s Titel catalogus van de gedurende 1901 1910 1956 1960 Title varies slightly **Geneza legendarului Olcit** Aurică
IVĂȘCU,2022-12-19 Cartea prezintă într-un mod original și bine documentat povestea fabuloasă a nașterii uzinei de automobile
de la Craiova pe atunci Societatea Mixtă OLTCIT S.A. și a genezei autoturismelor Olcit comercializate de partea română
respectiv Axel comercializate de partea franceză Este aadar doar partea de început a unei lucrări monografice mai ample pe
care autorul intenționează să o dedice uzinei de automobile din Bânie care nu curând va mplini o jumătate de veac de existență Pe
lângă expunerea cronologică a evenimentelor ce au marcat istoria acestui obiectiv economic major al Craiovei și al României
cartea prezintă și o mulțime de fotografii documentând turismul și dezvoltări inedite insistând pe lămurirea și îndreptarea pe cât
posibil a unor informații total false sau ușor derutante nu legătură cu această geneză Elaborat fiind într-un mod mai puțin academic
dar credibil în sensul adevărat al cuvântului fiindcă nu trimite pas cu pas la peste 300 de referințe bibliografice și la alte peste 300
note de subsol această lucrare este presărată cu picanterii de tot felul astfel încât cititorul să o poată parcurge cu plăcere și cu
curiozitate mereu nu alert Lucrarea se adresează nu primului rând iubitorilor de istorie locală și de istorie a automobilului în general
dar și analiștilor politici și economici foștilor și actualilor salariați ai uzinei de automobile de la Craiova precum și fanilor Olcit și
Citroen deopotrivă din afară și de pretutindeni însemnătatea acestei lucrări monografice este marcată aadar atât de consemnarea
clarificarea și glorificarea genezei uzinei de automobile de la Craiova cât și de documentarea și evocarea unor sentimente a
devenirii legendarului Olcit The book presents in an original and well documented way the fabulous story of the birth of the
automobile factory from Craiova at that time Societatea Mixtă OLTCIT S.A. and the genesis of Olcit cars marketed by the
Romanian side respectively Axel marketed by the French side It is therefore only the beginning part of a larger monographic

work which the author intends to dedicate to the automobile factory from B nie which soon will complete half a century of existence In addition to the chronological exposition of the events that marked the history of this major economic objective of Craiova and Romania the book also presents a lot of document photos confessions and new revelations insisting on clarifying and correcting as much as possible some completely false information or slightly confusing in relation to this genesis Elaborated in a less academic way but credible in the true sense of the word referencing step by step more than 300 bibliographic references and more than 300 other footnotes this work is sprinkled with all kinds of spice so that the reader can go through it with great pleasure and with an ever alert curiosity The work is addressed first of all to lovers of local history and automobile history in general but also to political and economic analysts former and current employees of the automobile factory from Craiova as well as Olcit and Citro n fans both from country and everywhere The significance of this monographic work is marked therefore both by recording clarifying and glorifying the genesis of the automobile factory from Craiova as well as by documenting and evoking slightly sentimentally the becoming of the legendary Olcit The Classic Myths in English Literature and in Art Based Originally on Bulfinch's Age of Fable Thomas Bulfinch, Charles Mills Gayley, Purpose of the Study Interwoven with the fabric of our English literature of our epics dramas lyrics and novels of our essays and orations like a golden warp where the woof is only too often of silver are the myths of certain ancient nations It is the purpose of this work to relate some of these myths and to illustrate the uses to which they have been put in English literature and incidentally in art The Fable and the Myth Careful discrimination must be made between the fable and the myth A fable is a story like that of King Log or the Fox and the Grapes in which characters and plot neither pretending to reality nor demanding credence are fabricated confessedly as the vehicle of moral or didactic instruction Dr Johnson narrows still further the scope of the fable It seems to be in its genuine state a narrative in which beings irrational and sometimes inanimate are for the purpose of moral instruction feigned to act and speak with human interests and passions Myths on the other hand are stories of anonymous origin prevalent among primitive peoples and by them accepted as true concerning supernatural beings and events or natural beings and events influenced by supernatural agencies Fables are made by individuals they may be told in any stage of a nation s history by a Jotham when the Israelites were still under the Judges 1200 years before Christ or by Christ himself in the days of the most critical Jewish scholarship by a Menenius when Rome was still involved in petty squabbles of plebeians and patricians or by Ph drus and Horace in the Augustan age of Roman imperialism and Roman letters by an sop well nigh fabulous to fabled fellow slaves and Athenian tyrants or by La Fontaine to the Grand Monarch and the most highly civilized race of seventeenth century Europe Fables are vessels made to order into which a lesson may be poured Myths are born not made They are born in the infancy of a people They owe their features not to any one historic individual but to the imaginative efforts of generations of story tellers The myth of Pandora the first woman endowed by the immortals with heavenly graces and of Prometheus who stole fire from heaven for the use of man the

myth of the earthborn giants that in the beginning contested with the gods the sovereignty of the universe of the moon goddess who with her buskined nymphs pursues the chase across the azure of the heavens or descending to earth cherishes the youth Endymion these myths germinating in some quaint and childish interpretation of natural events or in some fireside fancy have put forth unconsciously under the nurture of the simple folk that conceived and tended them luxuriant branches and leaves of narrative and blossoms of poetic comeliness and form The myths that we shall relate present wonderful accounts of the creation histories of numerous divine beings adventures of heroes in which magical and ghostly agencies play a part and where animals and inanimate nature don the attributes of men and gods Many of these myths treat of divinities once worshiped by the Greeks and the Romans and by our Norse and German forefathers in the dark ages Myths more or less like these may be found in the literatures of nearly all nations many are in the memories and mouths of savage races at this time existent But the stories here narrated are no longer believed by any one The so called divinities of Olympus and of Asgard have not a single worshiper among men They dwell only in the realm of memory and imagination they are enthroned in the palace of art
