volume makes use of a broadened conceptualization of *mestizaje* or mutual cultural exchange to challenge the church to recognize the effects of racial and ethnic particularity in all theological construction.

Seeing Jesus in East Harlem José Humphreys, 2018-10-09. Church leaders need to show up, stay put, and see what God is doing in their midst. Pastor Jos Humphreys recognizes how deeply our faith is tied to our particular stories in our particular places. Combining spiritual formation with activism, vivid narrative with exhortation and realism with hopefulness, Humphreys offers pastors and church planters a thoughtful look at discipleship in a complex world.

Dual Citizenship Kayko Driedger Hesslein, 2015-06-18. Jesus' particular Jewish existence, his human nature, and his universal transcendence, his divine nature are brought together here in the construction of a Christology that proposes the equality, unity, and full participation of both natures. Using frameworks from multicultural theory, it identifies the processes by which Christologies have historically negotiated difference in the Incarnation and explains why uniting the two natures of Christ consistently and problematically supplants Jesus' Jewishness. This conceptual framework unites the two natures without sublimating their differences by proposing a contextual universalism. *Overlapping membership* offers the means whereby the particular Jewish human nature and the universal divine nature of Jesus Christ engage in an ongoing dialogue and formation in the one person of the Incarnation. This work offers a

new way of understanding the two natures of Christ that brings together historical understandings with contemporary contextual Christologies enabling us to find a way to understand Christ as both truly human and fully divine *Los Protestantes* Juan Francisco Martínez Jr., 2011-10-20 Contradicting the widely held but false belief that all Latinos are Catholic this book offers a concise one volume introduction to America's Latino Protestants the fastest growing segment of U S Protestantism today *Los Protestantes* An Introduction to Latino Protestantism in the United States the first to provide a broad introduction to this rapidly growing population At its core is an exploration of the group's demographics denominational tendencies and potential for continued growth Current information is supported by a survey of the history of Latino Protestants in the United States which dates back to the efforts of missionaries in the mid 19th century *Los Protestantes* brings together data from formerly disparate studies of various aspects of the community to create an insightful overview The work presents brief descriptions of principal denominations and organizations among Latino Protestants It notes marked differences that separate Latino Protestants from other U S Protestants and it examines an evolving Protestant Latino ethno religious identity Readers will come away from this study more clearly understanding the current state of Latino Protestantism in the United States as well as where Latino Protestants fit in the overall picture of U S religion
