A Research Guide to Gothic Literature in English Sherri L. Brown, Carol Senf, Ellen J. Stockstill, 2018-03-15 The Gothic began as a designation for barbarian tribes, was associated with the cathedrals of the High Middle Ages, was used to describe a marginalized literature in the late eighteenth century and continues today in a variety of forms: literature, film, graphic novel, video games and other narrative and artistic forms. Unlike other recent books in the field that focus on certain aspects of the Gothic, this work directs researchers to seminal and significant resources on all of its aspects. Annotations will help researchers determine what materials best suit

their needs A Research Guide to Gothic Literature in English covers Gothic cultural artifacts such as literature film graphic novels and videogames This authoritative guide equips researchers with valuable recent information about noteworthy resources that they can use to study the Gothic effectively and thoroughly *Encountering Difference: New Perspectives on Genre, Travel and Gender* Gigi Adair, Lenka Filipova, 2020-03-03 This edited collection poses crucial questions about the relationship between gender and genre in travel writing asking how gender shapes formal and thematic approaches to the various generic forms employed to represent and recreate travel While the question of the genre of travel writing has often been debated is it a genre a hybrid genre a sub genre of autobiography and recent years have been much attention to travel writing and gender these have rarely been combined This book sheds light on how the gendered nature of writing and reading about travel affect the genre choices and strategies of writers as well as the way in which travel writing is received It reconsiders traditional and frequently studied forms of travel writing both European and non European In addition it pursues questions about the connections between travel writing and other genres such as the novel and films minor forms including journalism and blogging and new sub genres such as the new nature writing focusing in particular on the political ramifications of genre in travel writing The collection is international in focus with discussions of works by authors from Europe Asia Australia and both North and South America consequently it will be of great interest to scholars and historians in those regions *Hauntology* Paul McGuinness, Alex Simpson, Tea Fredriksson, Michael Fiddler, 2025-10-29 In response to the recent spectral turn within criminology this book presents for the first time a concise comprehensive approachable and critically engaged guide to hauntology for criminological researchers and graduate students Hauntology is in essence a mode of analysing the repressions absences and lacks that shape our social world The book outlines how criminological researchers may welcome hauntings into their work to escape the ontological tethers of administrative criminology and to reveal the importance of absence in their work Specifically the book is structured around key criminological themes from prisons to the environment and examines how the lens of haunting helps unlock new critical enquiry by revealing the voices that are all too often buried In doing so it presents an examination of how hauntological concepts can be read criminologically as well as addressing how they can be used to expand criminological imagination Throughout the book we use hauntology to amplify the significance of justice within criminology as an intellectual and ethical endeavour We argue that a spectral attitude bolsters our ability to do justice to our research our questions our participants our subjects our objects and what counts as criminological knowledge The book is guided by the following objectives To introduce the importance of hauntology for encountering the spectres repressed within criminological knowledge and research To outline the key concepts of hauntology to offer new critical insight into their application across the field of criminology To examine the multiple ways hauntology stretches the ontological and epistemological foundations of criminological research To produce an approachable comprehensive and theoretically driven compendium that both motivates and guides current and

future research across all areas of criminology

Hauntology An Introduction for Criminologists is a guide for criminologists that is designed to for the first time help direct future hauntological research and enhanced learning capacity across the discipline of criminology **Haunting Prison** Tea Fredriksson,2023-04-27 Through a study of ten commercially published prison autobiographies *Haunting Prison* Exploring the Prison as an Abject and Uncanny Institution unveils how prison is narrativized and socially represented as an abject and uncanny institution shedding new light on what prison is and does in Western carceral imaginations *Gothic Literature* Susan Chaplin,2011 This title presents an exploration of Gothic literature from its origins in Horace Walpole s 1764 classic *The Castle of Otranto* through Romantic and Victorian Gothic to modernist and postmodernist takes on the form *The Cambridge Companion to Gothic Fiction* Jerrold E. Hogle,2002-08-29 Gothic as a form of fiction making has played a major role in Western culture since the late eighteenth century Here fourteen world class experts on the Gothic provide thorough and revealing accounts of this haunting to horrifying type of fiction from the 1760s the decade of *The Castle of Otranto* the first so called Gothic story to the end of the twentieth century an era haunted by filmed and computerized Gothic simulations Along the way these essays explore the connections of Gothic fictions to political and industrial revolutions the realistic novel the theatre Romantic and post Romantic poetry nationalism and racism from Europe to America colonized and post colonial populations the rise of film and other visual technologies the struggles between high and popular culture changing psychological attitudes towards human identity gender and sexuality and the obscure lines between life and death sanity and madness The volume also includes a chronology and guides to further reading **The Routledge Research Companion to Law and Humanities in Nineteenth-Century America** Nan Goodman,Simon Stern,2017-05-12 Nineteenth century America witnessed some of the most important and fruitful areas of intersection between the law and humanities as people began to realize that the law formerly confined to courts and lawyers might also find expression in a variety of ostensibly non legal areas such as painting poetry fiction and sculpture Bringing together leading researchers from law schools and humanities departments this Companion touches on regulatory statutory and common law in nineteenth century America and encompasses judges lawyers legislators litigants and the institutions they inhabited courts firms prisons It will serve as a reference for specific information on a variety of law and humanities related topics as well as a guide to understanding how the two disciplines developed in tandem in the long nineteenth century *A Companion to American Gothic* Charles L. Crow,2013-09-10 *A Companion to American Gothic* features a collection of original essays that explore America s gothic literary tradition The largest collection of essays in the field of American Gothic Contributions from a wide variety of scholars from around the world The most complete coverage of theory major authors popular culture and non print media available **South African Gothic** Rebecca Duncan,2018-06-15 The term Gothic has rarely been brought to bear on contemporary South African fictions appearing too fanciful for the often overtly political writing of apartheid and post apartheid South Africa As the first book length exploration of Gothic impulses

in South African literature this volume accounts for the Gothic currents that run through South African imaginaries from the late nineteenth century onwards South African Gothic identifies an intensification in Gothic production that begins with the nascent decline of the apartheid state and relates this to real anxieties that arise with the unfolding of social and political change In the context of a South Africa unmaking and reshaping itself Gothic emerges as a language for long suppressed histories of violence and for ongoing experiences at odds with utopian images of the new democracy Its function is interrogative and ultimately creative South African Gothic challenges narrow conceptions of the status quo to drive at alternative less exclusionary visions
