Bookseller and Stationer ,1923 **Coleridge and Kantian Ideas in England, 1796-1817** Monika Class, 2013-03-14 Author of *Biographia Literaria* 1817 and *The Friend* 1809 10 1812 and 1818 Samuel Taylor Coleridge was the central figure in the British transmission of German idealism in the 19th century The advent of Immanuel Kant in Coleridge s thought is traditionally seen as the start of the poet s turn towards an internalized Romanticism Demonstrating that Coleridge s discovery of Kant came at an earlier point than has been previously recognized this book examines the historical roots of Coleridge s life long preoccupation with Kant over a period of 20 years from the first extant Kant entry until the publication of his autobiography Drawing on previously unpublished contemporary reviews of Kant and seeking socio political meaning outside the literary canon in the English radical circles of the 1790s Monika Class here establishes conceptual affinities between Coleridge s writings and that of Kant s earliest English mediators and in doing so revises Coleridge s allegedly non political and solitary response to Kant

Thunder and Love Stephen S. Smalley, 2013-01-24 The title *Thunder and Love* speaks of the passion and compassion of the writer of Revelation That exciting but sometimes perplexing New Testament document is the subject of Dr Smalley s fascinating study His book combines the depth of research required for the serious scholar of apocalyptic literature with many fresh insights and surprising conclusions for the inquiring reader We are given here not only a new appreciation of the text of Revelation and of the volatile community for which John wrote but also a sharp application of its message to the needs of our present spiritual social and political situation

Freedom and Possibility Prusak, Bernard P., 2023 God omnipotent in love has created freedom and possibility whereas hierarchical dominance within the church limits the role of baptized women and men The book considers the ongoing adventure of God acting through the randomness and chance of the evolutionary process

whereby matter became life and life became self conscious spirit with freedom God's creation of freedom has been pivotal in the theology of the younger Joseph Ratzinger and of Karl Rahner Edward Schillebeeckx and others Making room for human freedom involves thinking about God's patience defenselessness and vulnerability particularly as made clear in the humanity of Jesus By creating humans with their finite and free will God has voluntarily renounced power and control And as Walter Kasper has emphasized if the Church is to be a credible advocate for human rights and freedom in the world it must assess its own record and plan to integrate freedom into its internal structures **New-Church Messenger**, 1923 **Why**

Humans Fight Siniša Malešević, 2022-10-06 Malešević offers a novel sociological answer to the age old question Why do humans fight Instead of focusing on the motivations of solitary individuals he emphasises the centrality of the social and historical contexts that make fighting possible He argues that fighting is not an individual attribute but a social phenomenon shaped by one's relationships with other people Drawing on recent scholarship across a variety of academic disciplines as well as his own interviews with the former combatants Malešević shows that one's willingness to fight is a contextual phenomenon shaped by specific ideological and organisational logic This book explores the role biology psychology economics ideology and coercion play in one's experience of fighting emphasising the cultural and historical variability of combativeness By drawing from numerous historical and contemporary examples from all over the world Malešević demonstrates how social pugnacity is a relational and contextual phenomenon that possesses autonomous features
