managing an organization's intellectual assets      Knowledge Management in Practice Taverekere Srikantaiah, Michael E. D. Koenig, 2008 This is the third entry in an ambitious highly regarded KM book series edited by T Kanti Srikantaiah and Michael E D Koenig Where Knowledge Management for the Information Professional 2000 offered information professionals an introduction to KM and Knowledge Management Lessons Learned 2004 assessed KM applications and innovations Knowledge Management in Practice looks at how KM can be and is being implemented in organizations today Featuring the contributions of more than 20 experts in the field the book is unique in surveying the efforts of KM specialists to extend knowledge beyond their organizations and in providing a framework for understanding user context The result is a must read for any professional seeking to connect organizational KM systems with increasingly diverse and geographically dispersed user communities      **Knowledge Management and E-Learning** Jay Liebowitz, Michael Frank, 2016-04-19 Examining the synergy between knowledge management KM and e learning this book considers KM practices techniques and methodologies in e learning It explains how knowledge capture retention transfer and sharing can enhance e learning Edited and written by authorities in the fields of knowledge management and e learning the text includes case studies that illustrate applications in businesses government agencies and universities in the U S Canada Mexico U K Europe and Asia      *Management Of Professionals, Revised And Expanded* Richard Shell, 2002-09-13 Considers the common functions of managers such as effective planning and decision making organizational design and staffing directing and controlling and delegating Offers methods to strengthen and enhance personal leadership style communication skills and workplace motivation and involvement to improve individual and organizational productivity and increase business revenues      *The Knowledge Management Yearbook 2000-2001* John A. Woods, James Cortada, 2013-05-13 The Knowledge Management Yearbook is the most current and comprehensive resource available for knowledge management professionals no other source of information so thoroughly surveys the state of the knowledge management discipline and industry and how they impact businesses and other organizations Featuring both definitive articles and cutting edge knowledge management techniques and research contributed by authorities The Knowledge Management Yearbook covers the nature of knowledge and its management knowledge based strategies knowledge management and organizational learning and knowledge tools techniques and processes The reference section includes a set of up to date directories detailing on line knowledge management resources KM publications and organizations and notable KM Quotes The glossary of KM terms is increasingly perceived by the industry as a benchmark by which this evolving discipline is defined The Knowledge Management Yearbook is an indispensable volume for any professional helping to shape his or her organization's knowledge strategy      *Emerging Solutions for Future Manufacturing Systems* Luis M. Camarinha-Matos, 2006-01-04 Industries and particularly the manufacturing sector have been facing difficult challenges in a context of socio economic turbulence characterized by complexity as well as the speed of change in causal interconnections in the socio economic environment In order to respond

to these challenges companies are forced to seek new technological and organizational solutions In this context two main characteristics emerge as key properties of a modern automation system agility and distribution Agility because systems need not only to be flexible in order to adjust to a number of a priori defined scenarios but rather must cope with unpredictability Distribution in the sense that automation and business processes are becoming distributed and supported by collaborative networks Emerging Solutions for Future Manufacturing Systems includes the papers selected for the BASYS 04 conference which was held in Vienna Austria in September 2004 and sponsored by the International Federation for Information Processing IFIP

*Knowledge Management Handbook* Jay Liebowitz, 2012-06-25 Recent research shows that collaboration and social networking can foster knowledge sharing and innovation by sparking new connections ideas and practices Yet these informal networks are often misunderstood and poorly managed Building on the groundbreaking bestselling first edition of the *Knowledge Management Handbook* this new edition focuses on collaboration and social networking Topics covered include implementing a knowledge sharing culture embedding knowledge management activities to encourage collaboration developing a knowledge retention strategy applying social network analysis to map knowledge flows and using systems engineering approaches for collaboration and social networking

*Knowledge Management Within The Context Of Business Organizations The Case Of Factiva* B. Ahu Alpaslan, 2018-09-17 In the recent years organization have faced with new challenges throughout the world Together with globalization new markets have been opened and the existing markets have grown rapidly Hence the need for knowledge has arisen very much Organizations began to need more information about the markets about their competitor and also about other effective factors which would influence their functioning throughout the world market The need for knowledge is not solely tied to this change but organizations in order to become more competitive need to make developments and learn the needs and expectations of their customers So this need became the second motive in the organizational search of knowledge From this need of the organizations for more knowledge and information the Knowledge Management has emerged Nowadays many organizations regard knowledge and information as valuable assets of their organizations and apply programs within their organizations to organize the flow of knowledge But organizations do not possess all the necessary tools to continue such programs and they get help from outer sources These sources are mainly the firms that deal with developing the tools and technology necessary to search identify gather categories and deliver knowledge
