Schwann ,1989 **The Complete Directory of Large Print Books & Serials** ,1994 **American Book Publishing Record** ,2001 Romance on the Early Modern Stage Cyrus Mulready,2013-08-22 What is dramatic romance Scholars have long turned to Shakespeare s biography to answer this question marking his late plays as the beginning and end of the dramatic romance This book identifies an earlier history for this genre revealing how stage romances imaginatively expanded audience interest in England s emerging global economy **Jimmy** Jason Colavito,2024-11-19 A fresh and long overdue reassessment of James Dean examining his life and legacy as a queer man Although he died at a heartbreakingly young age and appeared in only a handful of movies James Dean revolutionized American manhood As a celebrity and icon he melded vulnerability with determination sensitivity with strength in a way that offered a bracing and for some threatening new vision of masculinity His massive influence and the fascination he has always inspired are inseparable from his identity as a queer man whose complex sexuality shattered the norms of midcentury American society When asked whether he was a homosexual he reportedly said I m certainly not going through life with one hand tied behind my back Today even though it is widely accepted that Dean was gay or bisexual the story of his life and personal character continue to be colored by the prejudices of an earlier era and the work of often unscrupulous biographers and journalists Drawing on exhaustive new research including more than four hundred previously secret pages of Dean s personal and business records Jimmy The Secret Life of James Dean is a revelatory reassessment of the man and his legacy Free from sensationalism but unafraid to confront the difficult facts of Dean s life it deploys modern insights into sexual diversity to transform our understanding of James Dean s story and the stories of boys and men like him Books in Print ,1994 **Forthcoming Books** Rose Arny,2001-06 Books in Print Supplement ,1994 **Contemporary Authors New Revision** Pamela Dear,2000 In response to the escalating need for up to date information on writers Contemporary Authors New Revision Series brings researchers the most recent data on the world s most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors entries For your convenience a soft cover cumulative index is sent biannually Potsdam, NY Potsdam Public Museum (Potsdam, N.Y.),2004 Red sandstone lumber paper cows and college students feature prominently in Potsdam With its selection of two hundred stunning photographs the book records aspects of life in Potsdam from the mid 1800s to the mid 1900s Located on the Racquette River between the St Lawrence River and the Adirondack Mountains the town is one often that were created in 1787 to promote settlement of New York State Education has played an important role in Potsdam since 1816 when St Lawrence Academy opened The success of the academy led to the establishment in 1866 of a normal school the forerunner of Potsdam College with its renowned Crane School of Music **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles **American Women Writing Fiction** Mickey Pearlman,2014-10-17 American

literature is no longer the refuge of the solitary hero. Like the society it mirrors, it is now a far richer, many-faceted explication of a complicated and diverse society racially, culturally, and ethnically interwoven and at the same time fractured and fractious. Ten women writing fiction in America today—Toni Cade Bambara, Joan Didion, Louise Erdrich, Gail Godwin, Mary Gordon, Alison Lurie, Joyce Carol Oates, Jayne Anne Phillips, Susan Fromberg Schaeffer, and Mary Lee Settle—represent that geographic, ethnic, and racial diversity that is distinctively American. Their differing perspectives on literature and the American experience have produced Erdrich's stolid North Dakota plainswomen, Didion's sun-baked dreamers and screamers, the urban ethnics, Irish, Jewish, and black, of Gordon, Schaeffer, and Bambara, Oates's small-town, often violent neurotics, Lurie's intellectual sophisticates, and the southern survivors and victims, male and female, of Phillips, Settle, and Godwin. The ten original essays in this collection focus on the traditional themes of identity, memory, family, and enclosure that pervade the fiction of these writers. The fictional women who emerge here, as these critics show, are often caught in the interwoven strands of memory, perceive literal and emotional space as entrapping, find identity elusive and frustrating, and experience the interweaving of silence, solitude, and family in complex patterns. Each essay in this collection is followed by bibliographies of works by and about the writer in question that will be invaluable resources for scholars and general readers alike. Here is a readable critical discussion of ten important contemporary novelists who have broadened the pages of American literature to reflect more clearly the people we are.

The Mark Twain Encyclopedia J. R. LeMaster, James Darrell Wilson, Christie Graves Hamric, 1993. A reference guide to the great American author, 1835–1910, for students and general readers. The approximately 740 entries, arranged alphabetically, are essentially a collection of articles ranging significantly in length and covering a variety of topics pertaining to Twain's life, intellectual milieu, literary career, and achievements. Because so much of Twain's writing reflects Samuel Clemens's personal experience, particular attention is given to the interface between art and life, i.e., between imaginative reconstructions and their factual sources of inspiration. Each entry is accompanied by a selective bibliography to guide readers to sources of additional information. Annotation copyright by Book News, Inc., Portland, OR.

Contemporary Authors Terrie M. Rooney, 1997–12. Your students and users will find biographical information on approximately 300 modern writers in this volume of *Contemporary Authors*. R.

Expirer Au Féminin Mary Jo Muratore, 2003. *Expirer au féminin* offers new perspectives on the complex relationship between neo-classical writers, their works, and the theoretical mandates imposed upon them. In this work, the author argues that a writer's conflicted attitude towards aesthetic conformity infiltrated the work itself. This conflict can be seen in the confrontation between a male hero eager to comply with ideological protocols and a dissenting heroine in violation of established regulations. It is to be expected, perhaps, that in the political context of seventeenth-century France, a heroine's refusal to embrace orthodox opinions would result inevitably in her death, dissolution, or excision from the text. What is unanticipated, however, is that writers would so often slant the reader's sympathy in the direction of the rebellious heroine and against the obedient hero. *Expirer au féminin* analyzes how the

heroine's ostensibly expedient death serves to further complicate the very situation it was intended to neutralize. Rendered essential by her presence but quintessential by her absence, the heroine in these canonical texts embodies the non-permissible vision, the unspeakable other, the essence of alteration or alternation or alienation that is often seen as the antithesis of neo-classical textuality. In the readings proposed, the heroine's rebelliousness reveals one of the most salient yet least noted characteristics of neo-classical textuality: it does not, will not, cannot conform. Beneath a surface of sameness and adherence, it proffers an unruly dismantling of codes, an untidy challenge to prescription, a poetically intoned ode to desobedience.
