A Woman's Guide to the Male Mind Sam Geraldo, 2011-01 England 2010 A Woman's Guide to the Male Mind is the indirect result of a blog that I wrote in 2005 How Do You Tell If a Guy Fancies You The article was so popular receiving more than 70 replies from women with lots more questions that I launched my web site www.seducemen.co.uk Since then most of the advice I've given in hundreds of published articles was based on my own experiences and those of my friends To

write the book however I adopted a more scientific approach I performed a significant amount of research into recent discoveries by anthropologists sociologists psychologists and biochemists on topics ranging from basic sexual attraction to personality type and male female communications strategies It s my belief therefore that A Woman s Guide to the Male Mind features the best of two worlds common sense opinions backed by solid empirical evidence I hope when you read this book it will give you an insight of how a man s mind works The aim of course is to help ladies like you understand men more and find the perfect guy in your life In the end you ll be the one to let me know whether the information worked for you or not Please feel free to contact me at www.seducemen.co.uk With Thanks to Peter Gerardo my American Editor My Very Best Sam
