Love Your Gay Neighbor Instructions From The Bible:

Love Your Neighbor Norman L. Geisler, Ryan P. Snuffer, 2007-07-09 Love Your Neighbor is a concise introduction to Christian ethics It begins with a look at the biblical basis for morality defines and describes various philosophical approaches to the subject of ethics then connects biblical morality with the idea of absolute truth in philosophy The book then moves from its philosophical basis to a practical application of Christian ethics considering a wide range of social biomedical and personal issues It does not take a partisan or denominational approach to these issues but squarely faces them with an open mind and open Bible The book is based on sound biblical and philosophical reasoning and does not tell readers what to think but encourages them to think biblically and critically through these issues I'm Gay and I'm Going To Heaven Tom Thompson, 2021-02-23 We are all on a journey It is different yet similar for all of us Our goal is to rest in the booms of Jesus Jesus is God Find peace in resetting in the arms of Jesus Jesus says we need to seek Him I love the story in the Songs of Solomon It says She got up off her bed and went out into the streets to find her lover Jesus seek Him Where did she find Him Yes He was hiding among the watchmen of the night She searched and she found her lover There is another scripture that I really like It says Come up here and talk with me My response is I am coming Lord If we concentrate on that goal we will Two Views on Homosexuality, the Bible, and the Church Zondervan, 2016-11-29 Unique among eventually get there most debates on homosexuality this book presents a constructive dialogue between people who disagree on significant ethical and theological matters and yet maintain a respectful and humanizing posture toward one another Few topics are more divisive today than homosexuality Two Views on Homosexuality the Bible and the Church brings a fresh perspective to a well worn debate While Christian debates about homosexuality are most often dominated by biblical exegesis this book seeks to give much needed attention to the rich history of received Christian tradition bringing the Bible into conversation with historical and systematic theology To that end both theologians and biblical scholars well accomplished in their fields and conversant in issues of sexuality and gender articulate and defend each of the two views Affirming represented by William Loader and Megan K DeFranza Traditional represented by Wesley Hill and Stephen R Holmes The main essays are followed by insightful responses that interact with their fellow essayists with civility Holding to a high view of Scripture a commitment to the gospel and the church and a love for people especially those most affected by this topic the contributors wrestle deeply with the Bible and theology especially the prohibition texts the role of procreation gender complementarity and pastoral accommodation The book concludes with reflections from general editor Preston Sprinkle on the future of discussions on faith and sexuality The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion The Bible and **Homosexual Practice** Robert A. J. Gagnon, 2010-10-01 Gagnon offers the most thorough analysis to date of the biblical texts relating to homosexuality He demonstrates why attempts to classify the Bible's rejection of same sex intercourse as irrelevant for our contemporary context fail to do justice to the biblical texts and to current scientific data Gagnon's book powerfully challenges attempts to identify love and inclusivity with affirmation of homosexual practice the most sophisticated and convincing examination of the biblical data for our time J rgen Becker Professor of New Testament Christian Albrechts Help for Questioning Christians John T. Whitehead, 2025-03-31 Help for Questioning Christians by John Whitehead is a guide for Christians to recent scholarly writing on key moral issues such as the Prosperity Gospel abortion euthanasia homosexual sexual activity physician assisted suicide the death penalty and Christian nationalism While many official church documents assert that several of these issues are immoral and sinful there are theologians and other scholars who offer positions that justify such actions based on lack of biblical support or a different line of theological reasoning This book explains these approaches and compares them to traditional answers The book does not endorse positions but leaves it to each reader to try to make an informed decision about each issue A Different Kind of Church Rev. Dr. Durrell Watkins, 2014-07-23 Celebrating the Queer community affirming the sacred value of all people blessing this world rather than making promises about the next acknowledging the sacred in the secular blending and transcending traditions to create a new and relevant church experience for the 21st century Sunshine Cathedral is a different kind of church Glory Melodie Romeo, 2019-08-07 Have you ever had a glory moment one when you suddenly realized some deep truth and knew your life would never be the same What if you could experience more of those From Glory to Glory is the revelation of spiritual truths I have come to understand and wish to share The major questions put forth in this book are Who is God Who is Jesus and Who are We Also explored What is sin What is worship What is prayer and more The answers I discovered are astounding Callin' out the Gays Larkin Ellzey, 2021-04-12 For thirty eight years author Larkin Ellzey lived the quintessential Southern and American life in nearly every respect Every respect but one he is the last person on earth who wants to be gay but he is and there is nothing he can do to change it As such he wants to change the stigma that encompasses the natural occurrence of same sex attraction In Callin Out the Gays he highlights the backward reality of homosexuality and demonstrates how everyone gay straight and in between has handled the concept in a devastatingly wrong way Focusing on the societal and political issues facing homosexual people he proposes a swift shift in strategy and a plan for rebranding Employing thought provoking rationale Ellzey presents a plea to utilize all resources in putting forward a campaign to improve the public s misguided perception of homosexuality On the other side of the spectrum he questions the motives of straight people actively opposed to gay people breaks down the flawed religious argument and encourages gay people who are faking straight to help homosexuals out with their numbers issue With a little bit of humor a dose of sarcasm tons of pop culture and political references and an age of the internet style Callin Out the Gays offers Ellzey's unique personal story in the form of a proposal to society for a refresher and a revived outlook one focused on reasonability as well
