Cradle of America Peter Wallenstein, 2014-08-15 As the site of the first permanent English settlement in North America the birthplace of a presidential dynasty and the gateway to western growth in the nation s early years Virginia can rightfully be called the cradle of America Peter Wallenstein traces major themes across four centuries in a brisk narrative that recalls the people and events that have shaped the Old Dominion The second edition is updated with new material throughout including a new chapter on Virginia and world affairs from the Korean War through 9 11 and beyond and an expanded bibliography Historical accounts of Virginia have often emphasized harmony and tradition but Wallenstein focuses on the impact of conflict and change From the beginning Virginians have debated and challenged each other s visions of Virginia and Wallenstein shows how these differences have influenced its sometimes turbulent development Casting an eye on blacks as well as whites and on people from both east and west of the Blue Ridge Mountains he traces such key themes as political power racial identity and education Bringing to bear his long experience teaching Virginia history Wallenstein takes readers back even before Jamestown to the Elizabethan settlers at Roanoke Island and the inhabitants they encountered as well as to Virginia s leaders of the American Revolution He chronicles the state s dramatic journey through the Civil War era a time that revealed how the nation s evolution sometimes took shape in opposition to the vision of many leading Virginians He also examines the impact of the civil rights movement and considers controversies that accompany Virginia into its fifth century The text is copiously illustrated to depict not only such iconic figures as Pocahontas George Washington and Robert E Lee but also such other prominent native Virginians as Carter G Woodson Patsy Cline and L Douglas Wilder Sidebars throughout the book offer further insight while maps and appendixes of reference data make the volume a complete resource on Virginia s history

Contemporary Farce on the Global Stage David Gram, 2024-04-09 *Contemporary Farce on the Global Stage* provides audiences and practitioners a detailed survey of how the genre of farce has evolved in the 21st century Often dismissed as frivolous farce speaks a universal language with the power to incisively interrogate our world through laughter Unlike farces of the past where a successful resolution was a given and we could laugh uproariously at adulterous behaviour farce no longer guarantees an audience a happy ending where everything works out Contemporary farce is no longer

diverting us with laughter It is reflecting the fractured world around us With a foreword by award winning playwright Ken Ludwig the book introduces readers to the Mechanics of Farce and the Four Ps which are key elements for understanding appreciating and exploring the form The Five Doors to Contemporary Farce identify five major categories into which farces fall Behind each door are a wide selection of plays modern and contemporary examples from all over the world written by a diverse group of playwrights who traverse gender race ethnicity and sexual orientation Supplementing each section are comments observations and reflections from award winning playwrights directors actors designers dramaturgs and scholars Designed specifically to give theatre makers a rounded understanding that will underpin their own productions this book will also be of use to theatre and performance studies students **Lydia** Tim Sandlin,2012-04-01 LYDIA Tim Sandlin s acclaimed return to his GroVont characters was called Uplifting immensely satisfying by the New York Times Book Review and a gem of a novel as audacious as it is sentimental in a starred Booklist review Managing the Virgin Birth Home for Unwed Mothers means the women in Sam Callahan s life keep his world interesting But it s his family members that really take the cake His daughter may be having a nervous breakdown and his mother s just out of prison for attempting to poison the president s dog And when they hit the road with a geriatric an adoptive son trying to discover his parentage and an enraged psychopath on their tails all hell may break loose And you thought your family was strange Fifteen years ago Tim Sandlin concluded his GroVont trilogy a string of books that included a New York Times Notable Book and earned such accolades as funny and compelling LA Times zany Cosmo and dazzling and moving New York Times But some characters call a writer back Welcome to the ribald rollicking and sometimes peculiar world of Tim Sandlin s GroVont Wyoming where family is always paramount no matter how strange **Death Threat** Michael Brandman,2023-09-12 Buddy Steel s maverick behavior as a police officer has won his commander s respect and a promotion to LAPD homicide detective Almost immediately he is asked to join a task force working to bust a major meth shipment to LA from Mexico One of the two undercover agents on the case has gotten himself killed by the Mexican cartel but not before spilling that a female agent is deeply enmeshed within their organization The agent in question Kara Machado barely learns that her true identity may soon be exposed to the cartel when she is whisked abruptly to their family compound in Mexico cut off from any communication with the outside world But Buddy has personal history with Kara and he s determined to bring her home safely Enlisting the aid of three friends from his military days and working through back channels Buddy launches an off the books foreign invasion to find not only Kara but also the storage location of the drugs bound for LA With the odds and time against them Buddy and his team know it will take a miracle to accomplish either objective and another to get them all out alive **House & Garden** ,1927 Working Mother ,2000-09 The magazine that helps career moms balance their personal and professional lives Good Housekeeping ,1929 The Routledge Handbook of Nostalgia Tobias Becker,Dylan Trigg,2024-08-21 The Routledge Handbook of Nostalgia serves as a guide to the complex and often contradictory concept of nostalgia as well as the field of nostalgia studies more
