Knowing God God And The Human Condition:

Knowing God Frank Sheed, 2012-01-01 Atheists deny we can know God because they deny there is a God to know But even believers who affirm God's existence sometimes don't know him They don't know much about God because they neglect to think much about God and what God has revealed about himself They accept that there is a God but they don't give much thought to what God is like And even if they know a great deal about God in the sense of being able to state truths about him they don't necessarily know him personally and intimately In *Knowing God* previously titled *God and the Human Mind* the great Catholic writer teacher and publisher Frank Sheed helps readers to know that God exists to think about who and what God is and to know God personally He clears away popular misunderstandings of God often held by otherwise knowledgeable people A masterful lucid writer Sheed is not timid about tackling the most challenging questions the human mind can pose about God yet he does not reduce divine mystery to dry propositions or neglect the necessity of faith Sheed acknowledges the limits of human words and human minds when it comes to God At the same time he carefully explains the meaning of Spirit the role of theology and revelation including the place of the Bible in the Church and the experience of God in mysticism In the final section Sheed goes into the heart of the mystery of God exploring God as the Trinity and the difference the Trinity should make in understanding God and ourselves

Knowing God - The Trilogy Christopher J. H. Wright, 2017-08-14 Some people think the Old Testament has nothing to say about God as our Father or about the Holy Spirit whilst others try to find Jesus somewhere on every page of the Old Testament Chris Wright brings a much needed corrective to these misconceptions in his masterful three in one volume *Knowing God The Trilogy* After exploring the identity and mission of Jesus in the light of the Scriptures he knew so well our Old Testament the book goes on to see how God reveals himself as Father in the same Scriptures and works powerfully through his Spirit Wright's thoughtful and engaging exposition of multiple biblical texts invites us to encounter the Trinity not just as a doctrine we affirm but as persons we can know

Knowing God Frank Sheed, 2012-10-01 Atheists deny we can know God because they deny there is a God to know But even believers who affirm God's existence sometimes don't know him They don't know much about God because they neglect to think much about God and what God has revealed about himself They accept that there is a God but they don't give much thought to what God is like And even if they know a great deal about God in the sense of being able to state truths about him they don't necessarily know him personally and intimately In *Knowing God* previously titled *God and the Human Mind* the great Catholic writer teacher and publisher Frank Sheed helps readers to know that God exists to think about who and what God is and to know God personally He clears away popular misunderstandings of God often held by otherwise knowledgeable people A masterful lucid writer Sheed is not timid about tackling the most challenging questions the human mind can pose about God yet he does not reduce divine mystery to dry propositions or neglect the necessity of faith Sheed acknowledges the limits of human words and human minds when it comes to God At the same time he carefully explains the meaning of Spirit

the role of theology and revelation including the place of the Bible in the Church and the experience of God in mysticism In the final section Sheed goes into the heart of the mystery of God exploring God as the Trinity and the difference the Trinity should make in understanding God and ourselves Knowing God the Father Through the Old Testament Christopher J. H. Wright, 2025-11-04 It is almost second nature for Christians to call God Father Jesus taught his followers as much although for them it was apparently a surprising practice The worshipping community of the Old Testament used fatherly images for understanding God's character and actions but Father was not a common way for believers to address God In Knowing God the Father Through the Old Testament Christopher Wright explores in depth the images that pervade the biblical narratives psalms and prophetic texts of the Old Testament God is acknowledged as tender yet terrifying challenging to the nations and yet intimately personal offering loving care provision discipline and forgiveness This is the God whom Jesus knew and whom we can know as Father Such knowledge of God is far from merely devotional or doctrinal but governs our worldview personal and social ethics and expectations of the future **Knowing God** Elliot N. Dorff, 1996-05-01 Contemporary Jews often find meaning in Judaism's family and communal orientation its beautiful rituals its enriching culture its sense of ethnic rootedness and its moral values For the classical Jewish tradition however all of these features of Judaism depend on a belief in God Since many modern Jews do not know what to make of that belief it is often ignored They may be inspired by Judaism's high regard for education and its passion for justice but their belief in God rests on childhood images of the Almighty They are often embarrassed and uneasy for they sense that their attachment to Judaism may be based upon intellectual quicksand Knowing God Through the Old Testament Christopher J.H. Wright, 2019-02-05 Combining three volumes into one Knowing God Through the Old Testament brings together three of Christopher J H Wright's best loved books Knowing God the Father Through the Old Testament Knowing Jesus Through the Old Testament and Knowing the Holy Spirit Through the Old Testament *Knowing God* Anthony E. Mansueto, Jr, 2018-05-08 This title was first published in 2002 Knowing God presents an innovative analysis of one of the most difficult and intractable philosophical questions of the past 350 years the problem of knowledge and specifically knowledge of God and the transcendental principles of value This book situates the problem within the context of current social and political struggles as well as within the contemporary search for meaning and value Mansueto revisits ancient debates regarding the agent intellect intentional being and connatural knowledge while drawing on recent discussions in neuropsychology Luria and Damasio cognitive development theory Piaget and Luria and the sociology of knowledge or ideological criticism especially Durkheim Lukacs and Gramsci Including a chapter on forms of religious knowledge and concluding with a guide for the perplexed intended to help overcome nihilism and despair Knowing God reconciles epistemological and metaphysical realism with a recognition of the role of social structure in shaping knowledge *Innovative Catholicism and the Human Condition* Jane Anderson, 2016-05-20 *Innovative Catholicism and the Human Condition* gives an anthropological account of a progressive religious movement in the Roman Catholic Church that is

attempting to reconcile religious conviction and reason and ergo modify the human condition Investigation is given to a representative group of this movement Innovative Catholics who are endeavouring to maintain the momentum for change which began in the 1960s and 1970s They now find themselves caught between traditional notions of religion and a secularised society while trying to reconcile these polarising forces to find a pathway forward While ethnographic fieldwork for this research was conducted in Australia this movement is to be found across the Western world The research is framed by the question posed by Jürgen Habermas who asks whether the democratic constitutional state is able to renew itself and recognises a benefit in learning from religion Cardinal Joseph Ratzinger subsequently Pope Benedict XVI responds by asserting the need for a common ethical basis and limits on reason This latter position however remains problematic for Innovative Catholics who are conscious of history and culture The research explores how Innovative Catholics who in taking the middle position inform this dialectic on secularization through their ideas and practices about the human condition

Miguel de Unamuno's Quest for Faith Jan E Evans, 2014-06-26 Miguel de Unamuno 1864 1936 was an extraordinary Spanish thinker a philosopher linguist poet novelist short story writer essayist playwright professor university administrator and Spanish public intellectual He had great intellectual integrity and moral courage Unamuno is not an easy philosopher to read He loved paradoxes and even at times contradictions Various interpreters have called him an atheist a sceptic a Protestant a pantheist a Catholic modernist and a good Catholic Passages can be found in his writings that can be taken to support all of these interpretations In the present book Jan E Evans does an incisive and thorough job of sorting through the Unamuno corpus and arriving at a definitive interpretation of his views One great asset of Evans work is the insight she gains by comparing Unamuno's works with the philosophers whom he admired most and considered his fellow travellers in the tragic sense of life These include Blaise Pascal 1623 1662 William James 1842 1910 and especially Søren Kierkegaard 1813 1855 This book examines the life and work of Unamuno through the lens of his faith Those who are not familiar with Unamuno will find here a clear exposition of the most important themes in the thinker's work along with a framework through which one can profitably begin to read his primary texts

A Jewish Trinity Alan Brill, 2025 In *A Jewish Trinity* Alan Brill offers a Jewish understanding of six topics often discussed in contemporary Christian theology Trinity original sin incarnation salvation messianism and covenant Brill shows that contemporary Christian theology allows for greater commonality while remaining aware of differences

The Enoch Factor Stephen B. McSwain, 2010 Never before has this country indeed this world faced such a need for a book that unites people a book that reassures those disillusioned by faith that they can navigate their way back to God and even experience a profound spiritual awakening For author and entrepreneur Steve McSwain such an epiphany transformed his life In *The Enoch Factor* readers discover a kindred spirit in an author who understands how religion can subvert a spiritual life His story will help them navigate their own spiritual journeys More than a personal odyssey *The Enoch Factor* is also a testimonial to the innate dangers of fundamentalist

thinking It is a persuasive argument for a more enlightened religious dialogue in America one that affirms the goals of all religions guiding followers in self awareness finding serenity and happiness and discovering what the author describes as the sacred art of knowing God Unapologetic and moving McSwain s take on The Almighty is sure to ignite spirited debate Full of wisdom humor and truth The Enoch Factor bridges the gap between secular and Christian book titles on spirituality setting a new standard in both

The Journey of the Dialectic: Knowing God, Volume 3 Anthony E. Mansueto,2010-04-07 No discipline has been more uniformly derided for a longer period than metaphysics Of the ancient and medieval sciences now in disrepute even astrology and alchemy get better press The most devastating and currently the most influential attack on metaphysics has come from a broad spectrum of thinkers including Kierkegaard Nietzsche Heidegger Arendt Levinas Derrida and Milbank who have argued that metaphysics is the root of modern nihilism and totalitarianism Anthony Mansueto puts this claim to the test developing a historical sociology of metaphysics that analyzes the social basis and political valence of metaphysical systems Mansueto does this globally and cross culturally engaging not only the Hellenic tradition and its extension into medieval Christendom and Dar al Islam but also the Indian and Chinese traditions Specifically Mansueto argues that far from representing the roots of nihilism or modern state terror metaphysics emerges and continues to be necessary as a way to ground meaning and value in societies especially in market societies in which these have become problematic Metaphysics tends to restrain exploitation and to encourage the redirection of surplus toward activities that promote development of human capacities Knowing God The Journey of the Dialectic concludes with an outline of a new dialectical metaphysics that reconciles a Buddhist metaphysics of interdependence in the Hua yen tradition with a historicized metaphysics of Esse yielding results that look startlingly like the dao xue or neo Confucianism of Song China Mansueto shows how such a metaphysics can ground meaning and value while answering postmodern concerns to safeguard difference

As in a Mirror. John Calvin and Karl Barth on Knowing God C. van der Kooi, 2005-01-01 What does it really mean to know God What are the grounds for knowing God what feeds that knowledge and what is really known In his search for answers to these questions in two panels the author paints for us a clear picture of what Calvin and Barth had to say about knowing God Calvin against the background of pre modern culture Barth in response to a post Kantian culture inclined to agnosticism Between them like a hinge between the two panels we find the philosophy of Kant The two epochal theological figures are placed next to each other but without this being at the expense of the power of either The study does not stop with detached historical analysis but nourishes the author s own reflection toward a systematic design

To Know God and the Soul Roland J. Teske, 2008-02 To Know God and the Soul presents a collection of essays on Augustine of Hippo written over the past twenty five years by renowned philosopher Roland Teske

Soul Pilgrimage James E. Taylor, Jennifer M. Taylor, 2022-03-31 I invite you to go on a pilgrimage A pilgrimage is a journey with a sacred goal The sacred goal I have in mind for you is knowing God Perhaps you re already on that pilgrimage Perhaps you already know God If so I invite you to know God better A literal religious pilgrimage involves going to a place In the Christian tradition pilgrims have journeyed to such places as Jerusalem Rome and Santiago de Compostela Going to these places requires moving your body to them But the pilgrimage I m inviting you to start or continue is a pilgrimage for your soul Your purpose on this pilgrimage will be to get your soul closer to God A pilgrimage is something you do On a literal pilgrimage you have to keep your body moving in the same direction for a long time Doing so requires using and caring for your body On a soul pilgrimage you have to keep your soul directed toward God for a long time Doing so requires the use and care of your soul by means of engaging in various spiritual practices Will you accept my invitation Will you join my wife Jennifer and me on this soul pilgrimage
