Manuale di preparazione all'esame di abilitazione: beni culturali e ambientali, geografia, cultura locale, tecnica professionale, normativa** Giorgio Castoldi,2006 **Furnishing Fascism** Ignacio G. Galán,2025-05-16 The role of modernist interior design in the construction of Italian nationalism Along with the rise of Mussolini s fascist regime the interwar years in Italy also saw the widespread development of its modernist interior design and furnishing practices While the regime s politics were overtly manifest in monumental government architecture Furnishing Fascism examines the subtler yet effective role of household goods and decor in the cultivation of Italy s exclusionary sense of national identity Presenting a fresh look at the work of various architects and designers including iconic figures such as Gio Ponti and Carlo Enrico Rava Ignacio G Gal n explores how seemingly neutral products of everyday life contributed to the propagation of fascist ideology Through extensive promotion in popular magazines and department stores on the film sets of Cinecitt Studios and throughout the country s colonial territories Italy s modernist design practices were part of a larger political project that aimed to produce a totalizing image of cultural hegemony Interweaving design theory architectural history and media scholarship Furnishing Fascism reexamines the period s so called minor arts to reveal the political entanglement of modernism in early twentieth century Italy and offers valuable insight into the complications of cultural production under the auspices of authoritarian power Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions *Stella per stella.
