Peter Baumgarten,2020-11-23 The Seeker s Guide to Faith confronts and answers the thirteen principal arguments against God that are now advanced by modern secularist movement sometimes called New Atheism using the powerful insights and teachings of The Church of Jesus Christ of Latter day Saints There are many books written to encourage faith for people who

are experiencing doubts about God generally However this book is the only one of its kind by a Latter day Saint author that directly and specifically challenges all the main arguments against faith in God that are now aggressively asserted by the belligerent modern secular movement Its uniqueness is enhanced by the fact that the doctrines and teachings of The Church of Jesus Christ of Latter day Saints are used whenever applicable to effectively answer the challenges raised by this movement This author believes that the unique teachings and insights of the Church are better suited than those of any other faith for answering those challenges Furthermore the author s professional and volunteer activities have afforded him the opportunity to know and work with people of nearly all religious backgrounds in nearly all walks of life Recent experiences have led him to examine the reasons many apparently intelligent people reject faith His legal background and training have aided him in spotting and understanding the weaknesses and flaws of the logical underpinnings of atheism His Gospel upbringing as a member of The Church of Jesus Christ of Latter day Saints has helped him see through the fog of the dogma and arguments of atheism to the More Excellent Way afforded by the Gospel s plan of happiness He hopes The Seeker s Guide to Faith will help others who stand at the crossroads of their doubts to find their faith in Heavenly Father and His Son Jesus Christ
