This book is about the role of lawyers in constructing a just society Its central objective is to provide a deeper understanding of the relationship between lawyers commercial aims and public aspirations Drawing on interdisciplinary and comparative perspectives it explores whether lawyers can transcend self interest to meaningfully contribute to systems of political accountability ethical advocacy and distributional fairness Its contributors some of the world's leading scholars of the legal profession offer evidence that although justice is possible it is never complete Ultimately how much and what type of justice prevails depends on how lawyers respond to and reshape the political and economic conditions in which they practise As the essays demonstrate the possibility of justice is diminished as lawyers pursue self regulation in the service of power it is enhanced when lawyers mobilize in the political arena workplace and law school to contest it *A Desktop Guide for Nonprofit Directors, Officers, and Advisors* Jack B. Siegel, 2006-05-11

How to keep any nonprofit out of trouble running smoothly and accomplishing its mission Jack Siegel lawyer accountant management consultant and computer whiz takes the putative director or officer of a nonprofit organization on a useful and often entertaining voyage throughout the realm of the tax exempt organizations universe pointing out its quirks foibles and legal liabilities along the way His handbook will make mandatory and arresting reading for those who are already serving as trustees directors officers and key employees of exempt organizations particularly charitable ones Siegel's goal in which he succeeds is to help directors and officers of nonprofit organizations make better decisions The book is full of large policy

analyses and paragraphs on the details such as board size board committees board meeting formats the contents of minutes and the duties of officers Salted with some excellent real life examples what also sets this book apart from most in its genre is the tone the writing style the brusqueness the bluntness He complains that too many directors check their good judgment at the boardroom door He advises individuals who desire agreement and demand adulation to stay off boards he insists on commitment and institutional tension with the executive director He warns prospective directors that some organizations want in addition to time and judgment either your money or your ability to raise money To my delight he extols the virtues of some level of expenditures for qualified lawyers and accountants Please join me in adding this most helpful handbook to your nonprofit library Bruce R Hopkins Attorney at Law author of *The Law of Tax Exempt Organizations Eighth Edition* and *Starting and Managing a Nonprofit Organization A Legal Guide Fourth Edition* , [The Nonprofit Legal Landscape](#)
