Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs *2004 Writer's Market Online* Kathryn Struckel Brogan, Robert Lee Brewer, 2003 This resource provides all the benefits of the Writer s Market book plus a yearlong subscription to an updated Web site with all the relevant information writers need Literature for Young Adults Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters Literature for Young Adults includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book s discussion of

literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.

Taking the Lead on Adolescent Literacy Judith Irvin, Julie Meltzer, Nancy Dean, Martha Jan Mickler, 2010-02-26 This rich resource walks middle and high school literacy leaders through a comprehensive process for conceptualizing, initiating, and most important, sustaining a schoolwide literacy learning program. The authors clearly know teachers and schools, and their reality-tested tools will prove invaluable in guiding and supporting middle and high school literacy leaders. Doug Buehl, Author Classroom Strategies for Interactive Learning A systemic and sustainable approach for improving adolescent literacy and learning. Taking the Lead on Adolescent Literacy provides educational leaders with a user-friendly and comprehensive planning process for developing a new literacy initiative or for dramatically enhancing a current plan that has the power not only to raise student performance levels but also to positively impact graduation rates, employability, and higher education success. Using a five-stage framework that has been field-tested nationwide for more than a decade, the authors provide an array of resources to guide in-depth planning, implementation, and monitoring to ensure sustained results, supported by examples from literacy-rich schools, checklists, and assessments, and a glossary of terms. Each stage in the process builds upon a school or district's existing capacities and focuses on six detailed rubrics that can be implemented at every stage to help ensure long-term success. Student motivation and engagement, Literacy across the content areas, Literacy interventions, Literacy-rich environment, policies and culture, Parent and community involvement, District support of school-based efforts, Helping educators build the critical skills in students for communicating and making meaning within an increasingly complex world: this book shows how a sustained focus on literacy can serve as a powerful lever for school improvement.

Libraries, Literacy, and African American Youth Sandra Hughes-Hassell, Pauletta Brown Bracy, Casey H. Rawson, 2016-10-31 This important book is a call to action for the library community to address the literacy and life outcome gaps impacting African American youth. It provides strategies that enable school and public librarians to transform their services, programs, and collections to be more responsive to the literacy strengths, experiences, and needs of African American youth. According to National Assessment of Educational Progress (NEAP), only 18 percent of African American fourth graders and 17 percent of African American eighth graders performed at or above proficiency in reading in 2013. This book draws on research from various academic fields to explore the issues surrounding African American literacy and to aid in developing culturally responsive school and library programs with the goal of helping to close the achievement gap and improve the quality of life for African American youth. The book merges the work of its three authors along with the findings of other researchers and practitioners, highlighting exemplary programs such as the award-winning Pearl Bailey Library Program, the Maker Jawn initiative at the Free Library of Philadelphia, and the Blue Ribbon Mentor Advocate writing institute in the Chapel Hill-Carrboro City Schools, among others.

Readers will understand how these culturally responsive programs put theory and research based best practices into local action and see how to adapt them to meet the needs of their communities
