web the rapid development of modern science and technology challenges the traditional heat transfer theory in two aspects 1  
fourier s law of heat conduction is no longer valid under the ultra fast laser heating or nanoscale conditions 2 the  
optimization principle minimizing entropy generation is not suitable for heat transfer problems without

**heat and mass transfer springerlink** - Dec 09 2022

web this comprehensive textbook provides a solid foundation of knowledge on the principles of heat and mass transfer and  
shows how to solve problems by applying modern methods the basic theory is developed systematically exploring in detail the  
solution methods to all important problems
