Knowledge And Christian Belief

Timothy Pickavance

Knowledge And Christian Belief:

Knowledge and Christian Belief Alvin Plantinga, 2015-04-13 In his widely praised *Warranted Christian Belief* Oxford 2000 Alvin Plantinga discussed in great depth the question of the rationality or sensibility of Christian belief In this book Plantinga presents the same ideas in a briefer much more accessible fashion Recognized worldwide as a leading Christian philosopher Plantinga probes what exactly is meant by the claim that religious and specifically Christian belief is irrational and cannot sensibly be held He argues that the criticisms of such well known atheists as Richard Dawkins Daniel Dennett Sam Harris and Christopher Hitchens are completely wrong Finally Plantinga addresses several potential defeaters to Christian belief pluralism science evil and suffering and shows how they fail to successfully defeat rational Christian belief *Warranted Christian Belief* Alvin Plantinga, 2000 Describes the notion of warrant as that which distinguishes knowledge from true belief This volume examines warrant's role in theistic belief tackling the questions of whether it is rational reasonable justifiable and warranted to accept Christian belief and whether there is something epistemically unacceptable in doing so **The**

Historian and the Believer Van Austin Harvey, 1996 A milestone work in Christian theology available again As a critic of the contemporary theological scene Van Harvey has few if any competitors This is nowhere clearer than in *The Historian and the Believer* the classic discussion of its topic Rich in insight and penetrating in argument it is one book that belongs in the library of every theologian and seminarian Schubert M Ogden author of *Doing Theology Today* Is it possible to be both a historian and a Christian Van Harvey's classic *The Historian and the Believer* posed that question when it was first published In this printing the author has provided a new introduction in which he reflects on how he would reframe his original argument in order to bring out more fully the basic theological intention underlying his view that Christian faith cannot rest on dubious historical claims From reviews of the first edition Probably the most interesting piece of American theological writing to appear this year John Reumann Union Seminary Quarterly Review **Debating Christian Religious**

Epistemology John M. DePoe, Tyler Dalton McNabb, 2020-02-06 What does it mean to believe in God What passes as evidence for belief in God What issues arise when considering the rationality of belief in God *Debating Christian Religious Epistemology* introduces core questions in the philosophy of religion by bringing five competing viewpoints on the knowledge of God into critical dialogue with one another Each chapter introduces an epistemic viewpoint providing an overview of its main arguments and explaining why it justifies belief The validity of that viewpoint is then explored and tested in a critical response from an expert in an opposing tradition Featuring a wide range of different philosophical positions traditions and methods this introduction Covers classical evidentialism phenomenal conservatism proper functionalism covenantal epistemology and traditions based perspectivalism Draws on MacIntyre's account of rationality and ideas from the Analytic and Conservatism traditions Addresses issues in social epistemology Considers the role of religious experience and religious texts Packed with lively debates this is an ideal starting point for anyone interested in understanding the major positions in

contemporary religious epistemology and how religious concepts and practices relate to belief and knowledge On Christian Belief Andrew Collier, 2003 First Published in 2004 Routledge is an imprint of Taylor Francis an informal company

Faith and Modern Thought Timothy Hull, 2020-10-29 Get the full picture Understand the whole story Faith and Modern Thought is a jargon busting and engaging introduction providing an imaginative and creative way into the great minds that have forged the modern world especially Kant and Hegel and the revolutionary philosophies of existentialism and Marxism they inspired Tim Hull provides the wider intellectual picture the fuller philosophical story in which modern theology was forged After an engaging introduction to the European Enlightenment and the cultural crisis it triggered the stage is set to understand the essence of modern theology From that essential background the radical faith of many of the most influential of modern theologians and philosophers of religion is explored exposing a deep rooted indebtedness to the Enlightenment tradition **Faith's Defenders** Dr. Octavian Caius Obeada, 2024-07-28 Faith's Defenders The Christian Apologetic Mission

offers a comprehensive exploration of the crucial role of apologetics in the Christian Church It examines the foundational beliefs historical challenges and modern day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present The book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture address doubts and reinvigorate faith Drawing on insights from renowned defenders of the faith it highlights the importance of apologetics in strengthening the Church's witness and fostering meaningful dialogue making a compelling call for the Church to present the gospel with confidence clarity and compassion You can find the PAPERBACK version on Amazon <https://amzn.to/4jiSDjr> *Faith's Knowledge* Paul Tyson, 2013-05-02 Can we know truth even though certain proof is unattainable Can we be known by Truth Is there a relationship between belief and truth and if so what is the nature of that relationship Do we need to have faith in reason and in real meaning to be able to reason towards truth These are the sorts of questions this book seeks to address In Faith's Knowledge Paul Tyson argues that all knowledge that aims at truth is always the knowledge of faith If this is the case then against our modernist cultural assumptions about knowledge truth cannot be had by proof Yet if this is true then mere information and simply objective facts do not for us as knowers exist Knowledge is always embedded in belief and knowledge and belief is always expressed in relationships histories narratives shared meanings and power Hence a theological sociology of knowledge emerges out of these explorations in thinking about knowledge as a function of faith **The Elements of Christian Knowledge; Or, a Compendium of the Christian Religion, in the Form of a Catechism ... Second Edition [of "A Catechism on the Christian Religion"]**. Richard

BOYS, 1838 *Biblical Authority after Babel* Kevin J. Vanhoozer, 2016-10-18 Christianity Today Book Award Winner A Jesus Creed Church History Book of the Year In recent years notable scholars have argued that the Protestant Reformation unleashed interpretive anarchy on the church Is it time to consider the Reformation to be a 500 year experiment gone wrong World renowned evangelical theologian Kevin Vanhoozer thinks not While he sees recent critiques as legitimate he argues

that retrieving the Reformation's core principles offers an answer to critics of Protestant biblical interpretation Vanhoozer explores how a proper reappropriation of the five solas sola gratia grace alone sola fide faith alone sola scriptura Scripture alone solus Christus in Christ alone and sola Deo gloria for the glory of God alone offers the tools to constrain biblical interpretation and establish interpretive authority He offers a positive assessment of the Reformation showing how a retrieval of mere Protestant Christianity has the potential to reform contemporary Christian belief and practice This provocative response and statement from a top theologian is accessibly written for pastors and church leaders

Reformed Epistemology and the Structure of Knowledge Shawn M. Langley, 2024-12-15 Reformed Epistemology and the Structure of Knowledge Cornelius Van Til and Alvin Plantinga on Belief develops a comparison of the epistemological formulations of Cornelius Van Til and Alvin Plantinga Initial focus is placed on developing the extent to which Van Til's work demonstrates a discernible theory of knowledge and an argument is made for interpreting his epistemology as directly dependent on the conceptual resources of British Idealism It is shown through Van Til's appropriation of these resources that an idealist theory of knowledge is indispensable to but not identifiable with his distinct epistemological formulations Attention then shifts to further clarification of these categories by way of Plantinga's proper functionalist account of warrant Here the underlying structure of knowledge for both Van Til and Plantinga is examined demonstrating that Van Til's formulations neither endorse an idealist coherentism nor exclude Plantinga's foundationalism Subsequent comparisons then consider arguments for meaningful similarity between each program and give special consideration to the implications of such a comparison for contemporary discourse surrounding Van Til and Plantinga

Warranted Christian Belief Alvin Plantinga, 2000-01-27 This is the third volume in Alvin Plantinga's trilogy on the notion of warrant which he defines as that which distinguishes knowledge from true belief In this volume Plantinga examines warrant's role in theistic belief tackling the questions of whether it is rational reasonable justifiable and warranted to accept Christian belief and whether there is something epistemically unacceptable in doing so He contends that Christian beliefs are warranted to the extent that they are formed by properly functioning cognitive faculties thus insofar as they are warranted Christian beliefs are knowledge if they are true

Religious Experience and the Knowledge of God Harold A. Netland, 2022-02-08 For many Christians personal experiences of God provide an important ground or justification for accepting the truth of the gospel But we are sometimes mistaken about our experiences and followers of other religions also provide impressive testimonies to support their religious beliefs This book explores from a philosophical and theological perspective the viability of divine encounters as support for belief in God arguing that some religious experiences can be accepted as genuine experiences of God and can provide evidence for Christian beliefs

An Introduction to the Knowledge of the Christian Religion Henry Crossman, 1821

Knowledge, Belief, and God Matthew A. Benton, John P. Hawthorne, Dani Rabinowitz, 2018 Recent decades have seen a fertile period of theorizing within mainstream epistemology which has had a dramatic impact on how epistemology is done

Investigations into contextualist and pragmatic dimensions of knowledge suggest radically new ways of meeting skeptical challenges and of understanding the relation between the epistemological and practical environment. New insights from social epistemology and formal epistemology about defeat, testimony, a priori probability and the nature of evidence all have a potentially revolutionary effect on how we understand our epistemological place in the world. Religion is the place where such rethinking can potentially have its deepest impact and importance. Yet there has been surprisingly little infiltration of these new ideas into philosophy of religion and the epistemology of religious belief. Knowledge, Belief and God incorporates these myriad new developments in mainstream epistemology and extends these developments to questions and arguments in religious epistemology. The investigations proposed in this volume offer substantial new life, breadth and sophistication to issues in the philosophy of religion and analytic theology. They pose original questions and shed new light on long-standing issues in religious epistemology and these developments will in turn generate contributions to epistemology itself since religious belief provides a vital testing ground for recent epistemological ideas.

An introduction to the knowledge of the Christian religion; in two parts ... The twenty-first edition Henry CROSSMAN, 1821 **The Mosaic of Christian Belief** Roger E. Olson, 2016-04-01 In this second edition of Roger E. Olson's classic work he thematically traces the contours of Christian belief down through the ages, revealing a pattern of both unity and diversity. He finds a consensus of teaching that is both unitive and able to incorporate a faithful diversity when not forced into the molds of false either/or alternatives.

Knowledge for the Love of God Timothy Pickavance, 2022-08-25 What is the role of the intellect in the life of faith? Jesus commanded us to love God with our minds, but why? Isn't simply believing enough? Confused on this point, many Christians choose to focus only on the role of their hearts in shaping their faith and consider that adequate. Some Christians go even further, arguing that knowledge exists in opposition to faith; that one must choose either the truth of science or the truth of the Bible. The reality is that our formation into Christlikeness relies heavily on our minds, and that Christian belief is about thinking, more, not less. Far from being a threat, the intellect is central to faith so long as it is treated as an instrument of worship rather than as the object of worship. Knowledge for the Love of God is for followers of Jesus, needing to better understand the crucial connection between faith and rationality. Timothy Pickavance shows how learning about who God is and what he has done, is doing and will do, draws us closer to him, just as in any relationship. With stories from his own experiences wrestling with this aspect of faith, Pickavance relates a compelling vision of how cultivating the intellect strengthens our Christian worldview, helps us gain freedom in Christ and enables us to love God with our whole being. Discussion questions at the end of each chapter make this a book to be fruitfully shared among fellow believers desiring a deeper faith, one of heart, soul, strength and mind.

Knowledge and Scientific and Religious Belief Paul Weingartner, 2018-09-10 The present book is a book on epistemology with the special and new focus on the relation of different types of knowledge and a differentiated comparison to both scientific and religious belief. The present book

distinguishes seven types of knowledge and compares them with both scientific and religious belief The usual view is that scientific and religious belief have nothing or not much in common Although there are important differences in contradistinction to this widespread view it is shown that there are also many similarities between them There are similarities concerning the reasons for belief with respect to the action of believing concerning a similar voluntary component or even concerning properties of the content of belief A detailed discussion of many types of knowledge and a differentiated comparison to scientific and religious belief is an important new contribution to the scientific literature in epistemology

Monstrous Fictions Carl J. Rasmussen, 2016-09-14 The Reformer John Calvin has influenced America in a formative way Calvin remains respected as a theologian to whose work intellectuals on both the right and left appeal In the nineteen nineties Evangelicals and Catholics Together ECT formed a politically influential ecumenical coalition to oppose abortion and change the culture Its ecumenism of the trenches influenced the administration of George W Bush and continues to influence religious elements in the Tea Party Evangelicals in the coalition presume to speak for Calvin This book provides a counter argument Calvin rejects the ethics advocated by ECT an ethics of individual virtue conscience and natural right Instead he affirms an ethics of obedience to the authority of secular government as an institution with a divinely ordained mandate This work considers the following themes in Calvin Calvin on Faith Modern and postmodern philosophical approaches including Reformed epistemology do not explain how Calvin understood faith Faith is divine activity Belief is human activity Faith is not a belief system or worldview on which to base a political theology The author provides four Augustinian theses about Calvin on faith Calvin on Sanctification Calvin rejected virtue ethics or an ethics of individual conscience His ethics require self denial and service An important requirement of his ethics is obedience to government The author provides three theses about Calvin on sanctification as a critique of attempts to revive virtue ethics Calvin on Natural Law Calvin s doctrine of natural law is one of the most vexed issues in Calvin studies The author provides five theses to clarify Calvin s doctrine of natural law For Calvin secular government transcends the authority of conscience and Christians in conscience are required to obey it In conclusion the author discusses Karl Barth s interpretation of Calvin and its relevance for the church struggle against the Third Reich Based on his analysis of Calvin he provides a defense of gay marriage and the right to terminate a pregnancy as well as an analysis of religious freedom Calvin would reject ECT s theology of virtue conscience and natural law But he would affirm its ecumenism as a possible path out of culture war

Knowledge And Christian Belief: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Knowledge And Christian Belief : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
