

## 2.1 Economics

### Key Concepts

-  Supply and demand and cost-benefit analysis are two economic concepts that greatly contribute to decision-making.
-  All economies depend on the environment for resources and for management of wastes, but these connections are often overlooked.
-  A new trend in economics is the recognition that suppliers of goods and services need to consider how to conserve resources and reduce harm to the environment.

### What Is Economics?

*Match each type of economy with the statement that best describes it.*
