Literature Anna Lorraine Guthrie,1904 An author subject index to selected general interest periodicals of reference value in libraries *The Oxford Handbook of Health Economics* Sherry Glied,Peter C. Smith,2013-05-23 The Oxford Handbook of Health Economics provides an accessible and authoritative guide to health economics intended for scholars and students in the field as well as those in adjacent disciplines including health policy and clinical medicine The chapters stress the direct impact of health economics reasoning on policy and practice offering readers an introduction to the potential reach of the discipline Contributions come from internationally recognized leaders in health economics and reflect the worldwide reach of the discipline Authoritative but non technical the chapters place great emphasis on the connections between theory and policy making and develop the contributions of health economics to problems arising in a variety of institutional contexts from primary care to the operations of health insurers The volume addresses policy concerns relevant to health systems in both developed and developing countries It takes a broad perspective with relevance to systems with single or multi payer health insurance arrangements and to those relying predominantly on user charges contributions are also included that focus both on medical care and on non medical factors that affect health Each chapter provides a succinct summary of the current state of economic thinking in a given area as well as the author s unique perspective on issues that remain open to debate The volume presents a view of health economics as a vibrant and continually advancing field highlighting ongoing challenges and pointing to new directions for further progress The Local Economy Solution Michael Shuman,2015-06-09 Reinventing economic development as if small business mattered In cities and towns across the nation economic development is at a crossroads A growing body of evidence has proven that its current cornerstone incentives to attract and retain large globally mobile businesses is a dead end Even those programs that focus on local business through buy local initiatives for example

depend on ongoing support from government or philanthropy The entire practice of economic development has become ineffective and unaffordable and is in need of a makeover The Local Economy Solution suggests an alternative approach in which states and cities nurture a new generation of special kinds of businesses that help local businesses grow These cutting edge companies which Shuman calls pollinator businesses are creating jobs and the conditions for future economic growth and doing so in self financing ways Pollinator businesses are especially important to communities that are struggling to lift themselves up in a period of economic austerity when municipal budgets are being slashed They also promote locally owned businesses that increase local self reliance and evince high labor and environmental standards The book includes nearly two dozen case studies of successful pollinator businesses that are creatively facilitating business and neighborhood improvements entrepreneurship local purchasing local investing and profitable business partnerships Examples include Main Street Genome which provides invaluable data to improve local business performance Supportland which is developing a powerful loyalty card for local businesses and Fledge a business accelerator that finances itself through royalty payments It also shows how the right kinds of public policy can encourage the spread of pollinator businesses at virtually no cost
