## **Loving The Real Israel An Educational Agenda For Liberal Zionism:**

Loving the Real Israel Alex Sinclair, 2013 Israel education has been taking on an increasing high profile in the Jewish community But is it effective Can old messages speak to a new generation Or is a new approach called for LOVING THE REAL ISRAEL draws from the writings of Jewish philosophers educational theorists and Bible scholars to offer principles for a new liberal Zionist engagement LOVING THE REAL ISRAEL provides guidance for educators in constructing meaningful Israel educational experiences as well as for liberal Zionists who want to discuss Israel issues with their friends family and community About the Author Alex Sinclair is director of programs in Israel Education for the Jewish Theological Seminary He received his PhD in Jewish Education from the Hebrew University of Jerusalem and has taught at the Hartman Institute the Schechter Institute and the Hebrew University of Jerusalem and served as director of research for MAKOM the Israel Engagement think tank of the Jewish Agency Advance Praise Alex Sinclair brilliantly and critically addresses ones of the central challenges facing the Jewish people today the relationship between Israel and world Jewry In arguing for a new Israel engagement agenda founded on the amalgamation of the principles of passion caring and anger Alex challenges us to redefine the foundations of the relationship and sets the ground for a possible future free from paternalism passivity and alienation Rabbi Donniel Hartman president Shalom Hartman Institute and director of its iEngage Project An intelligent guide to teaching and communicating to Jewish audiences about Israel in a manner that is loving but frank An important addition to the discourse on Israel education I recommend it highly Dr Donald A Sylvan former president of Jewish Education Service of North America Sinclair proposes a bold new agenda for Israel Zionism education in the Diaspora an educational vision that calls for a substantive shift in how many Israel educators think and teach His ideas are well developed and carefully researched though not without controversy I encourage all those who care about Israel to read this book Dr Marc N Kramer executive director RAVSAK The Jewish Community Day School Network A thought provoking and timely book Tom Dine former executive director of the American Israel Public Affairs Committee AIPAC Jewish Education Ari Y Kelman, 2024-05-17 Most writing about Jewish education has been preoccupied with two questions What ought to be taught And what is the best way to teach it Ari Y Kelman upends these conventional approaches by asking a different question How do people learn to engage in Jewish life This book by centering learning provides an innovative way of approaching the questions that are central to Jewish education specifically and to religious education more generally At the heart of Jewish Education is an innovative alphabetical primer of Jewish educational values qualities frameworks catalysts and technologies which explore the historical ways in which Jewish communities have produced and transmitted knowledge The book examines the tension between Jewish education and Jewish Studies to argue that shifting the locus of inquiry from what people ought to know to how do people learn can provide an understanding of Jewish education that both draws on historical precedent and points to the future of Jewish knowledge *Teaching Israel* Sivan Zakai, Matt Reingold, 2024-03-28 This book

resituates teaching the questions dilemmas and decision making that teachers face as central to both Israel Studies and Israel education It illuminates how teachers from differing pedagogical orientations and who teach in a range of educational settings learn understand do and ultimately improve the work of teaching Israel     *Remix Judaism* Roberta Rosenthal Kwall,2022-03-01 One of the most talked about books in the Jewish community when it originally appeared *Remix Judaism* Preserving Tradition in a Diverse World offers an eloquent and thoughtful new vision for all Jews seeking a sense of belonging in a changing world regardless of their current level of observance Roberta Kwall sets out a process of selection rejection and modification of rituals that allow for a focus on Jewish tradition rather than on the technicalities of Jewish law Her goal is not to sell her own religious practices to readers but rather to encourage them to find their own personal meaning in Judaism outside the dictates of Commandment by broadening their understanding of how law culture and tradition fit together She inspires readers to be intentional and mindful about the space they allocate for these elements in defining their individual Jewish journeys and identities The paperback edition includes a new preface addressing recently released findings including the Pew Report on the American Jewish Community exploring the challenges of practicing Judaism today     **My Second-Favorite Country** Sivan Zakai,2022-06-14 Reveals how young American Jewish children come to develop their views about Israel Israel has long occupied a prominent place in the lives and imaginations of American Jews serving as both a symbolic touchstone and a source of intercommunal conflict In *My Second Favorite Country* Sivan Zakai offers the first longitudinal study of how American Jewish children come to think and feel about Israel tracking their evolving conceptions from kindergarten to fifth grade This work sheds light on the perception of Israel in the minds of Jewish children in the US and provides a rich case study of how children more generally develop ideas and beliefs about self community nation and world In contrast to popular views of America s youth as naive or uninterested this book illuminates both the complexity of their thinking and their desire to be included in conversations about important civic and political matters Zakai draws from compelling empirical data to prove that children spend considerable effort contemplating the very concepts that adults often assume they are not ready to discuss Indeed the book argues that over the course of their elementary school education children develop and express deep interest in complex issues such as the intricacies of identity and belonging conflicting ways of framing the past and the demands of civic responsibility Ultimately Zakai argues that in order to take children s ideas seriously and better prepare them for a world full of disagreement a substantive shift in educational practices is necessary     *American Jewish Year Book 2014* Arnold Dashefsky,Ira Sheskin,2014-11-19 This book in its 114th year provides insight into major trends in the North American Jewish communities examining the recently completed Pew Report A Portrait of Jewish American gender in American Jewish life national and Jewish communal affairs and the US and world Jewish population It also acts as an important resource with lists of Jewish Institutions Jewish periodicals and academic resources as well as Jewish honorees obituaries and major recent events It should prove useful to

social scientists and historians of the American Jewish community Jewish communal workers and the press among others

**Matzah Balls to Communion Wafers** Gail Baker, 2019-07-29 When Baker yearns for something more she discovers that the Christian message answers the deep yearning within each of us to resolve human suffering Baker's conversion is not a blinding light epiphany but a process spanning years of agonizing conflict echoing twenty centuries of misunderstanding between Christians and Jews Living in the same city as her chagrined parents she is forced to process difficulties related to family dynamics group loyalty and identity politics Readers will be emboldened by Baker's decision to follow Christ at the risk of rupturing ties with family and community Her book will appeal to all who seek God's guidance in making difficult life decisions This book is a must read for Christians who wish to engage with their Jewish friends The Jewish mindset is tenderly revealed showing why so many Jews bristle at the mere mention of Jesus Liberal Nationalism for Israel Joseph

Rosove, 2019-11-29 Presented in the form of letters from a rabbi to his sons Why Israel and its Future Matters makes the case to Jewish millennials that they need Israel as a source of pride connection and Jewish renewal and Israel needs them for the liberal values that they can bring to the Zionist enterprise

**The Idea of Israel** Ilan Pappé, 2016-01-05 A major history of Zionism and the state of Israel for anyone interested in deepening their knowledge of the Israel Palestine conflict and Middle Eastern politics Ilan Pappé is one of the few Israeli students of the conflict who write about the Palestinian side with real knowledge and empathy Guardian Since its foundation in 1948 Israel has drawn on Zionism the movement behind its creation to provide a sense of self and political direction In this groundbreaking new work Ilan Pappé looks at the continued role of Zionist ideology The Idea of Israel considers the way Zionism operates outside of the government and military in areas such as the country's education system media and cinema and the uses that are made of the Holocaust in supporting the state's ideological structure In particular Pappé examines the way successive generations of historians have framed the 1948 conflict as a liberation campaign creating a foundation myth that went unquestioned in Israeli society until the 1990s Pappé himself was part of the post Zionist movement that arose then He was attacked and received death threats as he exposed the truth about how Palestinians have been treated and the gruesome structure that links the production of knowledge to the exercise of power The Idea of Israel is a powerful and urgent intervention in the war of ideas concerning the past and the future of the Palestinian Israeli conflict **Why Israel**

**(and its Future) Matters** John L. Rosove, 2023-11-04 Presented in the form of letters from a rabbi to his sons Why Israel and its Future Matters argues that young Jews need Israel as a source of pride connection and Jewish renewal and Israel needs them for the liberal values that they can bring to the Zionist enterprise Exploring the roots and the occasionally antisemitic branches of the campaign against Israel Rabbi Rosove demonstrates why it's wrong to characterize Israel as an
