Hale is an experienced medical missionary in Nepal and his commentary is essentially a missionary's commentary Although
he has done his biblical homework and he thinks theologically he does not write from the ivory tower of academia His
concern is rather for the grass roots of newly planted churches He is familiar with the problems they face and the questions
they ask He wrestles with the need for cross cultural application He is committed to the unity of the church and urges us to
give one another the liberty of interpretation in those secondary areas in which we disagree And his straightforward easy to
read style includes both a simple vocabulary and short sentences Inevitably a one man commentary will not please everybody
But he has struggled to rid himself of bias so that there is very much here for all Bible students to learn whatever their
cultural or denominational background In fact the Applied New Testament Commentary should help to promote mutual
