Geographies of African American Short Fiction Kenton Rambsy,2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives The Geographies of African American Short Fiction seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations small towns a famous metropolis city sidewalks a rural wooded area apartment buildings a pond a general store a prison and more In the process these writers highlighted the extents to which places and spaces shaped or situated racial representations Presenting African American short story writers as cultural cartographers author Kenton Rambsy documents the variety of geographical references within their short stories

to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century Anthology editors solidified the significance of a core group of short story authors including James Baldwin Toni Cade Bambara Charles Chesnutt Ralph Ellison Zora Neale Hurston and Richard Wright Using quantitative information and an extensive literary dataset The Geographies of African American Short Fiction explores how editorial practices shaped the canon of African American short fiction *"Black People Are My Business"* Thabiti Lewis, 2020-09-08 Exploration of Bambara's practices of liberation that encourage resistance to oppression and solidarity *Black People Are My Business* Toni Cade Bambara's Practices of Liberation studies the works of Bambara 1939-1995 an author, documentary filmmaker, social activist, and professor Thabiti Lewis's analysis serves as a cultural biography examining the liberation impulses in Bambara's writing which is concerned with practices that advance the material value of the African American experience and exploring the introspection between artist production and social justice This is the first monograph that focuses on Bambara's unique approach and important literary contribution to 1970s and 1980s African American literature It explores her unique nationalist, feminist, Marxist, and spiritualist ethos which cleared space for many innovations found in black women's fiction Divided into five chapters Lewis's study relies on Bambara's voice from interviews and essays to craft a spiritual wholeness, aesthetic, a set of principles that comes out of her practices of liberation and entail family, faith, feeling, and freedom that reveals her ability to interweave ethnic identity, politics, and community engagement and responsibility with the impetus of balancing black male and female identity influences and interactions within and outside the community One key feature of Bambara's work is the concentration on women as cultural workers whereby her notion of spiritual wholeness upends what has become a scholarly distinction between feminism and black nationalism Bambara's fiction situates her as a pivotal voice within the Black Arts Movement and contemporary African American literature Bambara is an understudied and important artistic voice whose aversion to playing it safe both personified and challenged the boundaries of black nationalism and feminism *Black People Are My Business* is a wonderful addition to any reader's list especially those interested in African American literary and cultural studies *A Joyous Revolt* Linda Janet Holmes, 2014-05-12 At long last a book-length biography celebrates Toni Cade Bambara, a seminal literary, cultural, and political figure who was among the most widely read and frequently reviewed of the well-regarded black women writers to emerge in the 1970s *A Joyous Revolt: Toni Cade Bambara, Writer and Activist* is the first ever full-length biography of a trailblazing artist who championed black women in her fiction as well as in her life This incisive study provides a comprehensive treatment of Bambara's published and unpublished works and it also documents her emerging vision of her role as an agent of change The biography allows readers into the personal life of Bambara, offering personal insights into a woman with a strong public persona and friendships with other celebrated artists of her era Perhaps most important for

those seeking to understand and appreciate Bambara's legacy it connects her oeuvre to the context of her experience and places all of her wide ranging creative work in the context of her singular vision

Routledge Library Editions: Feminist Theory Various, 2021-04-28 Routledge Library Editions Feminist Theory brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from *The Liberation of Women* to *Feminists and State Welfare* from *Married to the Job* to *Julia Kristeva* this set provides in one place a wealth of important reference sources from the diverse field of gender studies **Feminist Criticism and Social Change** Deborah Rosenfelt, Judith Newton, 2013 This lively and controversial collection of essays sets out to theorize and practice a materialist feminist criticism of literature and culture Such a criticism is based on the view that the material conditions in which men and women live are central to an understanding of culture and society It emphasises

the relation of gender to other categories of analysis such as class and race and considers the connection between ideology and cultural practice and the ways in which all relations of power change with changing social and economic conditions By presenting a wide range of work by major feminist scholars this anthology in effect defines as well as illustrates the materialist feminist tendency in current literary criticism The essays in the first part of the book examine race ideology and the literary canon and explore the ways in which other critical discourse such as those of deconstruction and French feminism might be useful to a feminist and materialist criticism The second part of the book contains examples of such criticism in practice with studies of individual works writers and ideas An introduction by the editors situates the collected essays in relation both to one another and to a shared materialist feminist project *Feminist Criticism and Social Change* demonstrates the important contribution of materialist feminist criticism to our understanding of literature and society and fulfils a crucial need among those concerned with gender and its relation to criticism *The Importance of Place in Contemporary Italian Crime Fiction* Barbara Pezzotti, 2012-09-20 By taking as its point of departure the privileged relationship between the crime novel and its setting this book is the most wide ranging examination of the way in which Italian detective fiction in the last twenty years has become a means to articulate the changes in the social landscape of the country Nowadays there is a general acknowledgment of the importance of place in Italian crime novels However apart from a limited scholarship on single cities the genre has never been systematically studied in a way that so comprehensively spans Italian national boundaries The originality of this volume also lies in the fact that the author have not limited her investigation to a series of cities but rather she has considered the different forms of social landscape in which Italian crime novels are set Through the analysis of the way in which cities the urban sprawl and islands are represented in the serial novels of eleven of the most important contemporary crime writers in Italy of the 1990s Pezzotti articulates the different ways in which individual authors appropriate the structures and tropes of the genre to reflect the social transformations and dysfunctions of contemporary Italy In so doing this volume also makes a case for the genre as an instrument of social critique and analysis of a still elusive Italian national identity thus bringing further evidence in support of the thesis that in Italy detective fiction has come to play the role of the new social novel
