Action Jiddu Krishnamurti, 2000-12 Krishnamurti offers radically different answers to questions about relationship with others and why we do not act with clarity and intelligence He says Surely true action comes from clarity When the mind is very clear unconfused not contradictory within itself then action inevitably follows from that clarity *The Collected Works of J. Unforgettable And Affecting Account Of The Life Of This Beloved Religious Figure Who Touched The Hearts And Minds Of Millions *The Origin of Conflict* J Krishnamurti, 2022-09-09 Until the end of his life at the age of ninety Krishnamurti the world teacher traveled the world speaking as a private person The rejection of all spiritual and psychological authority including his own is a fundamental theme A major concern is the social structure and how it conditions the individual The emphasis in his talks and writings is on the psychological barriers that prevent clarity of perception Because his subject is all embracing the Collected Works which are in 18 Volumes are of compelling interest Within his talks in any one year Krishnamurti was not able to cover the whole range of his vision but broad amplifications of particular themes are found throughout these volumes In them he lays the foundations of many of the concepts he used in later years The Collected Works contain Krishnamurti's previously published talks discussions answers to specific questions and writings for the years 1933 through 1967 They are an authentic record of his teachings taken from transcripts of verbatim shorthand reports and tape recordings Jiddu Krishnamurti was born in 1895 of Brahmin Parents in South India At the age of fourteen he was proclaimed the coming World Teacher by Annie Besant then President of the Theosophical Society an international organization that emphasized the unity of world religions Mrs Besant adopted the boy and took him to England where he was educated and prepared for his coming role In 1911 a new worldwide organization was formed with Krishnamurti as its head solely to prepare its members for his advent as World Teacher In 1929 after many years of questioning himself and the destiny imposed upon him Krishnamurti disbanded this organization saying Truth is a pathless land and you cannot approach it by any path whatsoever by any religion by any sect Truth being limitless unconditioned unapproachable by any path whatsoever cannot be organized nor should any organization be formed to lead or to coerce people along any particular path My only concern is to set men absolutely unconditionally free Until the end of his life at the age of ninety Krishnamurti traveled the world speaking as a private person The rejection of all spiritual and psychological authority including his own is a fundamental theme A major concern is the social structure and how it conditions the individual The emphasis in his talks and writings is on the psychological barriers that prevent clarity of perception In the mirror of relationship each of us can come to understand the content of his own consciousness which is common to all humanity We can do this not analytically but directly in a manner Krishnamurti describes at length In observing this content we discover within ourselves the division of the observer and what is observed He points out that this division which prevents direct perception is the root of human conflict His central vision did not waver after 1929 but Krishnamurti strove for the rest of his life to make his language even more simple and clear There is a development in his exposition From year to year he used new terms and new approaches to his subject with different nuances Because his subject is all embracing the Collected Works are of compelling interest Within his talks in any one year Krishnamurti was not able to cover the whole range of his vision but broad amplifications of particular themes are found throughout these volumes In them he lays the foundations of many of the concepts he used in

later years The Collected Works contain Krishnamurti's previously published talks discussions answers to specific questions and writings for the years 1933 through 1967 They are an authentic record of his teachings taken from transcripts of verbatim shorthand reports and tape recordings *The Collected Works of J. Krishnamurti, Volume I: 1933-1934: The Art of Listening* Jiddu Krishnamurti, 2012-11-15 This first volume covers talks given in Italy Norway and India Krishnamurti begins with the statement Friends I should like you to make a living discovery not a discovery induced by the description of others I am not going to try to describe what to me is truth for that would be an impossible attempt One cannot describe or give to another the fullness of an experience Each one must live it for himself **The Mirror of Relationship , Love , Sex , and Chastity** J Krishnamurti, 2012-08-08 Krishnamurti stressed that relationship is the mirror in which we see ourselves as we are Topics discussed include the nature of image making pleasure and desire sex chastity marriage and love When sexual feeling is born out of pleasure it is lust If it is born out of love it is not lust even though great delight may then be present

On God Jiddu Krishnamurti, 1992-11-06 On God contemplates our search for the sacred Sometimes you think life is mechanical and at other times when there is sorrow and confusion you revert to faith looking to a supreme being for guidance and help Krishnamurti explores the futility of seeking knowledge of the unknowable and shows that it is only when we have ceased seeking with our intellects that we may be radically free to experience reality truth and bliss He presents the religious mind as one that directly perceives the sacred rather than adhering to religious dogma **The Beauty of Life** Jiddu Krishnamurti, 2023-01-10 The final writings by the world famous spiritual teacher J Krishnamurti in which he reflects to himself on the natural world around him and what this might tell us about human consciousness Includes previously unpublished material Most of Krishnamurti's books are transcriptions from the many talks he gave This book however contains short pieces from his notebooks which are heartfelt and intimate More than 55 short entries between one and six pages long start with descriptions unfolding amidst mountains jungles and rolling meadows and then end with his own spontaneous musings The writing feels totally spontaneous and in the moment and is never clichéd or too smooth You are drawn to consider his words carefully because your mind is quiet For Krishnamurti the challenge is to keep our minds free from preconceptions and ultimately free from any concepts at all So you don't decide to meditate and you never consciously meditate at all as a distinct action You actively meditate from one second to the next but without effort It's just how you are Our minds can bring us down and seemingly conspire against us but a quieter contemplation of how things truly are can also bring breakthroughs and peace This is exactly what this book is for through its vivid scenes and helpful contemplations Krishnamurti is perfect for seekers who have exhausted all the how-tos and are disillusioned by teachers who are coasting or who are writing books to generate an income when they have nothing to say The spiritual market is maturing and there are many people who want more This is for them **Meditations** J. Krishnamurti, 2018-04-17 A classic collection of excerpts from one of the great spiritual leaders of the twentieth century now in the newly designed Shambhala Pocket Library series

Jiddu Krishnamurti 1895 1986 went from his origins in a small south Indian village to become one of the great spiritual teachers of the twentieth century He taught that the only way to create peace on earth is to transform the human psyche but that there is no path to this transformation no method for achieving it and no gurus nor spiritual authorities who can help Rather the transformation is a truth that each of us must discover within ourselves This classic collection of brief excerpts from Krishnamurti s books and talks presents the essence of his teaching on meditation a state of attention beyond thought which brings total freedom from authority and ambition fears and separateness **The Collected Works of J.**

Krishnamurti Jiddu Krishnamurti,J. Krishnamurti,1991 In this volume Krishnamurti takes great care to elucidate this necessity of a revolution within our consciousness where the problem lies before we expect any kind of revolutionary change outside of ourselves Krishnamurti posits that if the politicians and scientists wanted to end starvation in the world it could be done It could be done but they are not going to do it as long as their thinking is based on nationalism on motives of their own personal profit And even if this far reaching outward change were brought about it seems to me that the problem is much deeper The problem is not merely starvation war the brutality of man to man it is the crisis in our own consciousness

Fundamentally the problem lies within p 295 **A Light to Yourself** J Krishnamurti,2022-09-09 In these talks given in Europe and India Krishnamurti goes into the importance of going into problems openly without conclusions because we approach our problems partially through all these various forms of conditioning it seem to me that we are there by not understanding them Ifeel that the approach to any problem is of much more significance than the problem itself and that if we could approach our many difficulties without any particular form of conditioning or prejudice then perhaps we would come to a fundamental understanding of them A next extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offer the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form *Commentaries on Living* Jiddu Krishnamurti,1956 What You Are Is Much More Important Than What You Should Be You Can Understand What Is But You Cannot Understand What Should Be The Essential Message Of J Krishnamurti Revered Philosopher And Spiritual Teacher Challenges The Limits Of Ordinary Thought In Talks To Audiences Worldwide He Pointed Out To Listeners The Tangled Net Of Ideas Organizational Beliefs And Psychological

Mind Sets In Which Humanity Is Caught And That Truth The Understanding Of What Is Not Effort Is The Key Factor Of Human Liberation Commentaries On Living A Three Volume Series Records Krishnamurti S Meetings With Individual Seekers Of Truth From All Walks Of Life In These Dialogues He Reveals The Thought Centred Roots Of Human Sorrow And Comments On The Struggles And Issues Common To Those Who Strive To Break The Boundaries Of Personality And Self Limitation In Over Fifty Essays In Each Volume Krishnamurti Explores Topics As Diverse As Knowledge Truth Fulfilment Meditation Love Effort Seeking Life And Death Education The Series Invites Readers To Take A Voyage On An Uncharted Sea With Krishnamurti In His Exploration Of The Conditioning Of The Mind And Its Freedom *Freedom from the Known* Jiddu Krishnamurti,1975-03-19 Krishnamurti shows how people can free themselves radically and immediately from the tyranny of the expected no matter what their age opening the door to transforming society and their relationships

Ellipses in the course of a passage indicate words or sentences omitted Krishnamurti spoke from such a large perspective that his entire vision was implied in any extended passage If one wishes to see how a statement flows out of his whole discourse one can find the full context from the references at the foot of each passage These refer primarily to talks which have been published in The Collected Works of J Krishnamurti This seventeenvolume set covers the entire period from which this Study Book has been drawn A complete bibliography is included at the end of this book **The Collected Works of J.Krishnamurti -Volume XVI 1965-1966: The Beauty of Death** Jiddu Krishnamurti,2012-11-15 Krishnamurti gave these talks in India and Europe The talks span the whole of human existence exploring what it means to live rightly in a world full of confusion and misery only in peace that a human being can flower in goodness not in war not in violence not in disorder but only when there is a deep abiding peace And to understand this whole phenomenon of hate destruction and disorder one has to enquire not merely intellectually because such an enquiry is futile worthless and has no meaning whatsoever but actually what order means what violence means and the significance of peace one has to enquire non verbally non intellectually intellectual inquiry really has very little meaning because most of us have read or indulged in theory what peace should be how to get rid of violence how to establish order Can Humanity Change? J. Krishnamurti,2003-11-11 Many have considered Buddhism to be the religion closest in spirit to J Krishnamurti s spiritual teaching even though the great teacher was famous for urging students to seek truth outside organized religion This record of a historic encounter between Krishnamurti and a group of Buddhist scholars provides a unique opportunity to see what the great teacher had to say himself about Buddhist teachings The conversations which took place in London in the late 1970s focused on human consciousness and its potential for transformation Participants include Walpola Rahula the renowned Sri Lankan Buddhist monk and scholar author of the classic introductory text What the Buddha Taught The Collected Works of J.Krishnamurti -Volume XIII 1962-1963: A Psychological Revolution Jiddu Krishnamurti,2012-11-15 The psychological revolution that Krishnamurti refers to is not only in the conscious mind but also in the unconscious He states This is one of our difficulties perhaps our major difficulty to be free of the whole content of the unconscious This hidden part of our consciousness is the result of many thousands of years of mans endeavor we are the sum total of his struggles his hopes his despairs his everlasting search for something beyond and this piling up of experience is still going on within us To be aware of that conditioning and to be free of it demands a great deal of attention
