The Tao of Peace Diane Dreher, 1994-03 The Tao Te Ching has been treasured for thousands of years but the simplicity of its philosophy has led to problems for the Western mind This book casts new light on its elusive truths offering vision of how age old Taoist principles can be applied in the contemporary world **Walking the Tao** William Martin, 2016 William Martin is one of today's leading teachers of a modern and practical approach to living the principles of The Tao Te Ching His best selling books have ranged over such helpful topics as parenting relationships aging care giving forgiveness and activism Now he offers a new translation of The Tao Te Ching that has emerged from working with students around the world on a walk through the Tao As Martin says I have translated and interpreted the Tao Te Ching for thirty years and I never tire of exploring its fathomless depths Recently I guided a group of students from several different countries through an intensive email exploration of this classic book As part of that exploration titled Walking the Tao I wrote a new translation especially for these fellow travelers I wrote it from my current 2016 understanding and life situation and it emerged quickly and easily I meant it simply as a touch point for this small group of students However the feedback regarding this translation was so overwhelmingly positive that I have decided to incorporate it into a little e book The book contains his new translation along with a brief commentary and some suggestions for personal reflection after each verse He offers a study of the Tao that is neither an intellectual philosophical practice nor an esoteric spiritual discipline but simply a practical way of walking through life with awareness simplicity and contentment A healing message for a chaotic frenzied frightened world **The Tao of Peace** Diane Dreher, 1990 *The Tao Te Ching* 101
