

Debate on Love Marriage and Arranged Marriage

It is we said that “ Love is Blind”. People in love do not see the family background, social and economical status, etc. which is at risk in the future. Trusting blindly may result in divorce. The couple who go for love marriage is mostly independent in nature. If they want to end the relationship, they do not consider family opinions much and they do it.

In India, love marriages are still socially unacceptable. As in arranged marriages there family and relatives are involved, the conflict between the couple will be effectively resolved. The couple is guided by their parents and grandparents' experience and the situation is in control and the state of divorce doesn't rise. Whereas in a love marriage the couple is unaware of the future complications in life and lacks this experience because of the absence of elders.

According to Dr. Robert Epstein, an American psychologist, love in love marriages fades away with time, whereas love in arranged marriages grows with time. The failure of any relationship has nothing to do with this. It all depends on how the two partners choose to accommodate each other's life. The key to a successful marriage is understanding, love and trust. If you manage to with these then nothing can affect your relationship with your spouse.
