Lost in the Long Transition William L. Alexander, 2009-09-24 In *Lost in the Long Transition* a group of scholars who conducted fieldwork research in post dictatorship Chile during the transition to democracy critically examine the effects of the country's adherence to neoliberal economic development and social policies Shifting government responsibility for social services and public resources to the private sector reducing restrictions on foreign investment and promoting free trade and export production neoliberalism began during the Pinochet dictatorship and was adopted across Latin America in the 1980s With the return of civilian government the pursuit of justice and equity worked alongside a pact of compromise and an economic model that brought prosperity for some entrenched poverty for others and social consequences for all The authors who come from the disciplines of cultural anthropology history political science and geography focus their research perspectives on issues including privatization of water rights in arid lands tuberculosis and the public health crisis labor strikes and the changing role of unions the environmental and cultural impacts of export development initiatives on small scale fishing communities natural resource conservation in the private sector the political ecology of copper the fight for affordable housing homelessness and citizenship rights under the judicial system and the gender experiences of returned exiles In the years leading up to the global financial meltdown of 2008 many Latin American governments responding to inequities at home and attempting to pull themselves out of debt dependency moved away from the Chilean model This book examines the social costs of that model and the growing resistance to neoliberalism in Chile providing ethnographic details of the struggles of those excluded from its benefits This research offers a look at the lives of those whose stories may have otherwise been *Lost in the Long Transition*

Neoliberalism and Commodity Production in Mexico Thomas Weaver, James B. Greenberg, William L. Alexander, Anne Browning-Aiken, 2012-06-15 *Neoliberalism and Commodity Production in Mexico* details the impact of neoliberal practice on the production and exchange of basic resources in working class communities in Mexico Using anthropological investigations and a market driven approach contributors explain how uneven policies have undermined constitutional protections and working class interests since the Mexican Revolution of 1910 Detailed ethnographic fieldwork shows how foreign investment privatization deregulation and elimination of welfare benefits have devastated national industries and natural resources and threatened agriculture driving the campesinos and working class deeper into poverty Focusing on specific commodity chains and the

changes to production and marketing under neoliberalism the contributors highlight the detrimental impacts of policies by telling the stories of those most affected by these changes They detail the complex interplay of local and global forces from the politically mediated systems of demand found at the local level to the increasingly powerful municipal and state governments and the global trade and banking institutions Sharing a common theoretical perspective and method throughout the chapters Neoliberalism and Commodity Production in Mexico is a multi sided ethnography that makes a significant contribution to studies of neoliberal ideology in practice Intersectional Feminism in the Age of Transnationalism Rayssa E. Amador, Olga Bezhanova, 2021-02-17 Intersectional Feminism in the Age of Transnationalism Voices from the Margins explores the limitations of the transnationalist approach to feminism and questions the neoliberal emphasis on individual freedom and consumer choice as the central goals of feminist activism The contributions to the volume discuss such varied topics as fiction by Edwidge Danticat Judith Ortiz Cofer and Diamela Eltit visual art of Laura Aguilar and Maruja Mallo films directed by Lucrecia Martel a TV series based on a novel by Mar a Due as the art activism of Ani Ganzala and Zinha Franco and the philosophical thought of Gloria Anzald a All chapters proceed from the belief in the continued usefulness of intersectionality as a valuable category of critical analysis that is particularly necessary at the time when the effects of neoliberal globalization are undermining many familiar categories of critical inquiry **Industrial Relations After**

Pinochet Indira Palacios-Valladares, 2011 In recent decades many countries have implemented neoliberal reforms that have had adverse consequences for unions In Chile this process was particularly sweeping having occurred under the right wing dictatorship of General Augusto Pinochet Despite the transition to democracy in 1990 the labor relations system created by the Pinochet regime is still largely in place Although a number of works have assessed the conditions of unionism in post dictatorship Chile little attention has been paid to the firm level which is where most of the collective bargaining now takes place This book takes a qualitative approach to examining the dynamics of collective bargaining at the firm level in democratic Chile by investigating the causes of variation in the bargaining outcomes of fifty three unions in four firms in the banking manufacturing retail and telecommunications sectors It seeks to explain both variation in individual union bargaining outcomes within firms and aggregate differences in outcomes between firms The book also provides a systematic explanation of the decline of collective bargaining results among Chilean unions in general during the 1990s and early 2000s

The Human Right to Water in Latin America Anna Berti Suman, 2018-07-17 In *The Human Right to Water in Latin America* Anna Berti Suman investigates the development of the right to water and of water law in the Latin American context By examining the significance of Latin American constitutional evolution doctrine and jurisprudence the author illustrates the Latin American contribution in stimulating the social political and economic debate on the right to water regionally and worldwide Through an overview on the right to water in Latin American constitutions and of the main Latin American water management systems Suman argues that an analysis of the right to water has to take account of its application in specific contexts The intrinsic connection between the right to water and the role of the private sector is examined through topical insights into the highly privatized Chilean water services In the conclusion the relevance of the lessons learnt from the Latin American experience for the global debate on the right to water is convincingly proved

Surviving Dictatorship Jacqueline Adams, 2012 Written as a book for undergraduate students as well as scholars *Surviving Dictatorship* is a work of visual sociology and oral history and a case study that communicates the lived experience of poverty repression and resistance in an authoritarian society Pinochet e tm s Chile It focuses on shantytown women examining how they join groups to cope with exacerbated impoverishment and targeted repression and how this leads them into very varied forms of resistance aimed at self protection community building and mounting an offensive Drawing on a visual database of shantytown photographs art posters flyers and bulletins as well as on interviews photo elicitation and archival research the book is an example of how multiple methods might be successfully employed to examine dictatorship from the perspective of some of the least powerful members of society It is ideal for courses in social inequalities poverty race class gender political sociology global studies urban studies women e tm s studies human rights oral history and qualitative methods

For a Proper Home Edward Murphy, 2015-01-15 From 1967 to 1973 a period that culminated in the socialist project of Salvador Allende nearly 400 000 low income Chileans illegally seized parcels of land on the outskirts of Santiago Remarkably today almost all of these individuals live in homes with property titles As Edward Murphy shows this transformation came at a steep price through an often violent political and social struggle that continues to this day In analyzing the causes and consequences of this struggle Murphy reveals a crucial connection between homeownership and understandings of proper behavior and governance This link between property and propriety has been at the root of a powerful contested urban politics central to both social activism and urban development projects Through projects of reform revolution and reaction a right to housing and

homeownership has been a significant symbol of governmental benevolence and poverty reduction Under Pinochet's neoliberalism subsidized housing and slum eradication programs displaced many squatters while awarding them homes of their own This process in addition to ongoing forms of activism has permitted the vast majority of squatters to live in homes with property titles a momentous change of the past half century This triumph is tempered by the fact that today the urban poor struggle with high levels of unemployment and underemployment significant debt and a profoundly segregated and hostile urban landscape They also find it more difficult to mobilize than in the past and as homeowners they can no longer rally around the cause of housing rights Citing cultural theorists from Marx to Foucault Murphy directly links the importance of home ownership and property rights among Santiago's urban poor to definitions of Chilean citizenship and propriety He explores how the deeply embedded liberal belief system of individual property ownership has shaped political social and physical landscapes in the city His approach sheds light on the role that social movements and the gendered contours of home life have played in the making of citizenship It also illuminates processes through which squatters have received legally sanctioned homes of their own a phenomenon of critical importance in cities throughout much of Latin America and the Global South

Human Rights, Social Movements and Activism in Contemporary Latin American Cinema Mariana Cunha, Antônio Márcio da Silva, 2018-09-11 This edited collection explores how contemporary Latin American cinema has dealt with and represented issues of human rights moving beyond many of the recurring topics for Latin American films Through diverse interdisciplinary theoretical and methodological approaches and analyses of different audiovisual media from fictional and documentary films to digitally distributed activist films the contributions discuss the theme of human rights in cinema in connection to various topics and concepts Chapters in the volume explore the prison system state violence the Mexican dirty war the Chilean dictatorship debt transnational finance indigenous rights social movement urban occupation the right to housing intersectionality LGBTTT and women's rights in the context of a number of Latin American countries By so doing it assesses the long overdue relation between cinema and human rights in the region thus opening new avenues to aid the understanding of cinema's role in social transformation
