## **Jihad Readymade Factory Against Terrorism:**

Jihad S. P. Bahera, 2015      **Future Jihad** Walid Phares, 2006-09-19 MSNBC terrorism expert Walid Phares offers a terrifying look into the future of jihad and reveals how the U S can win the war      **Global Jihad, Islamic Radicalisation and Counter Strategy** Noor Dahri, 2019-05-01 The Jihadist ideology has destroyed the world from East to West They have tried to implement Shariah Law People use and abuse religion in order to create fear and anxiety within the victim Counter Terrorism experts as well as governmental departments are fighting on many frontlines There already exists Islamist ideology that challenges the writ of the governmental authority and other issues that have damaged the democratic values of the state like the right wing terrorism and ethno nationalist fundamentalism such as in Spain and Italy We are stuck between two world orders Islamic and democratic world order Both these powers have now been fighting each other for nearly half a century from colonialism to political Islamic era till the 21st century when the world became a global village Terrorists are using new technologies in relations to lure vulnerable people and the western youths are their easy target to recruit We must apply the right tools to eliminate such ideology that corrupted millions of minds      The Confrontation: Winning the War Against Future Jihad Walid Phares, 2008-03-18 In Future Jihad terrorism and Middle East expert Walid Phares gave a definitive account of the historical and cultural forces that led to September 11 and the rise of radical Islam In The War of Ideas he revealed the conflict of ideologies that underlie the War on Terror Now in The Confrontation he identifies the clashes to come and provides a blueprint for defeating the forces of jihad Moving from the ravaged villages of the Sudan to London s Muslim neighborhoods to the battlefields of Iraq and Afghanistan he illuminates the vast and complex world of the global jihadist movement He offers a multi pronged strategy global in scope and calls on the world s diverse local and international institutions to come together and coordinate their efforts Pointing the way forward this book shows how we might reclaim a world that is safe for freedom and democratic societies      'home-Grown' Jihad Samuel John MULLINS, 2015-11-09 Based on seven years of original research this book contains one of the most detailed and comprehensive assessments of home grown Islamist terrorism HGIT in the US and UK to date Beginning with an examination of the development of militant networks during the 1980s and 1990s it traces the origins of HGIT and highlights the significance of these early experiences in different countries for shaping the future trajectory of the threat The book also examines the range of motivations for violent jihad in the West suggesting a composite theoretical model that specifies three necessary conditions for involvement and challenges popular explanations for differential rates of terrorism which emphasize socioeconomic factors The book analyzes the background and operational activities of nearly 800 American and British jihadis who mobilized between 1980 and September 11th 2013 including factors such as mental health education processes of radicalization leadership use of the Internet sources of funding and links to foreign terrorist organizations This analysis is then complemented with an examination of how these individuals have been dealt with by the respective security services

From the first proponents of global jihad to the recent wave of volunteers inspired by events in the Middle East this book provides an extensive yet lucid analysis of one of the greatest security concerns facing America and Great Britain today Home Grown Jihad challenges existing studies on a number of key issues and expands our understanding of HGIT It will be invaluable to academics practitioners and policymakers alike Global Jihad Rajeev Sharma, 2006 This Book Focuses For The First Time On An Entirely Different Genre Of Terrorism Which Although It Derives Its Inspiration From The Al Qaida Has Evolved Its Own Dangerous Mixture Of State Sponsorship Mafia Support And Religious Fanaticism In The Process The Sub Continent Has Seen The Emergence Of The Lashkar E Toiba As A New International Behemoth Coupled With An Explosion Of Religious Shools In Pakistan Whose Alumni Fanned Out In Diaspora Of Bigotry Not Only Over The Sub Continent But Across South East Asia Thus The Let Its Parent The Jamaat Ud Dawa And Its Auxillaries Can Truly Be Counted As The Next Generation Of Home Grown Terrorist Groups With Wide International Ramifications The Danger From The Let And Its Fellow Travellers Is Far Greater Than Posed By The Al Qaida The Let Is The Only Terrorist Organisation That Enjoys The Protection And Guidance Afforded By The Isi Unlike The Al Qaida Which Depended On Scattered Support The Let And Its Cohorts Have Ready Access To The World Wide Support Of The Dawood Ibrahim Mafia By Way Of Transport Arms Ammunition Safe Houses And Legends Besides The Authors Has Placed China And Saudi Arabia Under A Microscope For Their Sins Of Omission And Commission In Many Respects Therefore This Bok Is A Trail Blazer A Must For All Serious Students Of Terrorism Contents Chapter 1 Concepts Of Jihad Islam Jihad And Terrorism Some Of The Islamic Terms The Levels Of Jihad Does Jihad Mean Holy War Who Is Authorized To Call For Jihad As A War What Does Islam Say About Terrorism Some Of The Prophet Muhammad S Teaching Sunnah Islam And Human Rights Jihad Explained Wahabism Its Origin And Meaning Chapter 2 Epicentre Of Jihad Osama S Fatwa Pakistani Rulers And The Islamic Card Pakistan S Proxy War Against India Op Sarp Vinash Recovery Of A Missile Shift In Millitants Strategy Criminialisation Of Kashmir Militant Outfits Pakistan Mullah Military Nexus Terror Outfits In Pakistan Continue To Flourish Al Qaida S Next Attack Can Be Through The Sea Al Qaida S Threat To India Definition Of Terrorism Split In Jamaat Ud Daawa Lashkar E Toiba Reason To Split Role Of Isi Implications Of Split On Jihadi Outfits Chapter 3 Musharraf And Jihad Musharraf And Kashmir Was Rocca On Mission Osama In Pakistan Pok Is Pakistan S Soft Under Belly Musharraf America And Kashmir Is Musharraf In Trouble Trouble From Army Isi Problems Of Musharraf Lashkar E Toiba Kashmir Bus Diplomacy Pakistan Controlled Kashmir Northern Areas Water War Between Kashmir And Pakistan Disgraced Nuclear Scientists Wana Operations Strategic Encirclement Theory Pakistan S Proxy War Tactics In Afghanistan Flashpoint In Pak Afghan Ties Balochistan On The Boil Musharraf At Camp Daivd Why Pakistan Needs American Weapons Chapter 4 Madrasas Lifeline Of Jihad Seeds Of Extremism Role Of Zia Role Of Benazir And Musharraf Role Of Saudi Arabia In Terror Funding Politics Behind Madrasas Deobandi Madrasas Madrasas Providing Human Resource To Jaish E Muhammad Important Fund Raising Forums Jaish E Muhammad S

social political and economic grievances However such accounts cannot explain why other people that can lay claim to similar or more serious grievances have not developed such devastating religious terrorist ideologies Moreover many of the terrorists themselves have attested to their own religious motivation and their belief that they acted in accordance with the precepts of Islam In Warrant for Terror Shmuel Bar examines fatwas legal opinions declaring whether a given act under Islam is obligatory permitted or forbidden Fatwas serve as a major instrument by which religious leaders impel believers to engage in acts of jihad Bar argues that fatwas particularly those that come from the Arab world should not be dismissed as a cynical use of religious terminology in political propaganda Many terrorists testify that they were motivated to act by them Indeed this book shows that Islamic law plays a central role in determining for believers the practical meaning of the duty to jihad Bar examines the underlying religious legal and moral logic of fatwas and the depth of their influence particularly in contrast to alternative moderate Islamic interpretations He explores the wide scope of issues that fatwas deal with covering almost all facets of Islamic law of war the justification for declaring jihad the territory in which the jihad should be fought whether women and children may participate in jihad the legality of killing women children and other non combatants the justification for killing hostages and mutilating their bodies and the permissibility of diverse tactics and weapons including suicide attacks and even nuclear weapons and other weapons of mass destruction Warrant for Terror also delves into the contradictions between the radical and the mainstream narratives and the sources of the weakness of the latter in the face of the former In the conclusion the author raises a number of provocative questions relating to the religious policy of the West in the face of the threat of Islamic extremism This book is published in cooperation with the Hoover Institution *Jihad* P. K. Das,2009 Delegitimizing Al-Qaeda Paul Kamolnick,2012 Disrupting dismantling and ultimately defeating al Qaeda based and inspired terrorism is a declared policy of the U S Government Three key strategic objectives have been identified for accomplishing this attacking al Qaeda s terror network undermining radicalization and recruitment and hardening homeland defense The present monograph proposes a distinct jihad realist approach for undermining radicalization and recruitment to al Qaeda First a brief discussion of six means for ending terrorist organizations is provided Second the premises of a jihad realist approach are described Third a jihad realist Shari a case against al Qaeda s terrorism is presented In conclusion key assertions are summarized and several specific policy recommendations offered for national security personnel charged with formulating and executing counterterrorist messaging strategy **The Worldwide Jihad: The Truth About Islamic Terrorism** Robert Spencer,2013-02-23 In this collection of Robert Spencer s writings he discusses the real dangers of Islamic jihad and the spread of sharia laws across the world Book Excerpt You keep abusing Islam s almighty Prophet with disgusting and disgraceful cartoons using excuses of freedom of speech Be Allah s curse upon you That was the message that hackers left on the website of France s satirical weekly Charlie Hebdo after it announced plans to feature the Islamic prophet Muhammad as editor in chief of an upcoming issue When the issue appeared last week the publication s offices were

firebombed and destroyed Charlie Hebdo's editor Stephane Charb Charbonnier was not cowed We no longer have a newspaper he said All our equipment has been destroyed or has melted We cannot today put together a paper But we will do everything possible to do one next week Whatever happens we'll do it There is no question of giving in Already there are calls for free people to surrender Calls for self censorship and greater sensitivity toward Muslims have already begun Bruce Crumley wrote in Time magazine in the wake of the bombing that it's obvious free societies cannot simply give in to hysterical demands made by members of any beyond the pale group and that intimidation and violence must be condemned and combated for whatever reason they're committed but that it's just as evident members of those same free societies have to exercise a minimum of intelligence calculation civility and decency in practicing their rights and liberties and that isn't happening when a newspaper decides to mock an entire faith on the logic that it can claim to make a politically noble statement by gratuitously pissing people off Certainly a decent person doesn't go around gratuitously angering people But when it comes to censorship or even legislation who is to decide what angers people gratuitously The people in power of course Time is essentially calling for restrictions on the freedom of speech and the creation of a special privileged class that is beyond criticism That is the death of free society and the road to tyranny for the class that is beyond criticism will have a free hand to do whatever it wants and what will anyone be able to say

**The Global Jihad Movement** Rohan

Gunaratna, Aviv Oreg, 2015-07-01 Three to four dozen international and local organizations up to one hundred thousand individuals and millions of supporters are part of the phenomenon of Global Jihad The Global Jihad Movement endeavors to name and differentiate these organizations and to explain their infrastructure operational capabilities and activities It also analyzes their mutual and multi lateral relations inside and outside the jihadi framework In essence this is a who's who in the Global Jihad The first section deals with ideology focusing on the emergence of the Salafi and the Salafi jihadi ideologies which are still the most important factors behind the operational performance of Global Jihadi elements The second section addresses the affiliate groups of al Qaeda such as al Qaeda in the Arabian Peninsula al Qaeda in the Islamic Maghreb and al Qaeda in Iraq This section focuses mainly on the groups that adopted al Qaeda's Global Jihad strategy by incorporating Western targets in their vicinity of operations in their targeting policies The next section discusses the different jihad arenas that have emerged over the last three decades absorbing jihadi fighters from Islamic communities around the world Finally The last section examines the long process of radicalization from regular and normative lifestyle patterns to the final jihadi stage which in many cases involves martyrdom as suicide bombers in the name of radical Islam

**Leaderless Jihad** Marc Sageman, 2011-09-29 In the post September 11 world Al Qaeda is no longer the central organizing force that aids or authorizes terrorist attacks or recruits terrorists It is now more a source of inspiration for terrorist acts carried out by independent local groups that have branded

themselves with the Al Qaeda name Building on his previous groundbreaking work on the Al Qaeda network forensic psychiatrist Marc Sageman has greatly expanded his research to explain how Islamic terrorism emerges and operates in the twenty first century In *Leaderless Jihad* Sageman rejects the views that place responsibility for terrorism on society or a flawed predisposed individual Instead he argues the individual outside influence and group dynamics come together in a four step process through which Muslim youth become radicalized First traumatic events either experienced personally or learned about indirectly spark moral outrage Individuals interpret this outrage through a specific ideology more felt and understood than based on doctrine Usually in a chat room or other Internet based venues adherents share this moral outrage which resonates with the personal experiences of others The outrage is acted on by a group either online or offline *Leaderless Jihad* offers a ray of hope Drawing on historical analogies Sageman argues that the zeal of jihadism is self terminating eventually its followers will turn away from violence as a means of expressing their discontent The book concludes with Sageman s recommendations for the application of his research to counterterrorism law enforcement efforts *The Lesser Jihad* Elena Mastors, Alyssa Deffenbaugh, 2007 These motivational forces or the push combine with al Qaida s recruitment efforts or the pull Through robust and proactive propaganda efforts the al Qaida network entices potential recruits to follow its call to armed jihad **American Jihad** Steven Emerson, 2003-02-04 Leading the second wave of post 9 11 terrorist books *American Jihad* reveals that America is rampant with Islamic terrorist networks and sleeper cells and Emerson the expert on them explains just how close they are to each of us *The Jihadi Next Door* Kimberly Mehlman-Orozco, 2019-01-15 The recruitment of ISIS terrorists may have begun as an extremist crusade in Iraq but it has quickly become a global phenomenon that is taking hold of people from diverse backgrounds cultures and belief systems The iconic image of a terrorist as an old angry middle eastern man is long gone It has since been replaced by young men and women of all races and religious upbringings in tactical gear and ski masks carrying heavy artillery From the outside looking into the Islamic State most people see these men and women as nothing more than evil terrorists with a psychotic penchant for violence Internally they perceive themselves as freedom fighters or mujahedeen who violate the laws of men to protect their community according to the will of Allah Ultimately neither of these perceptions are based in reality While some experts claim that terrorist recruitment is completely random criminologist Kimberly Mehlman Orozco has identified clear patterns which can be used to explain how regular people are being conscripted into terrorism Using interviews with convicted terrorists in depth research and analysis of extremist propaganda and case specific details Dr Mehlman Orozco provides nuanced theories into the methods of terrorist recruitment methods which can be used to identify persons at high risk of being targeted *The Jihadi Next Door* provides unprecedented information that can be used to actually combat terrorism By laying bare the tactics used by ISIS to deceive and exploit new recruits and exposing the veneer these extremists operate under Dr Mehlman Orozco hopes to empower readers with the knowledge needed to prevent future recruitment and thereby

preventing acts of terrorism      **Knowing the Enemy** Mary Habeck, 2019-06-18 In considerable detail and with admirable clarity Habeck contributes one of the most valuable books on the ongoing Middle East and world crisis Booklist starred review After September 11 Americans agonized over why nineteen men hated the United States enough to kill three thousand civilians in an unprovoked assault Analysts have offered a wide variety of explanations for the attack but the one voice missing is that of the terrorists themselves This penetrating book is the first to present the inner logic of al Qaeda and like minded extremist groups by which they justify September 11 and other terrorist attacks Mary Habeck explains that these extremist groups belong to a new movement known as jihadism with a specific ideology based on the thought of Muhammad ibn Abd al Wahhab Hasan al Banna and Sayyid Qutb Jihadist ideology contains new definitions of the unity of God and of jihad which allow members to call for the destruction of democracy and the United States and to murder innocent men women and children Habeck also suggests how the United States might defeat the jihadis using their own ideology against them Concise and sober Quite simply the best single volume currently available on this topic Los Angeles Times Knowing the Enemy is vital in the struggle of ideas Theo Hartman Centre for Research on Geopolitics A level headed intelligent thorough and accessible survey of modern Islamic militant thinking The Guardian An important and necessary new book It demonstrates an insight and forthrightness rare among Western pundits The New York Sun A succinct and useful guide The Wall Street Journal      *Combatting Jihadist Terrorism through Nation-Building* M. Joseph Sirgy, Richard J. Estes, El-Sayed El-Aswad, Don R. Rahtz, 2019-04-23 This book focuses on the drivers of Jihadist terrorism and explains how a better understanding of these drivers can lead to more effective counterterrorism policies all over the world It builds on results of the extensive body of quality of life studies to document the historical geo political economic religious cultural and media drivers of Jihadist terrorism Guided by a major theme this book shows that the significant gains we have made in combatting Jihadist terrorism are not enough but that we need to embrace a much broader and comprehensive view of the antecedents and the sustaining enablers of this threat to help guide any sustainable efforts It proposes interventions designed to effectively treat the causes of this insidious disease This book is of great interest to new media policy makers concerned about national security as well as people and academic scholars whose research interest involves conflict and conflict resolution religious studies terrorism and counterterrorism Islamic history and Islamic geo politics
