**The Knitting Way** Linda Skolnik, Janice MacDaniels, 2012-04-13 Knitting is the miracle of creating new dimensions from a strand of yarn. Let it bring that miraculous transformation to your spiritual life too. This book is about seeing and listening. It's about becoming aware that through knitting you can hear and give attention to what's in your heart and soul that knitting can be a place of rest and thought and a place for the Divine. It's about connection to yourself, to the world, to others, and to the Holy. From the Preface: What can you learn about yourself through your knitting? What deeper symbolism lies behind the loops and patterns that you create? How can this simple activity help you make your way down a spiritual path? Delve into these questions and more in this imaginative book that will become your spiritual friend, your teacher, and your sanctuary. Follow the knitting journeys of the authors and other knitters to discover how they have used their knitting to explore and strengthen their spiritual selves and how you can do the same. In this joyful and engaging look at a time-honored craft, you are invited to find time and space that was previously hidden in plain sight. Try creative thought-provoking original knitting patterns. Recognize and deepen spiritual connections through knitting. Meet other knitters on the journey to spiritual and self-discovery. Explore new ways to expand and savor your knitting community. Recognize your own power to pass along the knitting wisdom. *Knitter's Life List* Gwen W. Steege, 2025-05-01 Knit a traditional gansey sweater with indigo yarn. Tour a spinning mill. Discover five ways to cast on for socks. Meet your personal knitting hero. *The Knitter's Life List* is a richly illustrated compilation of 1,001 experiences and adventures that devout knitters won't want to miss. You'll find classic techniques to master, time-honored patterns to try, unusual yarns to work with, museums to see, books to read, and much more. Get inspired and live the knitting life of your dreams. *Norwegian Sweater Techniques for Today's Knitter* Therese Chynoweth, 2010-03-25 Norwegian sweater construction is demystified in this one-of-a-kind workshop-based book. Often considered intimidating and complex, Norwegian sweater construction is simplified in this one-of-a-kind step-by-step book. You'll get all the skills and confidence you need to tackle any Norwegian sweater, plus 20 patterns to make modern garments. Beginning with a look at color-stranded knitting methods, *Norwegian Sweater Techniques* progresses on to the various types of Norwegian pattern graphs and how they can differ from Fair Isle patterns. An emphasis is given to the use of cutting stitches for cardigans and armholes, along with measuring for armholes, sewing along the sides of the cutting stitches, and cutting the fabric to create these openings. Patterns utilize the advantages of Norwegian construction and apply them to non-traditionally Norwegian garments. Detailed color photos and drawings provide additional guidance. Norwegian techniques yield sturdier construction and a more versatile skill set. Norwegian sweaters have been popular for centuries, and it's no wonder they're classic, warm, and often feature beautiful colorwork. Now you can cut without fear and create your very own pieces employing these time-honored techniques. **The Knitting Answer Book** Margaret Radcliffe, 2005-01-01 Discusses subjects ranging from needle sizes and yarn weights to curling edges, chart reading, tight ribbing, and dropped stitches in a question-and-answer format. **The Knitting Answer Book, 2nd Edition** Margaret Radcliffe, 2015-01-30 With expert

answers to scores of new knitting questions Margaret Radcliffe's classic guide is better than ever You'll find a wide assortment of cast ons and bind offs techniques for beading and knitting backwards tips for knitting in the round and strategies for measuring tricky fabrics Whether you're a beginner venturing out into the wide world of yarn crafts or a more experienced knitter struggling through complex needlework challenges The Knitting Answer Book has a solution for every knitting problem you'll encounter
