X—The Problem of the Negro as a Problem for Thought Nahum Dimitri Chandler, 2013-12-15 The acclaimed scholar and author of *Beyond This Narrow Now* presents a provocative new reading of W E B Du Bois with far reaching implications

X The Problem of the Negro as a Problem for Thought offers an original account of matters African American and by implication the African diaspora in general as an object of discourse and knowledge It likewise challenges the conception of analogous objects of study across dominant ethnological disciplines e g anthropology history and sociology and the various forms of cultural ethnic and postcolonial studies With special reference to the work of W E B Du Bois Chandler shows how a concern with the Negro is central to the social and historical problematization that underwrote twentieth century explorations of what it means to exist as an historical entity referring to their antecedents in eighteenth century thought and forward into their ongoing itinerary in the twenty first century Nahum Chandler is one of the very few truly indispensable thinkers at work in the study of the African diaspora which is as he so brilliantly shows the study of the modern world

Black Theology--Essays on Global Perspectives Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black

theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures

*The Reinvention of Atlantic Slavery* Daniel Rood,2017 *The Reinvention of Atlantic Slavery* shows how at a moment of crisis after the Age of Revolutions ambitious planters in the Upper US South Cuba and Brazil forged a new set of relationships with one another to sidestep the financial dominance of Great Britain and the northeastern United States They hired a transnational group of chemists engineers and other plantation experts to assist them in adapting the technologies of the Industrial Revolution to suit tropical needs and maintain profitability These experts depended on the know how of slaves alongside whom they worked Bondspeople with industrial craft skills played key roles in the development of new production technologies like sugar mills While the very existence of skilled enslaved workers contradicted the racial ideologies underpinning slavery and allowed black people to wield new kinds of authority within the plantation world their contributions reinforced the economic dynamism of the slave economies of Cuba Brazil and the Upper South When separate wars broke out in all three locations in the 1860s the transnational bloc of masters and experts took up arms to perpetuate the Greater Caribbean they had built throughout the 1840s and 1850s Slaves played key wartime roles on the opposing side helping put an end to chattel slavery However the worldwide racial division of labor that emerged from the

reinvented plantation complex has proved more durable

**John Brown in Memory and Myth** Michael Daigh, 2015-10-14  
 John Brown's father on the day of his birth May 9 1800 wrote John was born one hundred years after his great grandfather  
 Nothing else very uncommon Many years later came the 1856 Pottawatomie Massacre where his uncommon convictions led him and his band of abolitionists to kill five pro slavery settlers in Franklin County Kansas Three years later Brown's raid on Harpers Ferry and his subsequent trial and execution helped push an already divided nation inexorably toward civil war This is the story of John Brown the age he embodied and the myth he became and how the tragic gravity of his actions transformed America's past and future Through biographical narrative his life and legacy are discussed as a study in metaphor and power and the nature of historical memory

*Songs of Slavery and Emancipation* Mat Callahan, 2022-05-23 Throughout the history of slavery enslaved people organized resistance escape and rebellion Sustaining them in this struggle was their music some examples of which are sung to this day While the existence of slave songs especially spirituals is well known their character is often misunderstood Slave songs were not only lamentations of suffering or distractions from a life of misery Some songs openly called for liberty and revolution celebrating such heroes as Gabriel Prosser and Nat Turner and especially celebrating the Haitian Revolution The fight for freedom also included fugitive slaves free Black people and their white allies who brought forth a set of songs that were once widely disseminated but are now largely forgotten the songs of the abolitionists Often composed by fugitive slaves and free Black people and first appearing in the eighteenth century these songs continued to be written and sung until the Civil War As the movement expanded abolitionists even published song books used at public meetings Mat Callahan presents recently discovered songs composed by enslaved people explicitly calling for resistance to slavery some originating as early as 1784 and others as late as the Civil War He also presents long lost songs of the abolitionist movement some written by fugitive slaves and free Black people challenging common misconceptions of abolitionism *Songs of Slavery and Emancipation* features the lyrics of fifteen slave songs and fifteen abolitionist songs placing them in proper historical context and making them available again to the general public These songs not only express outrage at slavery but call for militant resistance and destruction of the slave system There can be no doubt as to their purpose the abolition of slavery the emancipation of African American people and a clear and undeniable demand for equality and justice for all humanity

**Reading Capitalist Realism** Alison Shonkwiler, Leigh Claire La Berge, 2014-04 Presents approaches to the question of the relation between capitalism and narrative form partly by questioning how the realism of austerity privatization and wealth protection relate to the realism of narrative and cultural production

**John Brown and the Era of Literary Confrontation** Michael Stoneham, 2009-03-25 Radical abolitionist and freedom fighter John Brown inspired literary America to confrontation during his short but dramatic career as a public figure in antebellum America Emerging from obscurity during the violent struggle to determine how Kansas would enter the Union

in 1856 John Brown captured the imagination of the most prominent Eastern literary figures following his dramatic though failed raid on Harper's Ferry. Impressed by Brown's forthright defense of his attempt to initiate the end of slavery, Whittier, Whitman, Melville, Longfellow, and Howells responded to the abolitionist with poetic tributes suggesting that Brown was a liberating hero while Emerson and Thoreau celebrated his effort to inspire the nation to a new moral awareness of the common humanity of all men. Responses, however, were not uniform as these and other figures debated the merits and meanings of Brown's actions. This exceptional book sheds new light on how John Brown inspired America's most significant intellectuals to take a public stand against the inertia of moral compromise and social degeneracy, bringing the nation to the brink of civil war.
